Jim Collins Built To Last:

Built to Last James Charles Collins, Jerry I. Porras, 1998 **Jim Collins' Built to Last** Ant Hive Media, 2016-04-17 This is a Summary of Jim Collins and Jerry Porras Built To Last Successful Habits of Visionary Companies Drawing upon a six year research project at the Stanford University Graduate School of Business James C Collins and Jerry I Porras took eighteen truly exceptional and long lasting companies and studied each in direct comparison to one of its top competitors They examined the companies from their very beginnings to the present day as start ups as midsize companies and as large corporations Throughout the authors asked What makes the truly exceptional companies different from the comparison companies and what were the common practices these enduringly great companies followed throughout their history Organized into a coherent framework of practical concepts that can be applied by managers and entrepreneurs at all levels Built to Last provides a master blueprint for building organizations that will prosper long into the 21st century and beyond Available in a variety of formats this summary is aimed for those who want to capture the gist of the book but don t have the current time to devour all 368 pages You get the main summary along with all of the benefits and lessons the actual book has to offer This is a summary that is not intended to be used without reference to the original book **Built to Last** Jim Collins, Jerry I. Porras, 2011-08-30 This is not a book about charismatic visionary leaders It is not about visionary product concepts or visionary products or visionary market insights Nor is it about just having a corporate vision This is a book about something far more important enduring and substantial This is a book about visionary companies So write Jim Collins and Jerry Porras in this groundbreaking book that shatters myths provides new insights and gives practical guidance to those who would like to build landmark companies that stand the test of time Drawing upon a six year research project at the Stanford University Graduate School of Business Collins and Porras took eighteen truly exceptional and long lasting companies they have an average age of nearly one hundred years and have outperformed the general stock market by a factor of fifteen since 1926 and studied each company in direct comparison to one of its top competitors They examined the companies from their very beginnings to the present day as start ups as midsize companies and as large corporations Throughout the authors asked What makes the truly exceptional companies different from other companies What separates General Electric 3M Merck Wal Mart Hewlett Packard Walt Disney and Philip Morris from their rivals How for example did Procter Gamble which began life substantially behind rival Colgate eventually prevail as the premier institution in its industry How was Motorola able to move from a humble battery repair business into integrated circuits and cellular communications while Zenith never became dominant in anything other than TVs How did Boeing unseat McDonnell Douglas as the world s best commercial aircraft company what did Boeing have that McDonnell Douglas lacked By answering such questions Collins and Porras go beyond the incessant barrage of management buzzwords and fads of the day to discover timeless qualities that have consistently distinguished out standing companies They also provide inspiration to all executives and entrepreneurs by

destroying the false but widely accepted idea that only charismatic visionary leaders can build visionary companies Filled with hundreds of specific examples and organized into a coherent framework of practical concepts that can be applied by managers and entrepreneurs at all levels Built to Last provides a master blueprint for building organizations that will prosper long into the twenty first century and beyond [Summary - Built to Last](#) Quicksummary,2017-08-04 Built to Last A Complete Summary Built to Last is a book written by Jim Collins The book is about how to create a viable and successful company organization that will grow and prosper with time Being successful and prosperous is the most impressive achievement in the business world The best and most successful companies in history are those that have vision or as the authors call them visionary companies Visionary companies are the best companies in every field of business These companies have an excellent reputation of being highly successful with the best products and services available Moreover visionary companies will prosper over time This will be seen through their products and their leaders This book is about how to create a highly successful company a company that is built to last Using many real life examples of some of the most successful companies in the world such as 3M Ford IBM HP and Wal Mart the authors describe what it truly takes to make a company built to last Moreover the authors also describe what it takes for a leader to have vision that will lead both him and his company forward Here Is A Preview of What You Will Get A summarized version of the book You will find the book analyzed to further strengthen your knowledge Fun multiple choice quizzes along with answers to help you learn about the book Get a copy and learn everything about Built to Last [SUMMARY: Jim Collins Built to Last Summary](#) Collins Publishers, Frank Collins,2017-12-06 This is a summary of Jim Collins and Jerry Porras book Built to Last Here you will learn about the six years studying exceptional companies visionary companies to see what accounts for their success What are visionary companies They are the premier organizations in their field firms that have a long record of having an impact on the world Ford Sony Procter Gamble Merck Motorola Johnson Johnson These are companies that have distinguished themselves as a special and elite breed of institution And with an average founding date of 1897 and stock return performance of fifteen times the general market since 1926 they are companies that have stood the test of time Don t have time to read the whole book then this Summary is for you [Summary of Jim Collins's Built to Last by Milkyway Media](#) Milkyway Media,2019-11-12 A great product A charismatic leader An exact plan To many entrepreneurs all three are prerequisites to building a successful lasting company Purchase this in depth summary to learn more **Built to Last** Collins/Porras,James Charles Collins,Jerry I. Porras,1995 [Built to Last Intl](#) James C Collins,2002 **Business Greatest Hits** Kevin Duncan,2010-09-01 Part of the Greatest Hits series Business Greatest Hits by Kevin Duncan is an essential business resource that utilizes an effective and time efficient approach to mastering the best ideas of modern business and staying up to date on topics most widely discussed by upper management The first ten chapters of the book give in depth examination of critical topics in business That is followed by quick summaries of the most talked about and thought

Guide to Management Ideas and Gurus Tim Hindle,2008-09-01 Good management is a precious commodity in the corporate world Guide to Management Ideas and Gurus is a straight forward manual on the most innovative management ideas and the management gurus who developed them The earlier edition Guide to Management Ideas presented the most significant ideas that continue to underpin business management This new book builds on those ideas and adds detailed biographies of the people who came up with them the most influential business thinkers of the past and present Topics covered include Active Inertia Disruptive Technology Genchi Genbutsu Japanese for Go and See for Yourself The Halo Effect The Long Tail Skunkworks Tipping Point Triple Bottom Line and more The management gurus covered include Dale Carnegie Jim Collins Stephen Covey Peter Drucker Philip Kotler Michael Porter Tom Peters and many others

Innovation and Entrepreneurship Ralph F. Brueggemann,Charles H. Matthews,2015-03-12 This book presents a new model the competency framework for students innovators entrepreneurs managers and anyone who wants to better understand the dynamic world of innovation and entrepreneurship Focused on both the individual and strategic organizational level this book is about people and the competencies each person needs to learn to be successful in creating a more dynamic future Matthews and Brueggemann s framework for innovation and entrepreneurship competencies empowers individuals to excel at innovation and new venture creation It provides a practical guide and clear and concise understanding of the knowledge skills attitudes and experiences that are needed to increase imagination creativity innovation and new venture creation capability Innovation and Entrepreneurship will be attractive for students of entrepreneurship innovation management and cross disciplinary classes such as design thinking Presented in a modular format Innovation Entrepreneurship informs the future direction of people and technology as well as the educational systems producing the next generation of innovators and entrepreneurs Based on extensive academic research this book is organized into two sections Twelve innovation elements and twelve competency categories The elements are the foundation

and the competency categories are the building blocks that inform our path toward a more precise understanding of how innovation and entrepreneurship plays an important role in economic development and our daily lives [The Gentle Art of Leadership](#) Brian Donovan, Dean Phelan, 2024-11-12 What makes leaders great The writing is on the wall Quantitative and qualitative research indicate they consistently practise a Gentle Art of Leadership Firsthand analyses of more than six thousand 360o feedback reports Over 50 one on one interviews with Leaders Reflections on hundreds of Executive Coaching sessions Review of over 160 books and articles on leadership Our own experiences as CEOs A compelling guide and handbook for anyone in a leadership role This Gentle Art of Leadership cuts against the grain of the often held view that great leaders CEOs and team coaches are charismatic extroverted forceful characters with powerful egos and that we need such big personalities to transform our companies organisations sporting teams and nations Sometimes this view proves to be true and we remember such characters But more often the greatest leaders who leave the greatest legacies have a powerful mixture of personal humility integrity and indomitable will for forwarding the health success and long term prosperity of their organisation and people They seem to get the best out of others by genuinely treating them with dignity and respect whilst focused on strategic outcomes

Reinventing Foreign Aid William R. Easterly, 2008-05-09 Top experts in the field discuss how to improve the effectiveness of foreign aid proposing practical solutions to specific problems rather than a utopian master plan The urgency of reducing poverty in the developing world has been the subject of a public campaign by such unlikely policy experts as George Clooney Alicia Keyes Elton John Angelina Jolie and Bono And yet accompanying the call for more foreign aid is an almost universal discontent with the effectiveness of the existing aid system In Reinventing Foreign Aid development expert William Easterly has gathered top scholars in the field to discuss how to improve foreign aid These authors Easterly points out are not claiming that their ideas will to invoke a current slogan Make Poverty History Rather they take on specific problems and propose some hard headed solutions Easterly himself in an expansive and impassioned introductory chapter makes a case for the searchers who explore solutions by trial and error and learn from feedback over the planners who throw an endless supply of resources at a big goal as the most likely to reduce poverty Other writers look at scientific evaluation of aid projects including randomized trials and describe projects found to be cost effective including vaccine delivery and HIV education consider how to deal with the government of the recipient state work through it or bypass a possibly dysfunctional government examine the roles of the International Monetary Fund a de facto aid provider and the World Bank and analyze some new and innovative proposals for distributing aid Contributors Abhijit Banerjee Nancy Birdsall Craig Burnside Esther Duflo Domenico Fanizza William Easterly Ruimin He Kurt Hoffman Stephen Knack Michael Kremer Mari Kuraiishi Ruth Levine Bertin Martens John McMillan Edward Miguel Jonathan Morduch Todd Moss Gunilla Pettersson Lant Pritchett Steven Radelet Aminur Rahman Ritva Reinikka Jakob Svensson Nicolas van de Walle James Vreeland Dennis Whittle Michael Woolcock

Beyond Strategy Michael Moesgaard Andersen, Flemming

Poulfelt,2014-05-23 Why is it that some companies turn out to be more successful when doing the opposite of what is prescribed in many of the current books on management and strategy Interestingly many of the companies depicted as very successful companies in the standard literature end up not faring well over time probably because they somehow end up in a dangerous autopilot mode What this suggests is that the conventional literature cookbook isn t telling us the whole story Even if companies have temporarily developed from an ugly duckling to a white swan the popular recipes for success may be clipping such companies wings Conversely companies adhering to disruptive business models are seen to be more agile and to possess a higher degree of actionability Such next generation companies are labeled black swans They thrive because they are bold and embrace the great unknowns of tomorrow with open minds and eyes At the same time they are able to take advantage of incumbents fears risk aversion and blindness to what s coming Beyond Strategy delves into the inner workings of such black swans as Apple Aravind Emirates Huawei Natura Ryanair and Tata and addresses the rise and fall of Nokia The authors provide explosive evidence of black swan companies working against the norms to enter uncharted waters determined not to adhere to the best practice of others but rather to create a genuine next generation practice Next generation companies and their underlying philosophies are here to stay are you [Business](#) [How to Lead and Still Have a Life](#) H. Dale Burke, *Learn to Transform* David Crossley,Graham Corbyn,2010-09-02 Learn To Transform is a masterpiece of school improvement literature Authors David Crossley and Graham Corbyn provide theory that is customized to fit a wide variety of particular school settings vignettes that bristle with the messy on the ground realities of schools in challenging circumstances and proven strategies for success Dennis Shirley Professor of Education at the Lynch School of Education Boston College USA This is the book for our times It properly encapsulates what we all now know to be true the most effective and sustainable way for schools to improve is to work powerfully in partnership with each other The great thing about this book is it shows how this actually happens how any school can do it and how great achievement is possible for every one of our students Stephen Munday Executive Principal Comberton Village College Cambridge UK This book adds immensely to our understanding of school improvement and is essential reading for all school leaders and teachers In presenting a philosophy style and distinctive approach to school improvement and transformation a fine balance is struck between theory and practice Alan Yellup Headteacher Wakefield City High School Wakefield UK A timely and important book For those committed to changing schools and school systems for the better it provides a clear framework and a robust model of change It also signals that transforming schools and school systems is within our reach and that securing better outcomes for all young people in all contexts is a real possibility Alma Harris Professor and Pro Director Leadership Institute of Education University of London UK This second edition tests trials and takes forward the original model with case studies of successful transformation in a range of different contexts Transformation can be realisable attainable and sustainable this book offers a framework for you to engage confidently with the transformation agenda and provides a range of examples to

encourage and support you in creating your own transformation journey Leadership Development in Practice Kevin Flinn,2023-10-31 In an unpredictable world how do we go about supporting leaders to develop more democratic and inclusive ways of working and living The second edition of Leadership Development in Practice A Complexity Approach draws on autoethnographic accounts of experience from practitioners across three continents to explore the leadership development approaches that best support managers to work with uncertainty by taking their experience seriously It offers an alternative perspective on leadership and organisation for business schools consultancies and corporate training functions to adopt in their development of leaders Additions to this second edition include as follows A new chapter on creating large group dialogue A more explicit emphasis on what it means to take gender diversity and social justice seriously A review of the burgeoning interest in complexity perspectives on leadership and leadership development since publication of the first edition This book is essential reading for leadership and organisational development professionals researchers and students It will also be of interest to managers looking for an approach to leadership development that works with how things are rather than with idealisations of how things ought to be **Coach Me! Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Jim Collins Built To Last eBooks, including some popular titles.

FAQs About Jim Collins Built To Last Books

What is a Jim Collins Built To Last PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Jim Collins Built To Last PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Jim Collins Built To Last PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Jim Collins Built To Last PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Jim Collins Built To Last PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
