Johannes Tauler Sermons Classics Of Western Spirituality:

Johannes Tauler Johannes Tauler,1985 One of the most influential German mystical writers of the 14th century Johannes Tauler c 1300 1361 spent his life as a mendicant preacher in the Order of Preachers These selected sermons show Tauler s emphasis on the via negativa together with his insistence on the importance of cataphatic mysticism and the merits of an active life *Sermons* Johannes Tauler,1985 **The Spiritual Way** Philip Sheldrake,2019-09-06 In *The Spiritual Way* Classic Traditions and Contemporary Practice Philip Sheldrake aims to make the wisdom of Christian spirituality better known to contemporary readers After an introductory chapter on the foundations of Christian spirituality Sheldrake describes its diverse riches through the centuries in terms of five distinctive types of Christian spiritual wisdom illustrated by a rich selection of classical examples The five types are The Way of Discipline The Contemplative Mystical Way The Way of Practical Action The Way of Beauty and The Prophetic Way This book also briefly explores the contemporary interest in spirituality within and beyond conventional religion and suggests how we might engage with these five types on our spiritual journeys in today s world **The Reading and Preaching of the Scriptures in the Worship of the Christian Church:**

The medieval church Hughes Oliphant Old,1998 *The Reading and Preaching of the Scriptures in the Worship of the Christian Church* is a multivolume study by Hughes Oliphant Old that canvasses the history of preaching from the words of Moses at Mount Sinai through modern times In Volume 1 *The Biblical Period* Old begins his survey by discussing the roots of the Christian ministry of the Word in the worship of Israel He then examines the preaching of Christ and the Apostles Finally Old looks at the development and practice of Christian preaching in the second and third centuries concluding with the ministry of Origen **The Arnhem Mystical Sermons** Ineke Cornet,2018-12-06 In this book on *The Arnhem mystical sermons* Ineke Cornet offers the first in depth study of the mystical and theological content of this sixteenth century sermon collection from St Agnes in Arnhem *The Rhineland Mystics* Oliver Davies,2016-06-02 The work of the great Rhineland mystics of the fourteenth century speaks to the modern reader with astonishing directness and clarity In their emphasis on the personal inward experience of God and their questioning of the formal ritualistic side of religion Meister Eckhart Johannes Tauler and Jan van Ruusbroec appear almost as contemporaries This impression is heightened by vivid new translations by Oliver Davies who also sets the Rhineland mystics in their historical and cultural context and examines why we seem to have a special sensitivity to their voice in spite of a gap of over six hundred years **The Company of the**

Preachers David L. Larsen,1998-09-01 This work by a veteran pastor and professor of homiletics looks at the history of preaching from its roots in the Old Testament prophets to its continuing development in the modern era **The Unity of Mystical Traditions** Randall Studstill,2018-08-14 This book argues that mystical doctrines and practices initiate parallel transformative processes in the consciousness of mystics This thesis is supported through a comparative analysis of Tibetan Buddhist Dzogchen rdzogs chen and the medieval German mysticism of Eckhart Suso and Tauler These traditions are

interpreted using a system cybernetic model of consciousness This model provides a theoretical framework for assessing the cognitive effects of mystical doctrines and practices and showing how different doctrines and practices may nevertheless initiate common transformative processes This systems approach contributes to current philosophical discourse on mysticism by 1 making possible a precise analysis of the cognitive effects of mystical doctrines and practices and 2 reconciling mystical heterogeneity with the essential unity of mystical traditions

Fire of Love Donald J. OP. Goergen,2004 **The Cross and Salvation (Hardcover)** Bruce Demarest,2006-08-01 With America s confidence in the Bible at an all time low and the strength of her spiritual convictions waning it is essential for Christians especially Christian leaders to be well grounded in biblical theology To have a clear and comprehensive understanding of the key doctrines of evangelicalism In response professor and award winning author Bruce Demarest has made plain God s glorious plan of salvation his provision for the human dilemma through Christ s work on the cross and the application of saving grace to unbelievers Demarest s unique approach defines each topic identifies its most pressing issues examines the ways in which the doctrine has been understood historically and interprets the Bible s revelation The result is a clear and carefully constructed doctrinal statement that you can defend live out and communicate to others This singular comprehensive treatment of one of Christianity s essential doctrines gives definitive Bible based answers about salvation and the cross and about related theological issues such as grace and regeneration It s perfect for clarifying your theology and gaining deep understanding of this foundational theme Part of the Foundations of Evangelical Theology series *The Encyclopedia of Christian Literature* George Thomas Kurian,James D. Smith III,2010-04-16 The written word is one of the defining elements of Christian experience As vigorous in the 1st century as it is in the 21st Christian literature has had a significant function in history and teachers and students need to be reminded of this powerful literary legacy Covering 2 000 years The Encyclopedia of Christian Literature is the first encyclopedia devoted to Christian writers and books In addition to an overview of the Christian literature this two volume set also includes 40 essays on the principal genres of Christian literature and more than 400 bio bibliographical essays describing the principal writers and their works These essays examine the evolution of Christian thought as reflected in the literature of every age The companion volume also features bibliographies an index a timeline of Christian Literature and a list of the greatest Christian authors The encyclopedia will appeal not only to scholars and Christian evangelicals but students and teachers in seminaries and theological schools as well as to the growing body of Christian readers and bibliophiles

Mystical Anthropology John Arblaster,Rob Faesen,2016-11-10 The question of the structure of the human person is central to many mystical authors in the Christian tradition This book focuses on the specific anthropology of a series of key authors in the mystical tradition in the medieval and early modern Low Countries Their view is fundamentally different from the anthropology that has commonly been accepted since the rise of Modernity This book explores the most important mystical authors and texts from the Low Countries including William of Saint Thierry Hadewijch Pseudo Hadewijch

John of Ruusbroec Jan van Leeuwen Hendrik Herp and the Arnhem Mystical Sermons The most important aspects of mystical anthropology are discussed the spiritual nature of the soul the inner most being of the soul the faculties the senses and crucial metaphors which were used to explain the relationship of God and the human person Two contributions explicitly connect the anthropology of the mystics to contemporary thought This book offers a solid and yet accessible overview for those interested in theology philosophy history and medieval literature Complete Works Angela (of Foligno),1993 Angela of Foligno c 1248 1309 is one of the most outstanding representatives of the Franciscan and Christian mystical tradition Her Book published here in English for the first time describes her passionate love affair with the suffering God man and her teachings in the form of letters and exhortations to her spiritual progeny *Power, Gender and Christian Mysticism* Grace Jantzen,1995-11-16 In the western Christian tradition the mystic was seen as having direct access to God and therefore great authority In this study Dr Jantzen discusses how men of power defined and controlled who should count as a mystic and thus who would have power women were pointedly excluded This makes her book of special interest to those in gender studies and medieval history Its main argument however is philosophical Because the mystical has gone through many social constructions the modern philosophical assumption that mysticism is essentially about intense subjective experiences is misguided This view is historically inaccurate and perpetuates the same gendered struggle for authority which characterises the history of western christendom This book is the first on the subject to take issues of gender seriously and to use these as a point of entry for a deconstructive approach to Christian mysticism Medieval German Literature Marion Gibbs,Sidney M. Johnson,2002-09-11 This comprehensive survey examines Germanic literature from the eighth century to the early fifteenth century The authors treat the large body of late medieval lyric poetry in detail for the first time **ADRIS Newsletter** ,1984 **Renaissance Humanism in Support of the Gospel in Luther's Early Correspondence** Timothy P. Dost,2017-07-05 Drawing on the early correspondence of Martin Luther Timothy Dost presents a reassessment of the degree to which humanism influenced the thinking of this key reformation figure Studying letters written by Luther between 1507 and 1522 he explores the various ways Luther used humanism and humanist techniques in his writings and the effect of these influences on his developing religious beliefs The letters used in this study many of which have never before been translated into English focus on Luther s thoughts attitudes and application of humanism uncovering the extent to which he used humanist devices to develop his understanding of the gospel Although there have been other studies of Luther and humanism few have been grounded in such a close philological examination of Luther s writings Combining a sound knowledge of recent historiography with a detailed familiarity with Luther s correspondence Dost provides a sophisticated contribution to the field of reformation studies **Seeking Spiritual Intimacy** Glenn E. Myers,2011-03-28 In Seeking Spiritual Intimacy Glenn Myers introduces us to the Beguines a network of faith communities in Medieval Europe where women organized their world around a simple life with Christ at the center Learn from the insights of wise women of faith who from their modest

homes and communities revitalized the faith of a continent Thomas Aquinas and Teilhard de Chardin Donald J. Goergen
