John Grisham John Grisham:

John Grisham: A Biography James Fenimore, 2012-05-17 John Grisham is one of the most successful American authors of our time. He has become world famous for his extensive list of fictional legal thrillers that keep readers on the edge of their seats and always wanting more. He is one of only three authors along with Tom Clancy and J K Rowling to sell over two million copies on a first printing. His very first bestseller *The Firm* published in 1991 eventually sold an impressive seven million copies. Only two short years after the book's release but before it was officially published the rights to the screenplay were sold and *The Firm* hit the box office. The film and book were wildly successful with the book holding a place on *The New York Times* bestseller list for 47 consecutive weeks and the film bringing in over 270 million. As if the film and book were not successful enough a Canadian TV series has been created based on an adaptation of the story and began airing in 2012.

The Partner John Grisham, 1998 They hired him. They trusted him. Now they don't want justice; they want revenge. For four years Patrick had often wondered how it would feel if they caught him. Now he was terror-stricken. Practically naked and strapped down like an animal, he knew the next few hours would be insufferable. Once he was a well-liked, well-paid young partner in a thriving Mississippi law firm. Then Patrick Lanigan stole ninety million dollars from his own firm and ran for his life. For four years he evaded men who were rich, powerful, and would stop at nothing to find him. Then inevitably on the edge of the Brazilian jungle they finally tracked him down. Now Patrick is coming home. And in the Mississippi city where it all began an extraordinary trial is about to begin. As prosecutors circle like sharks as Patrick's lawyer prepares his defense as Patrick's lover prays for his deliverance and his former partners wait for their revenge another story is about to emerge. Because Patrick Lanigan, the most reviled white-collar criminal of his time, knows something that no one else in the world knows. He knows the truth.

The Broker John Grisham, 2006-09-26 1 NEW YORK TIMES BESTSELLER In his final hours in the Oval Office the outgoing President grants a controversial last-minute pardon to Joel Backman, a notorious Washington power broker who has spent the last six years hidden away in a federal prison. What no one knows is that the President issues the pardon only after receiving enormous pressure from the CIA. It seems Backman in his power broker heyday may have obtained secrets that compromise the world's most sophisticated satellite surveillance system. Backman is quietly smuggled out of the country in a military cargo plane given a new name, a new identity, and a new home in Italy. Eventually after he has settled into his new life the CIA will leak his whereabouts to the Israelis, the Russians, the Chinese, and the Saudis. Then the CIA will do what it does best: sit back and watch. The question is not whether Backman will survive; there is no chance of that. The question the CIA needs answered is who will kill him.
