Greatest Catholics of the 20th Century Charles River Editors, 2025-05-05 The 20th century had no shortage of influential leaders both good and bad But while dictators generals and presidents came and went the last quarter of the 20th century could rely on one thing the papacy of Blessed Pope John Paul II In becoming one of Catholicism's most popular leaders and one shortly destined for sainthood John Paul II indeed became one of the most famous and influential men of the 20th century The first pope in centuries to not hail from Italy John Paul II was responsible for a global outreach of epic proportions that brought him to over 100 countries helped end communism in Europe and brought people of different faiths closer together than ever before It's often said that nobody in history has been seen and viewed in person by more people an amazing feat for a man of humble origins born in Poland before World War II a place that continues to especially venerate him today For the last few decades of the 20th century the Catholic Church was blessed to have two of its most influential

leaders guiding the Church and spreading its faith and message at the same time Pope John Paul II made history by becoming the first non Italian pope in several centuries guiding the church for over 25 years But while he led the Church a remarkable woman born Agnes Gonxha Bojaxhiu 1910 1997 became one of the Church s greatest missionaries and humanitarians She would come to be known to the world as Mother Teresa It would be nearly impossible to overstate the impact Mother Teresa had on the Catholic Church and the world during her life In addition to founding the Missionaries of Charity a sisterhood of Roman Catholics that now operates in over 125 countries and has over 4 500 sisters Mother Teresa spent nearly half a century spreading her religious congregation across the world while using it to help the sick and poor Through her direct participation and planning she opened hundreds of missions providing essential services that ranged from hospices to schools and from orphanages to soup kitchens Her work won her a Nobel Peace Prize in 1979 and Mother Teresa was consistently ranked among the world s most admired people for the last 20 years of her life Shortly after her death in 1997 the beatification process for Mother Teresa was begun and in 2003 she was beatified as Blessed Mother Teresa of Calcutta Francesco Forgione might be a name lost to history but over the course of his life he became one of Catholicism s most well known figures during the 20th century as Padre Pio It was a remarkable path for a man who was legendarily afflicted by a series of illnesses and most famously bore the stigmata very noticeably bearing what appeared to be the crucifixion wounds Jesus s hands suffered Padre Pio was also known for his eccentricities including unique forms of deep meditation and experiencing visions Not surprisingly despite all the spiritual work Padre Pio did he was the subject of substantial controversy during his own life And though he has been venerated as Saint Pio of Pietrelcina by the Catholic Church critics have all but called him a fraud Greatest Catholics of the 20th Century details the remarkable life Padre Pio lived while covering the controversies that continue to resonate today Along with pictures of Pio and other important people places and events in his life you will learn about Padre Pio like you never have before in no time at all

Restoring the Shattered Nancy E. Head, 2018-10-02 Written in an easy to understand conversational style Restoring the Shattered is an account of Nancy E Head s journey through single motherhood and poverty The permanent divide between her and her husband led to a

shattering of their family as the children settled into separate camps The story begins when Nancy and her children have little to eat Through a miraculous intervention God provides and leads them along their way Other interventions and more guidance came from people of different denominations illustrating Christ's love through the larger Church When one of Nancy's grown children became Catholic she became more aware of the ways her own evangelical tradition often dismisses Catholic believers and misinterprets many of their doctrines While doctrines may differ so many essential beliefs are the same Restoring the Shattered looks at the causes of the Reformation and other schisms and how the original schism in Christianity happened because of a mistranslation Misunderstanding others' faith languages feeds so much separation today Nancy encourages pursuing accord among evangelical Catholic and Christian Orthodox communities in order to lead the Church to the kind of ministry that helped Nancy's family so much and rebuild the ruins of society through obedience to Christ's call for Christian accord

Jesus Wept Philip Shenon, 2025-02-11 From the best selling author and former New York Times investigative reporter an unprecedented look at the defining struggles of the modern Catholic Church told through the lives of the last seven popes carrying us from the wake of World War II up through the present day and providing essential context around the most pressing issues faced by Pope Francis An extraordinary accomplishment controversial but crucial for discussions in today's Catholic Church Kirkus Reviews starred review When the jolly Italian peasant turned cardinal Angelo Giuseppe Roncalli of Venice was elected Pope John XXIII in 1958 change was in the air The Church many said had refused to enter the twentieth century In response Pope John launched Vatican II an ecumenical council that summoned hundreds of church leaders to Rome It marked one of the most progressive turns the Church had taken in centuries medicine of mercy as Pope John called it Yet not everyone in the Church was prepared to accept this modernization The lines were drawn in a battle that continues to rage into the twenty first century In *Jesus Wept* Philip Shenon takes us inside the Holy See to reveal its intricacies hypocrisies and hidden maneuverings bringing all the momentous disputes and issues vividly to life priestly celibacy birth control homosexuality restoring ties with other Christians and Jews shameful sex abuse crimes the role of women in the Church In his rich portrayals of the popes from John to Francis Shenon draws on research across four continents including hundreds of interviews and the exhaustive archival material He also brings to light other key figures in the Church such as Cardinal Alfredo Ottaviani the incredibly powerful conservative and staunchly anticommunist director of the Holy Office under Pius XII who lived proudly by the motto *semper idem* always the same This is a consummate vibrant history of the modern Church

Consciousness and Being Robert C. Trundle, 2019-02-14 This book is of vital interest to anyone who yearns to know how science theology ethics art and politics do really afford objective truths Not only that but how these truths in seemingly clashing areas are interrelated by common sense and rooted in our

incontrovertible consciousness of Being itself Being itself as the basis for truth is defended against truth denying modern philosophers who having headed in the wrong direction with tragic costs of murderous ideologies have completely misunderstood the simple origin of truth in the realist tradition of Aristotle Aquinas tienne Gilson and others Their profoundness is not bamboozled by the covert and corrupting sophism of today s teachings Anyone interested in surmounting these teachings that include political correctness and a false divide of fact from value which paralyze the very modern ethics that helped to create them should read this book The book reveals how ethics art and politics can be as true as the sciences that inform them
