**Mexican Affairs and War, 1825-1848** ,1825 John Tyler Doug West,2019-04-09 John Tyler holds the distinction of being the first president to take office due to the death of a sitting president Tyler was thrust into office on the death of President William Henry Harrison in 1841 after being vice president for only a month He was at home in Richmond when he got word of Harrison s death Immediately he rushed to Washington D C to be embroiled in a Constitutional crisis over the secession of power The Whig Political Party had chosen Tyler as Harrison s running mate in the election of 1840 primarily because he was from the very populous state of Virginia and it was hoped he could bring in the Southern vote The Whigs

were shocked when Tyler became president and didn't fall in line with the party. He vetoed much of their legislation so they kicked him out of the party. After his one term in office, he was relegated to political obscurity. As the tensions grew between the North and South leading up to the Civil War, Tyler and his new wife, thirty years his junior, became outspoken advocates for slavery and Southern plantation life. Just before his death, he was elected as a representative to the Confederate States of America and would be buried in a coffin draped with a Confederate flag. To the Northerners, John Tyler was considered a traitor to the Union cause, making him one of the most controversial presidents in United States history.

**John Tyler** by Lyle Emerson Nelson, 2008. This book describes the life of the tenth president, John Tyler, who evoked mixed feelings amongst the public as to his competency and administrative judgments. He was believed by some to be of talents not above mediocrity and rooted in passions and vices of slavery, while others believed him to be unaffected and dedicated to the needs of the country. When President Harrison died suddenly of pneumonia, Tyler became the first president ever to come to office by constitutional succession without exhibiting any deep allegiance to the principles of the Whigs. 1840 campaign: Tyler was no party animal and believed in making decisions based on an idea's merit and impact on what he perceived to be the nation's best interests without regard to politics. The Whigs had no control over the man they had put in the White House, and it came as no surprise when they failed to re-nominate him. 1844: President Tyler decided to withdraw from the race before election and left office a President without a party, the only president ever to have had that dubious distinction. This book is an interesting portrait of a somewhat orthodox man who to some seemed too ordinary, and his popularity was a divided one.
