John Ward Classic Reprint Charles:

Classic Baseball Cards Bert Randolph Sugar, 1977 Here are reproductions of 98 authentic baseball cards representing 104 great players of baseball's Golden Age from 1880 to 1940 Included are superstars such as Babe Ruth Joe DiMaggio Bob Feller Lou Gehrig Ty Cobb Dizzy Dean and many other famous names in the history of baseball from John McGraw and Connie Mack to Rudy York and Leo Durocher Each card is an authentic reproduction of the original with a full color illustration of the player on one side and the original information and advertising on the reverse This book represents a collection of rare baseball cards which would take years of searching and thousands of dollars to match **Classical**

Numismatic Auctions XIV, *The Alice Books and the Contested Ground of the Natural World* Laura White, 2017-06-26 Though popular opinion would have us see Alice's Adventures in Wonderland and Through the Looking Glass and What Alice Found There as whimsical nonsensical and thoroughly enjoyable stories told mostly for children contemporary research has shown us there is a vastly greater depth to the stories than would be seen at first glance Building on the now popular idea amongst Alice enthusiasts that the Alice books at heart were intended for adults as well as children Laura White takes current research in a new fascinating direction During the Victorian era of the book's original publication ideas about nature and our relation to nature were changing drastically The Alice Books and the Contested Ground of the Natural World argues that Lewis Carroll used the book's charm wit and often puzzling conclusions to counter the emerging tendencies of the time which favored Darwinism and theories of evolution and challenged the then conventional thinking of the relationship between mankind and nature Though a scientist and ardent student of nature himself Carroll used his famously playful language fantastic worlds and brilliant often impossible characters to support more the traditional Christian ideology of the time in which mankind holds absolute sovereignty over animals and nature **John Ward (Classic Reprint)** Charles

Vale, 2017-12-26 Excerpt from John Ward He tooted the horn as he jumped from the car which was coated with thick clayey mud Almost instantly Marple appeared from one of the barns which had been modernized and fitted up as a garage The doctor with a nod turned away but paused after he had taken a few steps About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **An Empire of Print** Steven Carl Smith, 2017-06-20 Home to the so called big five publishers as well as hundreds of smaller presses renowned literary agents a vigorous arts scene and an uncountable number of aspiring and established writers alike New York City is widely perceived as the publishing capital of the United States and the world This book traces the origins and

early evolution of the city's rise to literary preeminence Through five case studies Steven Carl Smith examines publishing in New York from the post Revolutionary War period through the Jacksonian era He discusses the gradual development of local regional and national distribution networks assesses the economic relationships and shared social and cultural practices that connected printers booksellers and their customers and explores the uncharacteristically modern approaches taken by the city's preindustrial printers and distributors If the cultural matrix of printed texts served as the primary legitimating vehicle for political debate and literary expression Smith argues then deeper understanding of the economic interests and political affiliations of the people who produced these texts gives necessary insight into the emergence of a major American industry Those involved in New York's book trade imagined for themselves like their counterparts in other major seaport cities a robust business that could satisfy the new nation's desire for print and many fulfilled their ambition by cultivating networks that crossed regional boundaries delivering books to the masses A fresh interpretation of the market economy in early America *An Empire of Print* reveals how New York started on the road to becoming the publishing powerhouse it is today

Harvard University Bulletin Harvard University, 1887 *Harvard University Bulletin* Justin Winsor, 1889 *Harvard University Bulletin*, 1889 **The Publishing History of Uncle Tom's Cabin, 1852-2002** Claire Parfait, 2016-12-05 Uncle Tom's Cabin continues to provoke impassioned discussions among scholars to serve as the inspiration for theater film and dance and to be the locus of much heated debate surrounding race relations in the United States It is also one of the most remarkable print based texts in U S publishing history And yet until now no book length study has traced the tumultuous publishing history of this most famous of antislavery novels Among the major issues Claire Parfait addresses in her detailed account are the conditions of female authorship the structures of copyright author publisher relations agency and literary economics To follow the trail of the book over 150 years is to track the course of American culture and to read the various editions is to gain insight into the most basic structures formations and formulations of literary culture during the period Parfait interrelates the cultural status of this still controversial novel with its publishing history and thus also chronicles the changing mood and mores of the nation during the past century and a half Scholars of Stowe of American literature and culture and of publishing history will find this impressive and compelling work invaluable *Between the Ancients and Moderns*, **American Literature and the Culture of Reprinting, 1834-1853** Meredith L. McGill, 2013-10-11 The antebellum period has long been identified with the belated emergence of a truly national literature And yet as Meredith L McGill argues a mass market for books in this period was built and sustained through what we would call rampant literary piracy a national literature developed not despite but because of the systematic copying of foreign works Restoring a political dimension to accounts of the economic grounds of antebellum literature McGill unfolds the legal arguments and political struggles that produced an American culture of reprinting and held it in place for two crucial decades In this culture of reprinting the circulation of print outstripped authorial and editorial control McGill examines the workings of literary culture

within this market shifting her gaze from first and authorized editions to reprints and piracies from the form of the book to the intersection of book and periodical publishing and from a national literature to an internally divided and transatlantic literary marketplace Through readings of the work of Dickens Poe and Hawthorne McGill seeks both to analyze how changes in the conditions of publication influenced literary form and to measure what was lost as literary markets became centralized and literary culture became stratified in the early 1850s American Literature and the Culture of Reprinting 1834 1853 delineates a distinctive literary culture that was regional in articulation and transnational in scope while questioning the grounds of the startlingly recent but nonetheless powerful equation of the national interest with the extension of authors rights

Michel Foucault Philip Barker, 2020-07-24 This unique and original study analyzes Foucault's interaction with the history of ideas undertaking a genealogy of the subject that subverts conventional philosophical history to develop a distinctly Foucauldian intellectual history Through a detailed account of Foucault's work and its relation to the history of ideas Philip Barker shows how that history can be usefully reconceptualised using Foucault's concepts of genealogy and archaeology Locating the emergence of self reflexive consciousness in twelfth century philosophy and elaborating upon autobiography as a philosophical persona Barker argues that this extremely productive approach can be used to analyze the relationship between the history of philosophy psychoanalysis and the transparent subject

George Washington (Pictorial America) Applewood Books, 2009-03 Over 60 images relating to George Washington in a full color paperback Part of Applewood's Pictorial America series the book features images drawn from historical sources and includes prints paintings illustrations and photographs This small gem is the ideal gift for anyone interested in a concise and beautiful visual biography of the Father of Our Country

Catalog of Reprints in Series, 1953 The British Are Coming Rick Atkinson, 2019-05-14 Winner of the George Washington Prize Winner of the Barbara and David Zalaznick Book Prize in American History Winner of the Excellence in American History Book Award Winner of the Fraunces Tavern Museum Book Award From the bestselling author of the Liberation Trilogy comes the extraordinary first volume of his new trilogy about the American Revolution Rick Atkinson author of the Pulitzer Prize winning *An Army at Dawn* and two other superb books about World War II has long been admired for his deeply researched stunningly vivid narrative histories Now he turns his attention to a new war and in the initial volume of the Revolution Trilogy he recounts the first twenty one months of America's violent war for independence From the battles at Lexington and Concord in spring 1775 to those at Trenton and Princeton in winter 1777 American militiamen and then the ragged Continental Army take on the world's most formidable fighting force It is a gripping saga alive with astonishing characters Henry Knox the former bookseller with an uncanny understanding of artillery Nathanael Greene the blue eyed bumpkin who becomes a brilliant battle captain Benjamin Franklin the self made man who proves to be the wiliest of diplomats George Washington the commander in chief who learns the difficult art of leadership when the war seems all but lost The story is also told from the British perspective making the mortal conflict between the

redcoats and the rebels all the more compelling Full of riveting details and untold stories The British Are Coming is a tale of heroes and knaves of sacrifice and blunder of redemption and profound suffering Rick Atkinson has given stirring new life to the first act of our country s creation drama **The Bookseller** ,1911 Official organ of the book trade of the United Kingdom Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971 New York Public Library. Research Libraries,1979 *Subject Guide to Books in Print* ,1997 Books In Print 2004-2005 Ed Bowker Staff,Staff Bowker, Ed,2004 *The Saturday Review of Politics, Literature, Science and Art* ,1867
