John and the Dead Sea Scrolls Raymond Edward Brown, 1990 **The Bible and the Dead Sea Scrolls: The scrolls and Christian origins** James H. Charlesworth, 2006 The recovery of 800 documents in the eleven caves on the northwest shores of the Dead Sea is one of the most sensational archeological discoveries in the Holy Land to date These three volumes the very best of critical scholarship demonstrate in detail how the scrolls have revolutionized our knowledge of the text of the Bible the character of Second Temple Judaism and the Jewish beginnings of Christianity John, Qumran, and the Dead Sea Scrolls Mary L. Coloe, Tom Thatcher, 2011 Based on papers originally presented at the Society of Biblical Literature Annual Meeting 2007 San Diego Calif A Theology of John's Gospel and Letters Andreas J. Kostenberger, 2015-04-28 A Theology of John's Gospel and Letters introduces the first volume in the BTNT series Building on many years of research and study in Johannine literature Andreas Kostenberger not only furnishes an exhaustive theology of John's Gospel and letters but also provides a detailed study of major themes and relates them to the Synoptic Gospels and other New Testament books Readers will gain an in depth and holistic grasp of Johannine theology in the larger context of the Bible D A Carson Trinity Evangelical Divinity School says about Kostenberger's volume that for the comprehensiveness of its coverage in the field of Johannine theology Gospel and Letters there is nothing to compare to this work I Howard Marshall University of Aberdeen writes This book is a first in many ways the first volume that sets the pattern for the quality and style of the new Biblical Theology of the New Testament series published by Zondervan the first major volume to be devoted specifically to the theology of John's Gospel and Letters at a high academic level and the first volume to do so on the basis that here we have an interpretation of John's theology composed by an eyewitness of the life and passion of Jesus The Biblical Theology of the New Testament Series The Biblical Theology of the New Testament BTNT series provides upper college and seminary level textbooks for students of New Testament theology interpretation and exegesis Pastors and discerning theology readers alike will also benefit from this series Written at the highest level of academic excellence by recognized experts in the field the BTNT series not only offers a comprehensive exploration of the theology of every book of the New Testament including introductory issues and major themes but also shows how each book relates to the broad picture of New Testament theology *The Conceptual Worlds of the Fourth Gospel* Charles B. Puskas, C. Michael Robbins, 2021-01-08 Over under and through John's story of Jesus are unforgettable ideas and concepts profoundly simple and simply profound for the author's own audience and beyond These ideas did not originate in a vacuum They have recurred and been repeated before and after the writing of the Fourth Gospel For this reason we will examine the meaning of its words and themes in the context of its Jewish Greco Roman milieu Much of our intertextual understanding will be derived from alleged parallels that involve comparisons of similar vocabulary and phrases as well as parallel concepts and images from the Old Testament the Dead Sea Scrolls Philo and other relevant writings Such parallels will help to determine the meaning of a word or expression the translation of a particular language

determining any direct influences upon the Fourth Gospel parallel traditions or the influence of its ideas as a creative and inspiring work of later antiquity *Johannine Writings and Apocalyptic* Stanley E. Porter, Andrew K. Gabriel, 2013-09-15 *Johannine Writings and Apocalyptic* provides a wide ranging and thorough annotated bibliography for John's Gospel the Johannine letters Revelation and apocalyptic writings pertinent to these books More inclusive than many other bibliographies this volume provides reference to over 1300 individual entries often including references to multiple works with a given description Annotations are designed to provide guidance to a wide range of readers from students wishing to gain entry to the subject to graduate students engaging in research to professors needing ready access to useful materials The volume is topically organized and indexed for easy access *The Dead Sea Scrolls and Christian Origins* Joseph A. Fitzmyer, 2000-03-03 Originally written to appeal to both scholars and general readers interested in the Dead Sea Scrolls all of the articles in this volume have been updated to take into account current discussions of this extraordinary archaeological find **BOOK JACKET** *The Legacy of John* Tuomas Rasimus, 2010 This volume investigates the early second century reception of the Fourth Gospel This is an era when its fortunes are surrounded by silence and mystery It was assumed until quite recently that Gnostic and other so called heterodox groups were the first ones to appreciate this gospel and hence the mainstream Christians avoided using it until Irenaeus rescued it for the church Lately this view has been challenged by several scholars for several reasons The contributions in this volume written by leading specialists in their respective fields offer an approachable fresh comprehensive and up to date view of the second century reception of John's Gospel in a situation where new understandings about various forms of early Christianity and its multiformity have started to emerge

The Bible and the Dead Sea Scrolls: Scripture and the scrolls James H. Charlesworth, 2006 The recovery of 800 documents in the eleven caves on the northwest shores of the Dead Sea is one of the most sensational archeological discoveries in the Holy Land to date These three volumes the very best of critical scholarship demonstrate in detail how the scrolls have revolutionized our knowledge of the text of the Bible the character of Second Temple Judaism and the Jewish beginnings of Christianity *The Prologue of the Fourth Gospel* Peter Phillips, 2006-04-01 This study explores the background to the interpretation of the Prologue of the Fourth Gospel and the various layers of meaning *Johannine Ecclesiology* Johan Ferreira, 1998-01-01 During the last few decades there has been a debate concerning the prominence of ecclesiology in the Gospel of John This book highlights that debate and makes an important contribution to our understanding of Johannine ecclesiology It argues that ecclesiology is a major theological concern of the Gospel that investigations into Johannine ecclesiology have suffered under categories that are alien to the Gospel itself and that the Gospel espouses a christological ecclesiology that emphasizes the origin nature and purpose of the community The community is Christus prolongatus Christology and ecclesiology overlap In addition the book makes several new suggestions that the prayer of the Johannine Jesus in John 17 has its origin Sitz im Leben in the law court petitionary prayers of the

Johannine community in its conflict with the synagogue that the Johannine concept of glory has to be understood in soteriological terms and is closely related to the Johannine community's sense of mission and that the Johannine concept of sending reflects a gnostic sending tradition that was current in first century Palestine *Johannine Sectarianism in Perspective* Kåre Fuglseth, 2005 The investigation evaluates the nature of the Johannine community by using sociological research on new religious movements today and by comparing John with Philo and the Dead Sea Scrolls This novel procedure in Johannine research generates several alternative characteristics of John *Matthew and the Mishnah* Akiva Cohen, 2016-06-10 Akiva Cohen investigates the general research question how do the authors of religious texts reconstruct their community identity and ethos in the absence of their central cult His particular socio historical focus of this more general question is how do the respective authors of the Gospel according to Matthew and the editors of the Mishnah redefine their group identities following the destruction of the Second Temple Cohen further examines how after the Destruction both the Matthean and the Mishnaic communities found and articulated their renewed community bearings and a new sense of vision through each of their respective author/redactor's foundational texts The context of this study is thus that of an inner Jewish phenomenon two Jewish groups seeking to re-establish their community identity and ethos without the physical temple that had been the cultic center of their cosmos **The Cradle of Christianity: Judaism, Jesus, and the New Testament**, 2024-11-25 This major collection of essays by senior colleagues and friends of Craig A Evans recognizes his contribution to the field of biblical studies by concentrating upon his areas of research and writing interest These include the emergence and characteristics of early Judaism Jesus and the apostolic tradition and a variety of other supporting areas in New Testament studies These essays include both focused studies and challenging theoretical explorations Receptions of Paul during the First Two Centuries František Abel, 2023-09-05 Receptions of Paul during the First Two Centuries Exploration of the Jewish Matrix of Early Christianity examines the historical context of Paul and the way Paul's Jewish heritage was received Contributors take into consideration the aftermath of the Jewish War and its impact on the development of the Jesus movement and early Christian Jewish relations in the following period The chapters come to the conclusion that after the Jewish War the reception of the authentic Paul was transformed more and more into the tradition about Paul based and established by the second and third generations of Jesus believing Gentiles which perceived Paul as a convert from what is labeled Judaism to the complete opposite of it Christianity **Creation and Christology** Masanobu Endo, 2002 Since previous scholarship has searched for figures equivalent to the personified Logos in the Johannine Prologue scholars have often ignored the context of which the Genesis creation account is the center Masanobu Endo examines that reference to the Genesis creation account as it appears in contexts where the unique identity of God is maintained In eschatological contexts the realization of eschatological salvation is strongly expected on the grounds of the sovereignty of God which is known in his work of creation This observation of the theological function of the Genesis creation account in the

Second Temple period may shed light on the question of why reference is made to the Genesis creation account in the Johannine prologue. What this means is that the descriptions of the identity of the Word the Son in the Johannine prologue were made on the grounds of Jewish monotheistic speculation about the identity of God the Creator. **The Bible and the Dead Sea Scrolls: The Dead Seas scrolls and the Qumran Community** James H. Charlesworth, 2006. The recovery of 800 documents in the eleven caves on the northwest shores of the Dead Sea is one of the most sensational archeological discoveries in the Holy Land to date. These three volumes, the very best of critical scholarship, demonstrate in detail how the scrolls have revolutionized our knowledge of the text of the Bible, the character of Second Temple Judaism, and the Jewish beginnings of Christianity. **The Changing Face of Judaism, Christianity, and Other Greco-Roman Religions in Antiquity** Ian H. Henderson, Gerbern S. Oegema, Sara Parks Ricker, 2006. **Jesus Research** James H. Charlesworth, Petr Pokorny, 2009-09-15. This volume explores nearly every facet of contemporary Jesus research from eyewitness criteria to the reliability of memory from archaeology to psychobiography from oral traditions to literary sources. With contributions from forty internationally respected Jewish and Christian scholars, this distinguished collection of articles comes from the second 2007 Princeton Prague Symposium on Jesus Research. It summarizes the significant advances in understanding Jesus that scholars have made in recent years through the development of diverse methodologies. Readers already knowledgeable in the field will discover unique angles from well-known scholars and all will be amply informed on the current state of Jesus studies. Contributors: Dale C. Webb. **Jewish-Christian Relations** Abel Mordechai Bibliowicz, 2019-03-01. I am in fundamental agreement with Bibliowicz's thesis that the anti-Jewish polemic in the New Testament reflects debates between Jewish and Gentile followers of Jesus, not a polemic between Christians and Jews, and with the implications which he has drawn for Christian theology. May this book find a wide readership among people devoted to the cause of the healing of memories between Jews and Christians. Peter C. Phan, Professor, Chair of Catholic Social Thought, Georgetown University, President of the Catholic Theological Society of America. Standing on a brilliant and insightful reconstruction of Paul and on a quite shocking but perhaps compelling reading of Mark, the author offers a number of original and in some cases quite compelling theoretical reconstructions of the context and purposes of early Christian texts, a work of sublime moral passion. David P. Gushee, Distinguished University Professor of Christian Ethics and Director, Center for Theology and Public Life, Mercer University, President-elect, American Academy of Religion, Author of *Kingdom Ethics: Following Jesus in Contemporary*
