The End of Tolerance Arun Kundnani, 2007-07-20 Is Britain becoming a more racist society Arun Kundnani looks behind the media hysteria to show how multicultural Britain is under attack by government policies and vitriolic press campaigns that play upon fear and encourage racism Exacerbated by the attacks of 9/11 and 7/7 Kundnani argues that a new form of racism is emerging that is based on a systematic failure to understand the causes of forced migration global terrorism and social segregation The result is a climate of hatred especially against Muslims and asylum seekers Yet the government presses ahead with flawed policies and anti terrorist legislation that creates further resentment alienation and criminalisation What can be done This timely and precise analysis is a useful account of why racism is now thriving and what we can do to stop it **Acts of Consciousness** Guy Saunders, 2014-05-22 Drawing on compelling material from research

interviews with former hostages and political prisoners Guy Saunders reworks three classic thought experiment stories Parfit's Teleporter Nagel's What is it like to be a bat and Jackson's Mary the colour scientist to form a fresh look at the study of consciousness By examining consciousness from a social psychology perspective Saunders develops a cubist psychology of consciousness through which he challenges the accepted wisdom of mainstream approaches by arguing that people can act freely What makes cubist psychology is both the many examples taken from different viewpoints and the multiple ways of looking at the key issues of person mind and world This is a unique and engaging book that will appeal to students and academics in the field of consciousness studies and other readers with an interest in consciousness **People of Today**

,2006 **The Politics of British Stand-up Comedy** Sophie Quirk,2018-11-11 This Palgrave Pivot questions how a new generation of alternative stand up comedians and the political world continue to shape and influence each other The Alternative Comedy Movement of the late 1970s and 1980s can be described as a time of unruly experimentation and left wing radicalism This book examines how alternative comedians continue to celebrate these characteristics in the twenty first century while also moving into a distinct phase of artistic development as the political context of the 1970s and 1980s loses its immediacy Sophie Quirk draws on original interviews with comedians including Tom Allen Josie Long John Luke Roberts and Tony Law to chart how alternative comedians are shaped by and in turn respond to contemporary political challenges from neoliberalism to Brexit class controversy to commercialism She argues that many of our assumptions about comedy's politics must be challenged and updated This book is essential reading for anyone who wants to understand the working methods and values of today's alternative comedians McGillivray's Theatre Guide David McGillivray,1994 *A Classless Society* Alwyn W.
