Jerusalem Caliphate And The Third Jihad:

Jerusalem Caliphate and the Third Jihad John C. Witcombe, 2013-12-04 An ancient Bible prophecy reveals the agenda of today's determined Islam. Islam, the world's second largest religion, has big plans. Its goal: Nothing less than to bring the nations of this world under the influence of Islam and the rule of its sharia law. Beginning in A.D. 632, the entire Muslim world was ruled by a single leader called a caliph. But on March 3, 1924, after 1,292 years, the caliphate was abolished. Today, though many Muslims envision a coming worldwide Islamic Super state and they are determined to reestablish the caliphate and vow that it will be planted in Jerusalem. Twice in its long history, Islam has dramatically expanded its reach in the world through aggressive jihads, bringing huge areas of earth's territory under Islamic control using all means necessary, including military conquest. Evidence is increasing that Islam is poised to launch a third Jihad to once again expand its dominion. A Jerusalem caliphate. A third Jihad. According to an ancient Bible prophecy, the answer to both questions is Yes. A reasonable and commonsense interpretation of that prophecy makes clear that Islam will indeed achieve its Jerusalem caliphate and set in motion its third Jihad. And he shall plant the tabernacles of his palace between the seas in the glorious holy mountain. Daniel 11:45. What does this prophecy mean? And what will happen when the Muslim world, now 1.6 billion strong, unites under a restored caliphate in Jerusalem? The answers are set forth in the pages of this compelling book. **The Third Jihad** Michael Youssef, 2019 Dr. Youssef, a Coptic Christian who was born in Egypt and now leads a megachurch in America, knows from firsthand experience that radical Islamists have goals that many American Christians believe are unthinkable. In this book, he warns Western Christians that it doesn't help to ignore what's going on. *Episodes In Visions* Zebron Ncube, D. Min., 2018-04-30 In his book, Dr. Zebron Ncube argues that in spite of socio-political chaos and pessimistic and secular thinking that dominate human society, the Book of Revelation tells us that God is still in control. This is the prism through which the Book of Revelation should be read. In *Episodes in Visions*, each episode has its own full Bible text, key thought, major objective, overview, and discussion with practical implications. The preacher will find this book to be a tremendous resource for a preaching series. Individuals and study groups will benefit from the easy-to-use outlines of the book. The book is written from a preacher's perspective to give hope to a cringing spirit because the foundations of human society are crumbling. God is in control. Dr. Zebron Ncube explains the mysteries of symbols and numbers to connect the contemporary mind with John and his first-century audience. No other book has so much relevance to the contemporary church and world as does the Book of Revelation that Dr. Ncube writes about. Al-Qaeda 2.0 Donald Holbrook,2018-01-15 On 16 June 2011 three days before his sixtieth birthday Ayman al Zawahiri was declared the new leader of Al Qaeda replacing the fallen Osama bin Laden The veteran Egyptian jihadist had little of his predecessor s charisma and enjoyed much less popularity respect and celebrity Yet as scores of jihadi commanders from different organisations have succumbed to their enemies missiles bombs and bullets Zawahiri has soldiered on His tenure as

Al Qaeda's leader has been marked by some of its darkest and most challenging moments which have threatened the viability and future of Al Qaeda's central leadership. The gravest such development has been the emergence of Islamic State as a separate and rival jihadist entity. The best way to gauge Zawahiri's response to these threats is by studying the official statements and public communications that he has issued since taking the reins. This book provides the reader with professional translations of Zawahiri's key statements during his first five years as leader of Al Qaeda. These official communications are introduced and contextualised to provide the reader with a comprehensive sourcebook outlining the Al Qaeda leadership's stance on the challenges to its existence since the death of bin Laden.
