Jesus An Historical Approximation Kyrios:

Jesus, an Historical Approximation José Antonio Pagola, 2009 **Rethinking Catholic Devotions** Clarke, Jim, 2022
A wide ranging discussion of popular devotionism as practiced in the U S Catholic Church with brief history of how devotions arose and ways to rethink them for the 21st century **A New Introduction to the Synoptic Gospels** Roland Meynet, 2010 Meynet offers a new perspective on the study of the Synoptic Gospels adding further insights within the growing body of modern research into the meanings of the Gospels of Matthew Mark and Luke He studies the composition of the Gospels as they were written and combines critical analysis with the evangelists own intentions *Morality in Social Life* Sergio Bastianel, 2010 Bastianel views moral personal life as more than a private and individual reality Indeed one s relationship with the other is basic to the moral experience and it constitutes part of the inner unity of a free and conscious responsible person Human beings live out their relationships within the historic concreteness of life in commonality with others The historical expression of that which is morally wrong takes the form of scattered and dividing relationships with the intention of possession domination fighting and division On the other hand history shows us that the human quality of relationships effecting that which is good is expressed through acceptance and the capability of creating shared forms of life The Christian interpretation of history with its goal of community asks in each situation about the human quality of relationships and the structures of social life This book addresses the interconnections between personal morals and social justice raising fundamental questions about political life and economics about hunger and development about common good and institutions **The Mission and Achievement of Jesus** Reginald Horace Fuller, 1954 **God's Being Towards Fellowship** Justin Stratis, 2019-05-30 Justin Stratis explores the meaning of the biblical phrase God is love through an examination of two quintessentially modern Protestant theologians Friedrich Schleiermacher and Karl Barth This book contains both a detailed engagement with Schleiermacher s untranslated lectures on Dialektik and their relation to his more well known work as well as a new assessment of Barth s doctrine of God which both respects his radical innovations and yet places him within the stream of traditional catholic trinitarianism After considering the complexities of theological predication and comparing several classical and contemporary approaches to the implication of love Stratis presents and ultimately commends the distinct approaches of Schleiermacher and Barth for their tendency to treat divine love as a conclusion to the doctrine of God rather than as a conceptual starting point In contrast to many contemporary approaches Stratis concludes with the suggestion that God s love is best conceived as his being toward fellowship rather than as the eminent instance of loving fellowship understood according to human experiences of love **Galatians** Mark J. Keown, 2024-03-11 This commentary of Galatians is a thorough examination of the text of the letter by Mark J Keown It includes an introduction to the letter and a verse by verse analysis of Paul s letter It is designed to be a readable thorough exploration of Galatians without being overly laden with engagement with secondary literature The Greek of Galatians is

transliterated throughout the commentary including in the translations making the Greek accessible to all readers The real emphasis is engagement with the text the meaning of the Greek especially in regards to primary sources and the flow of Paul's argument against the Judaizers challenging his churches Yet as is usual in Mark Keown's work it is all presented in an easily understandable and readable way At points the author pauses to share a personal story or two adding flavor to the commentary While it is comprehensive and thorough It is ideal for preachers who are looking to really grapple with the meaning of Galatians for Christians today Special emphasis is given to Paul's summons in the letter that readers live by faith and not works and embrace God's call in the gospel to lay aside all forms of prejudice under God's reign In the discussion of Galatians 5 in depth consideration is given to the ethical issues it raises a helpful tool for Christians grappling with how to live by the Spirit in a twenty first century world full of challenges

The Historical Jesus: Jesus' mission, death, and Resurrection Craig

A. Evans, 2004 Including a range of materials dating from the nineteenth century to the present this comprehensive collection brings together the essential research into the historical reality of Jesus the man his teachings and the acts and events ascribed to him that comprise the foundational story of one of the world's central religions. The set features a substantial new introduction by the editor in the first volume and a full index in the last and provides work covering all of the key aspects of the field including the recent discussions concerning anti-Semitism in early Christianity and the political and ideological filtering of the Jesus story through the Roman empire and beyond. *The Historical Jesus of the Gospels* Craig S. Keener, 2012-04-13 The earliest substantive sources available for historical Jesus research are in the Gospels themselves when interpreted in their early Jewish setting their picture of Jesus is more coherent and plausible than are the competing theories offered by many modern scholars So argues Craig Keener in *The Historical Jesus of the Gospels* In exploring the depth and riches of the material found in the Synoptic Gospels Keener shows how many works on the historical Jesus emphasize just one aspect of the Jesus tradition against others but a much wider range of material in the Jesus tradition makes sense in an ancient Jewish setting Keener masterfully uses a broad range of evidence from the early Jesus traditions and early Judaism to reconstruct a fuller portrait of the Jesus who lived in history. *The Historical Jesus in Recent Research* James D. G. Dunn, Scot McKnight, 2005-01-01 The past two or three decades have witnessed significant activity in research on the Jesus of the Gospels and history In fact there has been such a plethora of publication on such a wide variety of facets of this issue that it is difficult to keep pace with the rate of publication In this volume Dunn and McKnight have collected and provided introductions to a wide cross section of essays on the topic ranging from classic essays by the likes of Bultmann Cadbury and Schweitzer to the most recent investigations of Horsley Levine and Wright This volume will be a very useful book for courses and seminars on Jesus or the historical Jesus because it draws together in one place a wide variety of perspectives and approaches to the issues Authors represented include P S Alexander D C Allison P W Barnett M J Borg R Bultmann H J Cadbury P M Casey G B Caird B Chilton C E B Cranfield J D G Dunn R A Horsley J Jeremias M K hler W G K mmel E E Lemcio A J Levine G Luedemann J P Meier B F Meyer R Morgan J A T Robinson E P Sanders A Schweitzer K R Snodgrass G N Stanton P Stuhlmacher G Theissen N T Wright
