Humble Confidence Benno van den Toren, Kang-San Tan, 2022-12-20 Benno van den Toren and Kang San Tan provide a global intercultural model of apologetics as crosscultural dialogue and accountable witness Filled with Scriptural examples and real world experiences this is a conversational patient holistic and embodied guide to creating true dialogue in our multicultural multifaith world

Narratives in Conflict Matthew Aaron Bennett, 2019-11-18 Did Jesus die on the cross for our sins as the Gospels describe Or as Muslims often contend was Jesus rescued to heaven in order to avoid the shameful crucifixion that would be unbecoming of a messenger of God This debate has raged for generations and has caused no shortage of frustration among those seeking to explain the central teaching of the Christian faith to those influenced by the Qur'an What this book aims to do is uncover four barriers to understanding the biblical teaching on atonement that likely exist in the minds of our Muslim friends prior to asking about the historical reality of the Christ event

What we will discover is that the Qur'an diverges from the biblical teaching on atonement at the lexical ritual narrative and worldview levels. Each of these points of divergence presents a barrier to communication. Therefore, before arguing with our Muslim friends that Jesus died on the cross, we must provide an answer to the prior question: why would it matter? This book argues that the Letter to the Hebrews provides a particularly helpful biblical starting point for overcoming all four barriers.

Evangelical Christian Responses to Islam Richard McCallum, 2024-02-08. Do Christians and Muslims worship the same God? Who was Muhammad? How does the Israeli-Palestinian conflict affect Christian-Muslim relations? This is a book about Evangelical Christians and how they are answering challenging questions about Islam. Drawing on over 300 texts published by Evangelicals in the first two decades of the twenty-first century, this book explores what the Evangelical micro-public sphere has to say about key issues in Christian-Muslim relations today. From the books they write, the blogs they post, and the videos they make, it is clear that Evangelical Christians profoundly disagree with one another when discussing Islam. Answers to the questions range from seeing Muslims as the enemy posing an existential threat to Christians through to welcoming them as good neighbours or even as close cousins.

The Greatness of God Charles Frank Thompson, 2016-02-08. With each passing day, our world seems to drift further and further away from the God of the Bible, divine creation, and Christian belief. This societal shift toward postmodernism and secularism is not a new development; however, the expanding and intensifying revolt against the biblical God and Christianity traces its roots back to the modern philosophies of the Enlightenment and Romanticism, which have given rise to many divergent views during the past three centuries and become even more extreme in recent postmodernism. *The Greatness of God*: How God Is the Foundation of All Reality (Truth, Love, Goodness, Beauty, and Purpose) stands as an intellectual counterweight to the prevailing winds of a secular postmodern world. Author Charles Frank Thompson argues that the consequences of this rejection of God and divine creation have not been benign. He traces the modern revolution in detail and describes its deleterious consequences, including the loss of the ultimate basis for universal truth, knowledge, meaning, and purpose. In *The Greatness of God*, Thompson explores a wide range of topics, including Christian theology, metaphysical philosophy, and an analysis of modern thought and art. He examines the rich history of Christian poetry, prose, and art and takes a look at recent scientific discoveries that help us understand Christian teachings about God's creation. He concludes with an exploration of the millennium, the eternal kingdom of God, and the spiritual state of America and Europe today.

Religious Encounters in Transcultural Society David William Kim, 2017-11-30. This volume focuses on the various phenomena of religious encounters in a transcultural society where religion or religious traditions play a significant role in a multi-cultural concept. *Religious Encounters in Transcultural Society* is divided into three parts: Islamic encounters with regional religions, East Asian religious encounters, and alternative religious encounters. This book evokes the fact that religious encounters exist in every transcultural society, even though they often remain hidden behind socio-cultural issues. The situation can be changed, but one culture cannot harmoniously and always contain two or multi-beliefs. The issue of

religious encounters mostly arises in the transnational process of religious globalization *A Pluralistic Portrait of God* Lisa Bugayong, 2012-12-28 The years between 800 and 200 B C were vibrating with new religious ideas God had burst onto the scene revealing himself to specific people in various parts of the world creating the beginnings of our modern world religions This book assumes that all these religions were initially produced by God and endeavors to portray God as too vast to be fully contained within only one religion Bugayong hopes to inspire her readers to enlarge their idea of God by perceiving him through the eyes of all the major religions from Judaism to Islam Christianity Hinduism Buddhism and Taoism She explains how each different religion brings a new perspective of the divine that when collected together creates a wonderfully pluralistic portrait of God **Secret Believers** Brother Andrew, Al Janssen, 2007-07-01 In his letter to his protégé Timothy Paul says I have fought the good fight In Arabic those last three words are translated jihad In *Secret Believers* readers are introduced to Brother Andrew's protégé in the Muslim world Butros In this riveting true story of the Middle Eastern Church struggling to come to grips with hostile governments terrorist acts and an influx of Muslims coming to Christ readers will meet a group of men and women they never knew existed The names and places have been changed to protect the real people in the real places But the stories are true In his most incredible and eye opening book to date Brother Andrew invites you to meet Ahmed a young Muslim terrified by nightmares until he is introduced to Isa Jesus Mustafa a former leader in a fundamentalist Muslim movement that persecuted Christians Salima a privileged young Muslim woman who is held captive by her family when they find a Bible in her possession Abuna a priest faced with an aging congregation and constant threats to his beloved church and many more *Secret Believers* not only gives readers a glimpse of the lives of these courageous believers it also proposes four practical initiatives for Christians in the West to help these persecuted brothers and sisters It calls us to join this new kind of jihad leaving vengeance behind in favor of forgiveness radical love and unyielding prayer

The Pro-Israel Lobby in Europe Elvira King, 2016-03-02 The activities of pro Israel pressure groups and lobbyists in the US are well known But the pro Israel lobby in Europe is less prominent in both academic and media accounts In a unique account Elvira King identifies the pro Israeli groups which attempt to influence policy makers and implementers in the EU specifically examining Christian Zionist groups Through a detailed study of the European Coalition for Israel ECI the only Christian Zionist lobby in Brussels Elvira King analyses whether and how a religious group can and can fail to influence decision makers in the EU By exploring the context of European relations with Israel as well as the mechanisms through which pressure groups are able to influence EU wide policies King offers an analysis which demonstrates how the EU can be a site where religion and politics meet rather than just being a secular institution It therefore contains vital primary research for both those interested in the pro Israel lobby as well as those examining the role of religion in politics more generally
