A Thematic Access-Oriented Bibliography of Jesus's Resurrection Michael J. Alter, 2019-12-31 The keystone of Christianity is Jesus's physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus's Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and

then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e g Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease

Israel, the Church, and Millenarianism Steven D. Aguzzi, 2017-07-28 Since the calls of the Second Vatican Council Roman Catholic theologians have sought to overcome an overarching problem facing Jewish Christian relations the concept of supersessionism the idea that God has revoked the spiritual and historical promises made to the Jewish people in favour of granting those same privileges to a predominantly Gentile Church Israel the Church and Millenarianism breaks new ground by applying an ancient principle to the problem of Israel s replacement the early Church s promotion of millennialism Utilizing the best in Patristic research Aguzzi argues that these earliest Christian traditions made room for the future of Israel because Christ s reign in the Church was viewed as provisional to his historical reign on earth Israel s role in salvation history was and is not yet complete Aguzzi s research also opens the door for a greater Catholic understanding of the millennial principle not shying away from its validity and relevance for understanding the importance of safeguarding Jewish particularity while concluding that the Synagogue and the Church are indeed on a parallel trajectory what will their Israel s acceptance be but life from the dead Romans 11 15 Ultimately the divine will is fulfilled through both Christian and Jewish means in history while each community is dependent in different ways upon the unfolding of God s future and the coming Parousia of Christ

The Nation That Fears God Prospers Chammah J. Kaunda, 2019-01-15 Through its strength in numbers and remarkable presence in politics Pentecostalism has become a force to reckon with in twenty first century Zambian society Yet some fundamental questions in the study of Zambian Pentecostalism and politics remain largely unaddressed by African scholars Situated within an interdisciplinary perspective this unique volume explores the challenge of continuity in the Zambian Pentecostal understanding and practice of spiritual power in relation to political engagement Chammah J Kaunda argues that the challenge of Pentecostal political imagination is found in the inculturation of spiritual power with political praxis The result of this inculturation is that Zambian Pentecostals sacralize the political authority of state power through the charisma of the national president and other major political personalities It has also contributed to the construction of Zambian Pentecostal leadership that is deified rather than leadership that is formed through the struggles and experiences of the marginalized and powerless Kaunda argues that the solution does not lie either in desacralization of powers or the separation between the church and the state but rather in rethinking the Christ event as a paradigm for the recovery of Pentecostalism s sociopolitical prophetic dynamism
