The Kindertransport Jennifer Craig-Norton,2019-06-25 A timely study of the effects of family separation on child refugees using newly discovered archival sources from the WWII era Highly recommended Choice The Kindertransport an organized effort to extract children living under the threat of Nazism lives in the popular memory as well as in literature as a straightforward act of rescue and salvation but these celebratory accounts leave little room for a deeper more complex analysis This volume reveals that in fact many children experienced difficulties with settlement they were treated inconsistently by refugee agencies their parents had complicated reasons for giving them up and their caregivers had a variety of motives for taking them in Against the grain of many other narratives Jennifer Craig Norton emphasizes the use of newly discovered archival sources which include the correspondence of refugee agencies carers Kinder and their parents and juxtaposes this material with testimonial accounts to show readers a more nuanced and complete picture of the Kindertransport In an era in which the family separation of refugees has commanded considerable attention this book is a timely exploration of the effects of family separation as it was experienced by child refugees in the age of fascism

Anti-Semitism and the Holocaust Beth A. Griech-Polelle,2023-01-26 Appreciating the power of language and how discriminatory words can have deadly consequences is pivotal to our understanding of the Holocaust Engaging with a wealth of primary sources and significant Holocaust scholarship Anti-Semitism and the Holocaust traces the historical tradition of anti-Semitism to explore this in detail From religious anti-Semitism in ancient Rome to racially led anti-Semites focused on building superior nation states in 19th century Europe to Hitler s vitriolic attacks Griech-Polelle analyzes how tropes and stereotypes incited suspicion dislike and hatred of the Jews and ultimately how this was used to drive anti-Semitic feeling toward genocide Crucially this 2nd edition sheds further light on the everyday experience of ordinary Germans and Jews under the Nazi regime with new chapters examining the role of the Christian Churches in Hitler s persecution of the Jews and those who participated in rescue work and resistance more broadly With new illustrations a

detailed glossary and up to date further reading suggestions and questions this 2nd edition provides a concise and lucid survey of European Jewry the Holocaust and the language of anti-Semitism Catastrophe and Utopia Ferenc Laczo, Joachim von Puttkamer, 2017-11-20 Catastrophe and Utopia studies the biographical trajectories intellectual agendas and major accomplishments of select Jewish intellectuals during the age of Nazism and the partly simultaneous partly subsequent period of incipient Stalinization By focusing on the relatively underexplored region of Central and Eastern Europe which was the primary centre of Jewish life prior to the Holocaust served as the main setting of the Nazi genocide but also had notable communities of survivors the volume offers significant contributions to a European Jewish intellectual history of the twentieth century Approaching specific historical experiences in their diverse local contexts the twelve case studies explore how Jewish intellectuals responded to the unprecedented catastrophe how they renegotiated their utopian commitments and how the complex relationship between the two evolved over time They analyze proximate Jewish reactions to the most abysmal discontinuity represented by the Judeocide while also revealing more subtle lines of continuity in Jewish thinking Ferenc Laczo is assistant professor in History at Maastricht University and Joachim von Puttkamer is professor of Eastern European History at Friedrich Schiller University Jena and director of the Imre Kertész Kolleg Sexual Myths of Modernity Alison M. Moore, 2015-11-19 The notion of sexual sadism emerged from nineteenth century alienist attempts to imagine the pleasure of the torturer or mass killer This was a time in which sexuality was mapped to social progress so that perversions were always related either to degeneration or decadence These ideas were internalized in later Freudian views of the drives within the self and of their repression under the demands of modern European civilization Sadism was always presented as the barbarous past that lurked within each of us ready to burst forth into murderous violence crime anti-Semitism and finally genocide This idea maintained its currency in European thought after the Second World War as Freudian influenced accounts of the history of philosophy configured the Marquis de Sade as a kind of Kantian superego in a framework that viewed the Western Enlightenment as unraveled by its own inner demons In this way a straight line was imagined from the late eighteenth century to the Holocaust These ideas have had an ongoing legacy in debates about sexual perversion feminism genocide representation and historical memory of Nazism However recent genocide research has massively debunked assumptions that perpetrators of mass violence are especially sexually motivated in their cruelty This book considers how the late twentieth century imagination eroticized Nazism for its own ends but also how it has been informed by nineteenth century formulations of the idea of mass violence as a sexual problem **Jewish Responses to Persecution: 1933-1938** Jürgen Matthäus, Mark Roseman, 2009-11-16 Published in association with the United States Holocaust Memorial Museum Jewish Responses to Persecution 1933-1946 offers a new perspective on Holocaust history by presenting documentation that describes the manifestations and meanings of Nazi Germany's Final Solution from the Jewish perspective This first volume taking us from Hitler's rise to power through the aftermath of Kristallnacht vividly reveals the

increasing devastation and confusion wrought in Jewish communities in and beyond Germany at the time Numerous period photos documents and annotations make this unique series an invaluable research and teaching tool

Lives Reclaimed Mark Roseman, 2025-08-22 From the celebrated historian of Nazi Germany the story of a remarkable but completely unsung group that risked everything to help the most vulnerable In the early 1920s amidst the upheaval of Weimar Germany a small group of peaceable idealists began to meet practicing a quiet communal life focused on self improvement For the most part they had come to know each other while attending adult education classes in the city of Essen But the Bund as they called their group had lofty aspirations under the direction of their leader Artur Jacobs its members hoped to forge an ideal community that would serve as a model for society at large But with the ascent of the Nazis the Bund was forced to reevaluate its mission focusing instead on offering assistance to the persecuted despite the great risk Their activities ranged from visiting devastated Jewish families after Kristallnacht to sending illicit letters and parcels of food and clothes to deportees in concentration camps to sheltering political dissidents and Jews on the run What became of this group And how should its deeds often small seemingly insignificant acts of kindness and assistance be evaluated in the broader history of life under the Nazis Drawing on a striking set of previously unpublished letters diaries Gestapo reports other documents and his own interviews with survivors historian Mark Roseman shows how and why the Bund undertook its dangerous work It is an extraordinary story in its own right but Roseman takes us deeper encouraging us to rethink the concepts of resistance and rescue under the Nazis ideas too often hijacked by popular notions of individual heroism or political idealism Above all the Bund s story is one that sheds new light on what it meant to offer a helping hand in this dark time

On Being Adjacent to Historical Violence Irene Kacandes, 2021-12-06 This book offers to academic and general public readers timely reflections about our relationships to violence Taking cues from the self reflexivity themes and subject matters of Holocaust queer and Black studies this large group of diverse intellectuals wrestles with questions that connect past present and future where do I stand in relation to violence What is my attitude toward that adjacency Whose story gets to be told by whom What story do I take this image to be telling How do I co witness to another s suffering How do I honor the agency and resilience of family members or historical personages How do past violence and injustice connect to the present In smart self conscious passionate and often painfully beautiful prose cultural practitioners historians and cultural studies scholars such as Angelika Bammer Doris Bergen Ann Cvetkovich Marianne Hirsch Priscilla

A Terrible and Terribly Interesting Epoch Alexandra Garbarini, Jean-Marc Dreyfus, 2021-11-15 Published in association with the United States Holocaust Memorial Museum This extraordinary wartime diary provides a rare glimpse into the daily life of French and foreign born Jewish refugees under the Vichy regime during World War II Long hidden the diary was written by Lucien Dreyfus a native of Alsace who was a teacher at the most prestigious high school in Strasbourg an editor of the leading Jewish newspaper of Alsace and Lorraine the devoted father of an only daughter and the doting grandfather of an only granddaughter In 1939 after the French declaration of war on Hitler's Germany Lucien and his wife Marthe were forced by the French state to leave Strasbourg along with thousands of other Jewish and non Jewish residents of the city The couple found refuge in Nice on the Mediterranean coast in the south of France Anti Jewish laws prevented Lucien from resuming his teaching career and his work as a newspaper editor But he continued to write recording his trenchant reflections on the situation of France and French Jews under the Vichy regime American visas allowed his daughter son in law and granddaughter to escape France in the spring of 1942 and establish new lives in the United States but Lucien and Marthe were not so lucky Rounded up during an SS raid in September 1943 they were deported and murdered in Auschwitz Birkenau two months later As the only diary by an observant Jew raised bi culturally in French and German Dreyfus's writing offers a unique philosophical and moral reflection on the Holocaust as it was unfolding in France

The Political Diary of Alfred Rosenberg and the Onset of the Holocaust Jürgen Matthäus, Frank Bajohr, 2015-09-28 Published in association with the United States Holocaust Memorial Museum In December 2013 after years of exhaustive search the U S Holocaust Memorial Museum received more than four hundred pages of diary notes written by one of the most prominent Nazis the Party's chief ideologue and Reich minister for the occupied Soviet territories Alfred Rosenberg By combining Rosenberg's diary notes with additional key documents and in depth analysis this book shows Rosenberg's crucial role in the Nazi regime's anti Jewish policy In the second half of 1941 the

territory administered by Rosenberg became the region where the mass murder of Jewish men women and children first became a systematic pattern Indeed months before the emergence of German death camps in Poland Nazi leaders perceived the occupied Soviet Union as the area where the final solution of the Jewish question could be executed on a European scale Covering almost the entire duration of the Third Reich these previously inaccessible sources throw new light on the thoughts and actions of the leading men around Hitler during critical junctures that led to war genocide and Nazi Germany's final defeat

Predicting the Holocaust Jürgen Matthäus, 2018-12-14 Published in association with the United States Holocaust Memorial Museum Historians long have analyzed the emergence of the final solution of the Jewish question primarily on the basis of German documentation devoting much less attention to wartime Jewish perceptions of the growing threat Jürgen Matthäus fills this critical gap by showcasing the highly insightful reports compiled during the first half of World War II by two Geneva based offices those of Richard Lichtheim representing the Jewish Agency for Palestine and of Gerhart Riegner's World Jewish Congress office Since the first days of war Lichtheim's predictions of Jewish dead ran in the millions and increased progressively with the rising tide of Nazi rule over Europe His and Riegner's perceptions of German anti Jewish policy resulted from shared goals and personal experiences as well as from their bureaus range of functions and the massive problems that impacted the gathering and communicating of information on the unfolding Holocaust in German controlled Europe Beyond the specifics of the wartime Geneva setting these sources show how human cognition works in times of extreme crisis and contribute to a better understanding of the potential inherent in Jewish sources for gauging perpetrator actions The reports and contextual information featured here reflect the first narratives on the Holocaust their emergence evolution and importance for post war historiography
