Jews In The Early Modern World:

Jews in the Early Modern World Dean Phillip Bell, 2008 *Jews in the Early Modern World* argues that the years between 1400 and 1700 represented a discrete cohesive and important period in Jewish history. Given the significant demographic shifts that began just before and ended just after this period, remarkable changes occurred in the history and experiences of Jews around the world. This volume begins with a broad context of Jewish experiences under medieval Christianity and Islam. It then turns to the early modern period, first providing an overview of Jewish demography and settlement. Next, the nature and structure of Jewish community and social structures in the early modern period are explored. In the final two chapters, this book presents a broad overview of Jewish religious and cultural life and Jewish relations with non-Jews throughout the early modern period. The study of early modern history has exploded in the last several decades. Many new historical sources have been identified and examined, and a host of exciting studies employing a wide range of innovative methodologies have been produced. Scholars of Jewish history have begun to ask to what extent the early modern period had a Jewish dimension; they have also begun to reconsider the nature of traditional periodization of Jewish history. *Jews in the Early Modern World* attempts to synthesize some of this exciting new research and present it in a broader comparative and global perspective. *Jews in the Early Modern World* argues that the years between 1400 and 1700 represented a discrete cohesive and important period in Jewish history. Diversity and Difference in Early Modern London Professor Jacob Selwood, 2013-06-28 London in the sixteenth and seventeenth centuries was a surprisingly diverse place home not just to people from throughout the British Isles but to a significant population of French and Dutch immigrants to travelers and refugees from beyond Europe's borderlands and from the 1650s to a growing Jewish community Yet although we know much about the population of the capital of early modern England we know little about how Londoners conceived of the many peoples of their own city Diversity and Difference in Early Modern London seeks to rectify this addressing the question of how the inhabitants of the metropolis ordered the heterogeneity around them Rather than relying upon literary or theatrical representations this study emphasizes day to day practice drawing upon petitions government records guild minute books and taxation disputes along with plays and printed texts It shows how the people of London defined belonging and exclusion in the course of their daily actions through such prosaic activities as the making and selling of goods the collection of taxes and the daily give and take of guild politics This book demonstrates that encounters with heterogeneity predate either imperial expansion or post colonial immigration In doing so it offers a perspective of interest both to scholars of the early modern English metropolis and to historians of race

migration imperialism and the wider Atlantic world An empirical examination of civic economics taxation and occupational politics that asks broader questions about multiculturalism and Englishness this study speaks not just to the history of immigration in London itself but to the wider debate about evolving notions of national identity in the sixteenth and seventeenth centuries *The Jews of Eighteenth-Century Jamaica* Stanley Mirvis,2020-05-01 An in depth look at the Portuguese Jews of Jamaica and their connections to broader European and Atlantic trade networks Based on last wills and testaments composed by Jamaican Jews between 1673 and 1815 this book explores the social and familial experiences of one of the most critical yet understudied nodes of the Atlantic Portuguese Jewish Diaspora Stanley Mirvis examines how Jamaica s Jews put down roots as traders planters pen keepers physicians fishermen and metalworkers and reveals how their presence shaped the colony as much as settlement in the tropical West Indies transformed the lives of the island s Jews

Cultural Change Among the Jews of Early Modern Italy Robert Bonfil,2024-12-11 The articles collected in this volume display Robert Bonfil s pioneering reappraisal of the economic and socio cultural history of the Jews of Italy during the Renaissance and the early modern period focusing on their encounter with and incorporation into the Italian society that surrounded them Rather than thinking in terms of challenge and response and the passive surrender of the Jews to the influence of their Christian surroundings Bonfil s exploration of the evidence shows it mirroring their conscious choice to preserve a distinctive Jewish identity while at the same time being an integral part of the socio economic and cultural fabric of the environment in which they lived Rejecting the ideological assumptions of both the lachrymose and anti lachrymose conceptions of Jewish history these are articles which provide stimulating explorations of the realities of the era and paradigms and case studies of the processes of cultural adjustment to the impact of constantly changing otherness

Philanthropy in the World's Traditions Warren Frederick Ilchman,Stanley N. Katz,Edward L. Queen,1998-09-22 The cross cultural understandings this book provides can do much to help us determine the distinctive shape and form American religious philanthropy might take in the future Christian Century The provocative information challenges the assumptions that philanthropy is a primarily Western or Christian tradition and it clarifies the need for additional study Choice An investigation of how cultures outside the Western tradition understand philanthropy and how people in these cultures attempt to realize the good through giving and serving These essays study philanthropy in Buddhist Islamic Hindu Jewish and Native American religious traditions and in cultures from Latin America Eastern Europe the Middle East Africa and Asia

The Many Faces of Early Modern Italian Jewry Martin Borýsek,Davide Liberatoscioli,2024-07-22 The Jewish population of early modern Italy was characterised by its inner diversity which found its expression in the coexistence of various linguistic cultural and liturgical traditions as well as social and economic patterns The contributions in this volume aim to explore crucial questions concerning the self perception and identity of early modern Italian Jews from new perspectives and angles Religion, Gender, and Culture in the Pre-Modern World B.
