English Mechanic and World of Science ,1921      Dictionnaire anglais-français et français-anglais ,1881      **Modernism in Wonderland** John D. Morgenstern,Michelle Witen,2024-01-11 Retracing the steps of a surprising array of 20th century writers who ventured into the fantastical topsy turvy world of Lewis Carroll s fictions this book demonstrates the full extent of Carroll s legacy in literary modernism Testing the authority of language and mediation through extensive word play and genre bending the Alice books undoubtedly prefigure literary modernism at its upmost experimental The collection s chapters look beyond literary style to show how Carroll s writings had a far reaching impact on modern life from commercial culture to politics and philosophy This book shows us the Alice we recognize from Carroll s novels but also the Alice modernist writers encountered through the looking glass of these extraliterary discourses Recovering a common touchstone between the likes of T S Eliot James Joyce Virginia Woolf W H Auden and writers conventionally regarded on the periphery of modernist studies such as Dorothy L Sayers Sylvia Plath Jorge Luis Borges Flann O Brien and Vladimir Nabokov this volume ultimately provides a new entry point into a more broadly conceptualised global modernism      **English Mechanic and Mirror of Science and Art** ,1920      **The Pop Art Tradition** Eric Shanes,2006 This book offers a radically new perspective on the so called Pop Art creative dynamic that has been around since the 1950s It does so by enhancing the term Pop Art which has always been recognised as a misnomer for it obscures far more than it clarifies Instead the book connects all the art in question to mass culture which has always provided its core inspiration Above all the book suggests that this Mass Culture Art has created a new Modernist tradition which is still flourishing The book traces that tradition through the forty or more years since Pop Mass Culture Art first came into being in the 1950s and locates it within its larger historical context Naturally the book discusses the major contributors to the Pop Mass Culture Art tradition right up to the present in the process including a number of artists who have never previously been connected with so called Pop Art but who have always been primarily interested in mass culture and who are therefore partially or totally connected with Pop Mass Culture Art The book reproduces in colour and discusses in great detail over 150 of the key works of the Pop Mass Culture Art tradition Often this involves the close reading of images whose meaning has largely escaped understanding previously The result is a book that qualitatively is fully on a level with Eric Shanes s other best selling and award winning writings Publisher s website

Pop Art Eric Shanes,2009-01-01 This book offers a radically new perspective on the Pop Art creative dynamic that has been around since the 1950s The book discusses the major contributors to the Pop Mass Culture Art tradition right up to the present including a number of artists who have never previously been associated with so called Pop Art but whose work showed a strong interest in mass culture The book reproduces in colour and in great detail over 150 of the key works of the Pop Mass Culture Art tradition allowing the reader to have a closer look and better understanding of these images      The Print Collector's Newsletter ,1976      *Catalog of Copyright Entries.
