Trump**

David Meade, 2017-02-28 Right now elements of the Unelected Shadow Government are actively attempting to overthrow President Donald J Trump This book explores the covert background of the Deep State and the history of who is behind these clandestine operations against the President It also reveals who funds them and explains what you can do about coming world events to protect yourself I explore the myriad of secret societies and name the perpetrators as well This book covers the high stakes collaboration of fifth columnists orchestrated by controlled media and globalists such as billionaire George Soros When all else fails the deluded New World Order group will attempt to create a global economic crisis Don't be concerned this book covers every angle and how you can protect yourself George Soros is an international billionaire many times over He doesn't hesitate to use his money to gain influence and in turn uses that influence to make radical changes in the fabric of American society In the opinion of many he is subverting the American political system and forcing his dangerous interests into American legislatures Trump knows everything and he is in process of taking the New World Order people down Of course they are highly traumatized The mainstream media is using distractions to move the public away from the truth The real hidden hand of the small group of families who run the monetary system of the world includes among other players the Committee of 300 This encompasses the Rothschilds the Rockefellers and the Council on Foreign Relations These are some of the main groups who are pulling all of the strings How they operate and the platforms from which they emanate are all covered in this book A background history of the Illuminati the Freemasons and the Shadow Government are all covered In fact the JFK conspiracy has elements not unlike the current status of the New World Order including the use of a

variety of legends covers psychological operations and disinformation The comparisons are striking and can educate us It s a lesson text in critical thinking so I review JFK and in fact my stepfather s part in it as he took the autopsy photos at Bethesda Naval Hospital The globalists have a strategy of bringing in millions of illegal immigrants putting them on welfare and afterwards moving us to permanent war status to bankrupt the country These people are known as the New World Order These politicians are of course bought and paid for and I identify many of them by name and the rest by affiliation Just know that if they belong to any of these listed organizations in the book then by deductive logic you know exactly who they are I cover how intelligence agencies their rogue elements and contractors work I cover the goals of the New World Order which President Donald J Trump is defeating soundly I explore the Royal Institute of International Affairs and their attempts to control Presidents You really have to understand the Committee of 300 the governing body of the New World Order to understand why and how the cover up takes place and I cover their makeup and operations Very importantly this book leads you through the maze and the matrix to the End Game This book guides the reader into a detail insider look at where New World Order policies are purposely and secretly leading America It is a revelation every American needs to know Their hidden agenda which I know Donald Trump is very aware of is revealed for the first time here I begin the book discussing how the NSA in joint operation with the FBI were both monitoring the phone calls and texts made by the Russian ambassador to the United States This data is called raw acquired information and the distribution should have been restricted to no more than three dozen or so analysts The data should have been classified RAGTIME A B C D or P where each letter is a variety of intelligence classification It should be a very rare instance where raw intelligence of this type is distributed outside of the intelligence community itself The three sets of signal communications intercepted between General Flynn and the ambassador should have stayed within controlled channels However they likely circulated the transcripts to the National Security Council which during January of 2017 was populated by Obama staffers After Trump was sworn in the FBI sent agents to question Flynn The acting Attorney General informed White House counsel that their account of what Flynn said did not match what Flynn insisted he said We don t know the full flow of this investigation but some days later the Vice President became fully aware of all of the facts Trump was forced to act and lose a key member of his advisors Does this tell you a lot about how the Deep State works and the vast power they hold You can explore the mysteries of this vast Shadow Government in detail in this book a book that is light years ahead of others in the totality of its revelations and analysis

The Coming Clinton Economic Collapse David Meade,2016-08-05 We are very close to financial Armageddon regardless of the outcome of the election but with Hillary Clinton in power there is a very short fuse You cannot change the world system but you can make yourself impervious to it and you can profit tremendously You must prepare now If you want to have any chance of surviving what is imminent you must have this book China is now a net buyer of Silver and has recommended to their 1 4 billion citizens the purchase and saving of this precious metal It is only one of many alternative
