John Marco Allegro John Marco Allegro:

John Marco Allegro Judith Anne Brown,2005 This book explores the life and work of John Allegro freethinker and rebel whose work on the Dead Sea Scrolls led him to challenge the Church the editing team and most conventional assumptions about the development of Christianity **The End of a Road** John M Allegro,2013-05-13 In 1970 John M Allegro published The Sacred Mushroom and the Cross arguing that the early Christians belonged to a drug cult their sacrament consisting of hallucinogenic mushrooms The book contained a large amount of linguistic data to support Allegro s speculations In his follow up book The End of a Road Allegro considered the philosophical ramifications of having undermined Christianity and hence for many people religion altogether He argued that abandoning religion is not tantamount to abandoning morality rather it should enable a more honest and straightforward approach to morality This new edition includes a new foreword by Judith Anne Brown author of John Marco Allegro The Maverick of the Dead Sea Scrolls as well as two new essays These are an essay by Franco Fabbro discussing a mushroom mosaic in an early Christian church in Aquileia and an essay by John Bolender discussing the vagueness of the concept of religion which raises questions about the precise target of Allegro s polemic and challenges attempts to defend religion as a biological adaptation **The Chosen People** John Allegro,2015-03-06 The Chosen People tells the history of the Jews from the conquest of Jerusalem by Nebuchadnezzar of Babylon in 587 B C E to the Second Jewish Revolt of C E 132 John Allegro bases his account on traditional texts books of the Old Testament Josephus Philo Judaeus Dio Cassius and others and sets out the complicated parade of plots counter plots betrayals and insurrections in a brisk and highly readable sequence His main theme is how the conception of the Jewish nation as a divinely chosen race was planted as a political ambition among the exiled Jews Bringing together old customs and stories the idea was fired by the longing of the Babylonian Jews for their traditional homeland Many of them grew prosperous outside Palestine and their wealthy communities manipulated the wish for identity in the idea of an exclusive Judaism embodied as a political state and fighting for autonomy against local and imperial neighbors more dream than fact The author writes that When the new Judaism came to be hammered out after the return from captivity it was around these ancient customs and a historicized mythology that it was fashioned The religion was devised not as popularly presented by gift of the desert god Yahweh who had manifested himself in opposition to the Canaanite fertility god Baal but by reinterpreting the Sumerian idea of a life giving god over many generations For there was no fundamental opposition the god names originally meant the same This second edition features a new introduction by James M Donovan **John Marco Allegro** Brown,2005 **The Dead Sea Scrolls and the Christian Myth** John Allegro,2010-11-02 The late John Allegro the only humanist scholar given access to the scrolls presents translations and analyses of the manuscripts in his charge and expounds upon his controversial ideas regarding the historical authenticity of Jesus and the role played by the myths of the Essene community in the development of Christianity **The Dead Sea Scrolls, A Full History** Weston Fields,2009-11-11

Entheogens and the Development of Culture John A. Rush, 2013-07-30 Entheogens and the Development of Culture makes the radical proposition that mind altering substances have played a major part not only in cultural development but also in human brain development Researchers suggest that we have purposely enhanced receptor sites in the brain especially those for dopamine and serotonin through the use of plants and fungi over a long period of time The trade off for lowered functioning and potential drug abuse has been more creative thinking or a leap in consciousness Experiments in entheogen use led to the development of primitive medicine in which certain mind altering plants and fungi were imbibed to still fatigue pain or depression while others were taken to promote hunger and libido Our ancestors selected for our neural hardware and our propensity for seeking altered forms of consciousness as a survival strategy may be intimately bound to our decision making processes going back to the dawn of time Fourteen essays by a wide range of contributors including founding president of the American Anthropological Association's Anthropology of Religion section Michael Winkelman PhD Carl A P Ruck PhD Boston University professor of classics and an authority on the ecstatic rituals of the god Dionysus and world renowned botanist Dr Gaston Guzman member of the Colombian National Academy of Sciences and expert on hallucinogenic mushrooms demonstrate that altering consciousness continues to be an important part of human experience today Anthropologists cultural historians and anyone interested in the effects of mind altering substances

on the human mind and soul will find this book deeply informative and inspiring Thinker, Failure, Soldier, Jailer Harry Quetteville, 2012-11-08 The Telegraph's obituaries pages are renowned for their quality of writing and capacity to distil the essence of a life from its most extraordinary moments. A unique mix of heroism, ingenuity, infamy and the bizarre. Thinker Failure Soldier Jailer collects the very best of those obituaries to present an endlessly absorbing compendium of human endeavour. Organised day by day around the calendar year, with each life presented on the date it ended, the book features hundreds of remarkable stories. World statesmen jostle with glamorous celluloid stars, pioneering boffins sit alongside chart-topping rock n rollers, while artists and their muses mingle with record-breaking sportsmen, Victoria Cross winners, spies, showgirls and captains of industry, as well as the titans of rather more esoteric fields. Here, for instance, can be found Britain's greatest goat breeder, a hangman who campaigned to abolish the death penalty, a priest to Soho's pimps, a cross-dressing mountaineer and a minister who preached a gospel of avarice. In notes only please, as change makes me nervous. A treasure trove of human virtue, vice and trivia. Thinker Failure Soldier Jailer is the perfect gift for the armchair psychologist in all of us.
