

John Dewey Americas Philosopher Of Democracy

Shane Ralston

John Dewey Americas Philosopher Of Democracy:

John Dewey David Fott,1998 Instructors of political theory will rejoice at this brief and original interpretation of the philosophical influences on John Dewey s political thought Examining Dewey s evolving conception of liberalism David Fott illuminates his subject s belief in democracy more fully than it has ever been explained before By comparing and contrasting Dewey s thought with that of Socrates Fott convincingly casts doubt on claims that Dewey offers a defensible middle ground between moral absolutism and moral relativism Democracy and Education John Dewey,2015-12-25 1 Renewal of Life by Transmission The most notable distinction between living and inanimate things is that the former maintain themselves by renewal A stone when struck resists If its resistance is greater than the force of the blow struck it remains outwardly unchanged Otherwise it is shattered into smaller bits Never does the stone attempt to react in such a way that it may maintain itself against the blow much less so as to render the blow a contributing factor to its own continued action While the living thing may easily be crushed by superior force it none the less tries to turn the energies which act upon it into means of its own further existence If it cannot do so it does not just split into smaller pieces at least in the higher forms of life but loses its identity as a living thing As long as it endures it struggles to use surrounding energies in its own behalf It uses light air moisture and the material of soil To say that it uses them is to say that it turns them into means of its own conservation As long as it is growing the energy it expends in thus turning the environment to account is more than compensated for by the return it gets it grows Understanding the word control in this sense it may be said that a living being is one that subjugates and controls for its own continued activity the energies that would otherwise use it up Life is a self renewing process through action upon the environment In all the higher forms this process cannot be kept up indefinitely After a while they succumb they die The creature is not equal to the task of indefinite self renewal But continuity of the life process is not dependent upon the prolongation of the existence of any one individual Reproduction of other forms of life goes on in continuous sequence And though as the geological record shows not merely individuals but also species die out the life process continues in increasingly complex forms As some species die out forms better adapted to utilize the obstacles against which they struggled in vain come into being Continuity of life means continual readaptation of the environment to the needs of living organisms We have been speaking of life in its lowest terms as a physical thing But we use the word Life to denote the whole range of experience individual and racial When we see a book called the Life of Lincoln we do not expect to find within its covers a treatise on physiology We look for an account of social antecedents a description of early surroundings of the conditions and occupation of the family of the chief episodes in the development of character of signal struggles and achievements of the individual s hopes tastes joys and sufferings In precisely similar fashion we speak of the life of a savage tribe of the Athenian people of the American nation Life covers customs institutions beliefs victories and defeats recreations and occupations *John Dewey and American Democracy* Robert B. Westbrook,2015-06-09 Over a career spanning

American history from the 1880s to the 1950s John Dewey sought not only to forge a persuasive argument for his conviction that democracy is freedom but also to realize his democratic ideals through political activism Widely considered modern America's most important philosopher Dewey made his views known both through his writings and through such controversial episodes as his leadership of educational reform at the turn of the century his support of American intervention in World War I and his leading role in the Outlawry of War movement after the war and his participation in both radical and anti communist politics in the 1930s and 40s Robert B Westbrook reconstructs the evolution of Dewey's thought and practice in this masterful intellectual biography combining readings of his major works with an engaging account of key chapters in his activism Westbrook pays particular attention to the impact upon Dewey of conversations and debates with contemporaries from William James and Reinhold Niebuhr to Jane Addams and Leon Trotsky Countering prevailing interpretations of Dewey's contribution to the ideology of American liberalism he discovers a more unorthodox Dewey a deviant within the liberal community who was steadily radicalized by his profound faith in participatory democracy Anyone concerned with the nature of democracy and the future of liberalism in America including educators moral and social philosophers social scientists political theorists and intellectual and cultural historians will find John Dewey and American Democracy indispensable reading

Democracy and Education John Dewey, 2024-02-27 The American philosopher John Dewey transformed how people around the world view the purposes of schooling In *Democracy and Education* 1916 Dewey opposed the model of education in which adults lecture at students and students follow strict rules Instead Dewey called upon schools to provide children with experiences such as gardening sewing building structures conducting experiments in laboratories and performing in school plays For Dewey democratic education teaches young people to become creative individuals who contribute to society This edition makes *Democracy and Education* come alive for a new generation of readers The editor's introduction explores the main themes of the book and how Dewey's ideas contribute to debates about education standards testing accountability school choice free school lunch recess student discipline and education technology Each chapter begins with a brief overview clarifying the argument and its present day relevance and ends with questions to prompt conversations and research papers Drawing on more than a century of secondary literature on Dewey's philosophy this new edition will become the standard for scholars teachers and students

America's Public Philosopher John Dewey, 2021-01-12 John Dewey was America's greatest public philosopher His work stands out for its remarkable breadth and his deep commitment to democracy led him to courageous progressive stances on issues such as war civil liberties and racial class and gender inequalities This book collects the clearest and most powerful of his public writings and shows how they continue to speak to the challenges we face today An introductory essay and short introductions to each of the texts discuss the current relevance and significance of Dewey's work and legacy The book includes forty six essays on topics such as democracy in the United States political power education economic justice science and society and philosophy

and culture These essays inspire optimism for the possibility of a more humane public and political culture in which citizens share in the pursuit of lifelong education through participation in democratic life The essays in *America's Public Philosopher* reveal John Dewey as a powerful example for anyone seeking to address a wider audience and a much needed voice for all readers in search of intellectual and moral leadership

Democracy and Education John Dewey, 1916 In this book Dewey tries to criticize and expand on the educational philosophies of Rousseau and Plato Dewey's ideas were seldom adopted in America's public schools although a number of his prescriptions have been continually advocated by those who have had to teach in them

Democracy and Education John Dewey, 2013-08-22 *Democracy and Education* is a truly wonderful book with none of the dogmatic pretense or scientific methods features in so many competing treatises John Dewey's ideas are fresh original and beautifully crafted Rather than presenting Dewey's ideas as explicit recommendations to be implemented *Democracy and Education* provides a general exploration of educational aims and processes In *Democracy and Education* Dewey explores closely connected concepts which are left out of other educational texts His writing is clear and concise Despite the passage of time John Dewey remains as one of the greatest educational philosophers Many of Dewey's catch phrases such as learning by doing are now commonly repeated in educational circles If you have not done so already take the time to read *Democracy and Education* and see if you don't agree that it eclipses all other books on education

John Dewey, America's Peace-Minded Educator Charles F. Howlett, Audrey Cohan, 2016-07-27 Although his work and life have been well documented John Dewey's role in the postwar peace movement has been generally overlooked In *America's Peace-Minded Educator* the authors take a close look at John Dewey's many undertakings on behalf of world peace

The Political Writings John Dewey, 1993-01-01 This welcome anthology presents for the first time in one volume John Dewey's major political writings Ranging throughout his career the selections display Dewey's philosophical method his controversial views on war and education his essential contributions to democratic theory and his distinctive brand of progressive political ideology A substantial introductory essay sets the selections in historical context explains their continuing relevance to American politics and explores the revival of interest in Dewey in recent years

John Dewey, America's Peace-Minded Educator Charles F. Howlett, Audrey Cohan, 2016-07-27 One of America's preeminent educational philosophers and public intellectuals John Dewey is perhaps best known for his interest in the study of pragmatic philosophy and his application of progressive ideas to the field of education Carrying his ideas and actions beyond the academy he tied his philosophy to pacifist ideology in America after World War I in order to achieve a democratic world order Although his work and life have been well documented his role in the postwar peace movement has been generally overlooked In *John Dewey America's Peace-Minded Educator* authors Charles F. Howlett and Audrey Cohan take a close look at John Dewey's many undertakings on behalf of world peace This volume covers Dewey's support of and subsequent disillusionment with the First World War as well as his postwar involvement in trying to prevent another world war Other topics include his interest in peace movements

in education his condemnation of American military intervention in Latin America and of armaments and munitions makers during the Great Depression his defense of civil liberties during World War II and his cautions at the start of the atomic age The concluding epilogue discusses how Dewey fell out of favor with some academics and social critics in the 1950s and explores how Dewey's ideas can still be useful to peace education today Exploring Dewey's use of pragmatic philosophy to build a consensus for world peace Howlett and Cohan illuminate a previously neglected aspect of his contributions to American political and social thought and remind us of the importance of creating a culture of peace through educational awareness

The American Evasion of Philosophy Cornel West, 1989-12-01 A study of American pragmatism this book looks at all the different stages from the Emersonian roots through the dilemma of the mid century pragmatic intellectual up to the decline and resurgence of American pragmatism It also discusses prophetic pragmatism

John Dewey John Narayan, 2016-01-29 This electronic version has been made available under a Creative Commons BY NC ND open access license This book argues that John Dewey should be read not as a local American thinker but rather as a philosopher of globalisation Although his work is rooted in late nineteenth and early twentieth century America its principal concern is with the role of the United States in a globalised world Tracing Dewey's emergence as a global democrat through an examination of his work from *The Public and Its Problems* 1927 onward the book shows how he sets out an evolutionary form of global and national democracy one that has not been fully appreciated even by contemporary scholars of pragmatism In returning to and recovering this neglected dimension of Dewey's political philosophy the book highlights how his insights about globalisation and democracy can inform present theoretical debates

Political Philosophy in the Twentieth Century Catherine H. Zuckert, 2011-08-29 This book demonstrates the rich diversity and depth of political philosophy in the twentieth century Catherine H Zuckert has compiled a collection of essays recounting the lives of political theorists connecting each biography with the theorist's life work and explaining the significance of the contribution to modern political thought The essays are organized to highlight the major political alternatives and approaches Beginning with essays on John Dewey Carl Schmitt and Antonio Gramsci representing the three main political alternatives liberal fascist and communist at mid century the book proceeds to consider the lives and works of migrants such as Hannah Arendt Eric Voegelin and Leo Strauss who brought a continental perspective to the United States after World War II The second half of the collection contains essays on recent defenders of liberalism such as Friedrich Hayek Isaiah Berlin and John Rawls and liberalism's many critics including Michel Foucault Jürgen Habermas and Alasdair MacIntyre

John Dewey and American Democracy Robert Brett Westbrook, 1991

American Philosophy: An Encyclopedia John Lachs, 2008-03-31 The Encyclopedia of American Philosophy provides coverage of the major figures concepts historical periods and traditions in American philosophical thought Containing over 600 entries written by scholars who are experts in the field this Encyclopedia is the first of its kind It is a scholarly reference work that is accessible to the ordinary reader by explaining complex ideas in simple terms and providing
