That God May Be All in All Ryan L. Rippee, 2018-03-02 Christology and Pneumatology have long been major preoccupations for theologians and rightly so but the work of God the Father has been surprisingly neglected Through a biblical and exegetical study of the Father s person and work Paterology this book argues that among the persons of the Trinity the Father is the initiator of all divine activity Furthermore it is in the context of a loving eternal relationship with the Son and Spirit that the Father has planned and purposed all things creating through the Son and by the Spirit promising and

accomplishing redemption through the sending of the Son and the Spirit and perfecting salvation by bringing about a new heavens and new earth through his Son and Spirit The only proper response is a Trinitarian shaped life of worship that worships our Triune God     Help for Holiness Paul F. Evans,2018-10-30 At one time there was a great deal of interest in the topic of holiness but not so much anymore Theological wrangling and impossible legalism has left many in the church frustrated and confused with part of that confusion arising from idealism in the pulpit that rang hollow in the lives and experiences of ordinary believers But what if there was significant help from God in the enterprise of living a morally triumphant life where habitual sinning was not inevitable and where the development of godly character was possible and found through a maturing relationship with God and growth in the Christian life The apostle Paul certainly thought so In Help for Holiness author and senior pastor Paul F Evans revisits the topic of holiness and explores Paul s admonition that believers shouldn t seek more rules legalism nor give in to moral pessimism that says we cannot help but sin every day in word thought and deed Instead through morally transformative justification and regeneration followed by a commitment to the crucifixion of the old life in the death of Christ we can be raised to new life which through ongoing surrender to the Spirit can in fact produce the conduct and character God is looking for In this postmodern world we do not need to abandon an emphasis on righteous and holy living God really has made a provision for us to succeed morally Holiness was started by grace and God will complete it in us by grace through the Spirit     Hebrews Dana M. Harris,2019-07-15 The Exegetical Guide to the Greek New Testament EGGNT closes the gap between the Greek text and the available lexical and grammatical tools providing all the necessary information for greater understanding of the text     *A Biblical Approach to Mission in Context* Michael Ufok Udoekpo,2022-12-19 *A Biblical Approach to Mission in Context* is an erudite collection of twenty essays with forewords and epilogue produced to honor Professor Teresa Okure s contribution to the study of biblical theology in context It also stands in its own right as a vade mecum of current trends in biblical scholarship gender and contextual hermeneutics Written by an international array of respected scholars Okure s colleagues former students siblings and fellow commentators this volume includes detailed exegetical studies discussion on theological methods and contextual approaches from a variety of standpoints and an effort to relate biblical exegesis theology and inculturation faith hermeneutics to the current interest in social contextual interpretation that reflects values beyond the African context In sum the breadth of interests and enthusiasm found in this volume is a testimony to the intellectual and pastoral vitalities and passion that Teresa Okure herself brought to the discipline of biblical studies The brief narrative of personal encounter written by Bernadette Okure SHCJ forewords by John Cardinal Onaiyekan and Bishop Camillus Raymond Umoh as well as an insightful epilogue by Fr Aniedi Okure OP provide additional insight into the historical and socio cultural contexts within which Okure s formation and contributions unfolded     The Real Royal Family James E. Schultz,2021-03-26 God made human beings in his image and that is what makes us so valuable Yet there are vastly different ideas of what the image means and how sin affects the image and

each of those ideas impacts the claim that the image grounds human value. People have treated one another in either horrible or wonderful ways based on their theologies of the image. This book examines the logical implications of various image doctrines in the real world. Also in Genesis 1:26-27 the image of God is closely tied to the first stated purposes of human life in Genesis 1:28. Yet such practical purposes seem remote from the private spirituality of the gospel story often heard in churches. To live out our part in God's creation project we need to understand the image of God within the unfolding story Scripture narrates from creation to new creation. This book builds a theology of the image of God by situating it firmly in the biblical narrative, harnessing the insights of biblical theology and conversing with theologians past and present to form a coherent story of God, his children, and his creation in this age and the age to come. *The New Worship* Barry Wayne Liesch, 2001-04-01. Shows pastors how to balance new worship ideas with the traditional while focusing on the purpose of praise and fellowship.
