Geographic, 2011 *Secret Journeys of a Lifetime* presents 500 off the beaten path travel destinations around the world that are notable for their vistas, wildlife and historical and cultural significance. *Pioneer Photographers from the Mississippi to the Continental Divide* Peter E. Palmquist, Thomas R. Kailbourn, 2005 This biographical dictionary of some 3 000 photographers and workers in related trades active in a vast area of North America before 1866 is based on extensive research and enhanced by some 240 illustrations most of which are published here for the first time. The territory covered extends from central Canada through Mexico and includes the United States from the Mississippi River west to but not including the Rocky Mountain states. Together this volume and its predecessor *Pioneer Photographers of the Far West: A Biographical Dictionary 1840-1865* comprise an exhaustive survey of early photographers in North America and Central America excluding the eastern United States and eastern Canada. This work is distinguished by the large number of entries, by the appealing narratives that cover both professional and private lives of the subjects and by the painstaking documentation. It will be an essential reference work for historians, libraries and museums as well as for collectors of and dealers in early American photography. In addition to photographers the book includes photographic printers, retouchers and colorists and manufacturers and sellers of photographic apparatus and stock. Because creators of moving panoramas and optical amusements such as dioramas and magic lantern performances often fashioned their works after photographs, the people behind those exhibitions are also discussed.

Jenny's Journey with Cystic Fibrosis Julie Sunderland, 2016-12-30 This is the true story of Jennifer Sunderland and her experiences with an incurable lung disease. Her struggles and triumphs are documented as they happened year by year. Her personal relationship with Jesus Christ gave her the hope and strength to continue on.

Monumental Journey Stephen C. Pinson, Sylvie Aubenas, Olivier Caumont, Silvia A. Centeno, Thomas Galifot, Nora W. Kennedy, Grant B. Romer, Martina Rugiadi, Andrea E. Schlather, Lindsey S. Stewart, Andrew Szegedy-Maszak, Ariadna Cervera Xicotencatl, 2019-01-28 In 1842 the pioneering French photographer Joseph Philibert Girault de Prangey 1804-1892 set out eastward across the Mediterranean with daguerreotype equipment in tow. He spent the next three years documenting lands that were then largely unknown to the West including Greece, Egypt, Turkey, Syria and Lebanon in some of the earliest surviving photographic images of these places. *Monumental Journey* the first monograph in English on this brilliant yet enigmatic artist explores the hundreds of daguerreotypes Girault made during his unprecedented trip, offering a rare early look at sites and cities that have since been altered, sometimes irrevocably, by urban, environmental and political change. Beautiful full-scale reproductions of Girault's photographs, many published here for the first time, and incisive essays shed new light on the arc of his career and his groundbreaking contributions to the burgeoning fields of photography, archaeology and architectural history. *Monumental Journey* presents an artist of astonishing innovation whose work occupies a singular space at the border of history and modernity, tradition and invention, endurance and evanescence.
