Greek And Roman Historians Information And Misinformation:

Greek and Roman Historians Michael Grant,1995 The author argues that the writings of ancient historians such as Herodotus Thucydides and Tacitus are full of misinformation and should be interpreted with care and even suspicion

History of Psychiatry and Medical Psychology Edwin R. Wallace,John Gach,2010-04-13 Most of the prefatory issues are extensively elaborated upon in the Prolegomenon which also contains the complete references to the texts and authors discussed below Nevertheless the Preface would be grossly incomplete without touching on some of these issues books and scholars Too many of this book s chapters e g Mora s Marx s D B Weiner s examine and reference important earlier as well as contemporary general histories of psychiatry and specialized monographs in German French Italian and Spanish Also in his 1968 Short History of Psychiatry discussed below Ackerknecht pp xi xii references important nineteenth and earlier twentieth century psychiatric histories in English French and German Such citations will of course not be repeated here Finally thanks to several publishers re editions of dozens of classical psychiatric texts one can consult their bibliographies as well See Prolegomenon for references to these splendid series In a rough and ready sense medical history began in classical Greece for example On Ancient Medicine While traditionally included in the Hippocratic corpus this text seems more likely to have been written by a non or even anti Hippocratic doctor Moreover the Hippocratic and other schools were hardly as secular as we now suppose On Epilepsy for example does not so much declare the prevalent denotation of it as the sacred disease erroneous as it does that it is no more nor less sacred than any other disease

Questioning the Historicity of Jesus Raphael Lataster,2019-07-01 This volume moves beyond the mainstream scholarly scepticism over the Christ of Faith and considers if there is sufficient evidence to establish the existence of the more mundane Historical Jesus Using the logical tools of the analytic philosopher Lataster finds that the relevant sources are unreliable as historical documents and that the key method of those purporting that the Historical Jesus existed is to appeal to sources that do not exist Considering an ancient hypothesis suggesting that Jesus began as a celestial messiah that certain Second Temple Jews already believed in and was later allegorised in the Gospels Lataster discovers that it is more reasonable to at least be agnostic over Jesus historicity

Simon of Samaria and the Simonians M. David Litwa,2024-03-07 Who were the Simonians Beginning in the mid second century CE heresiologists depicted them as licentious followers of the first gnostic a supposedly Samaritan self deifier called Simon who was thought to practice magic and became known as the father of all heresies Litwa examines the Simonians in their own literature and in the literature used to refute and describe them He begins with Simonian primary sources namely The Declaration of Great Power embedded in the anonymous Refutation of All Heresies and The Concept of Our Great Power Nag Hammadi codex VI 4 Litwa argues that both are early second century

products of Simonian authors writing in Alexandria or Egypt Litwa then moves on to examine the heresiological sources related to the Simonians Justin the book of Acts Irenaeus the author of the Refutation of All Heresies Pseudo Tertullian Epiphanius and Filaster He shows how closely connected Justin's report is to the portrait of Simon in Acts and offers an extensive exegesis and analysis of Simonian theology and practice based on the reports of Irenaeus and the Refutator Finally Litwa examines Simonianism in novelistic sources namely the Acts of Peter and the Pseudo Clementines By the time these sources were written Simon had become the father of all heresies Accordingly virtually any heresy could be attributed to Simon As a result despite their alluring portraits of Simon these sources are mostly unusable for the historical study of the Simonian Christian movement Litwa concludes with a historical profile of the Simonian movement in the second and third centuries The book features appendices which contain Litwa's own translations of primary Simonian texts

Did Jesus Rise from the Dead? Matthew Levering, 2019-02-21 The Resurrection of Jesus is at the very root of Christian faith without belief in Jesus Christianity dies In this thought provoking work Matthew Levering defends the credibility of the claim that Jesus rose from the dead Drawing on the work of N T Wright Levering shows that the historical evidence vindicates this assumption and reveals that the Gospels were backed by eyewitnesses who were living and telling their stories even during the time of the writing of the Gospels The author also emphasises the importance of evaluating the Old Testament to validate Jesus Resurrection By highlighting the desire both in the ancient world and now to make the Resurrection more comprehensible by spiritualizing it Levering argues that the fact that the disciples themselves did not do this provides a further clue to reliability Finally the author addresses the question of why Jesus does not continue to show himself in his glorified flesh after his resurrection which is often seen as a strong case for scepticism However he shows that Jesus entire mission is predicated upon helping us to avoid cleaving to the present world over God He is leading us to where he is the kingdom of God the beginning of the new creation at the Father s right hand By developing these arguments for the historical reality of Jesus Resurrection this ground breaking study expertly draws together historical and theological reasons for believing that Jesus Resurrection happened
