Brill's Companion to Ancient Greek and Roman Warfare on Film, 2023-12-18 Brill's Companion to Ancient Greek and Roman Warfare on Film is the first volume exclusively dedicated to the study of a theme that informs virtually every reimagining of the classical world on the big screen armed conflict Through a vast array of case studies from the silent era to recent years the collection traces cinema's enduring fascination with battles and violence in antiquity and explores the reasons both synchronic and diachronic for the central place that war occupies in celluloid Greece and Rome Situating films in their artistic economic and sociopolitical context the essays cast light on the industrial mechanisms through which the ancient battlefield is refashioned in cinema and investigate why the medium adopts a revisionist approach to textual and visual sources

War as Spectacle Anastasia Bakogianni, Valerie M. Hope, 2015-10-22 *War as Spectacle* examines the display of armed conflict in classical antiquity and its impact in the modern world The

contributors address the following questions how and why was war conceptualized as a spectacle in our surviving ancient Greek and Latin sources How has this view of war been adapted in post classical contexts and to what purpose This collection of essays engages with the motif of war as spectacle through a variety of theoretical and methodological pathways and frameworks They include the investigation of the portrayal of armed conflict in ancient Greek and Latin Literature History and Material Culture as well as the reception of these ancient narratives and models in later periods in a variety of media The collection also investigates how classical models contribute to contemporary debates about modern wars including the interrogation of propaganda and news coverage Embracing an interdisciplinary approach to the study of ancient warfare and its impact the volume looks at a variety of angles and perspectives including visual display and its exploitation for political capital the function of internal and external audiences ideology and propaganda and the commentary on war made possible by modern media The reception of the theme in other cultures and eras demonstrates its continued relevance and the way antiquity is used to justify as well as to critique later conflicts

The Reception of Ancient Greece and Rome in Children's Literature

, 2015-09-07 Greece and Rome have long featured in books for children and teens whether through the genres of historical fiction fantasy mystery stories or mythological compendiums These depictions and adaptations of the Ancient World have varied at different times however in accordance with changes in societies and cultures This book investigates the varying receptions and ideological manipulations of the classical world in children's literature Its subtitle Heroes and Eagles reflects the two most common ways in which this reception appears namely in the forms of the portrayal of the Greek heroic world of classical mythology on the one hand and of the Roman imperial presence on the other Both of these are ideologically loaded approaches intended to educate the young reader

Cinema and Classical Texts Martin M. Winkler, 2009-02-12 This book interprets films as visual texts and demonstrates the affinities between Greco Roman literature and the cinema

Classical Reception Anastasia Bakogianni, Luis Unceta Gómez, 2024-07-22 In a time of acute crisis when our societies face a complex series of challenges race gender inclusivity changing pedagogical needs and a global pandemic we urgently need to re access the nature of our engagement with the Classical World This edited collection argues that we need to discover new ways to draw on our discipline and the material it studies to engage in meaningful ways with these new academic and societal challenges The chapters included in the collection interrogate the very processes of reception and continue the work of destabilising the concept of a pure source text or point of origin Our aim is to break through the boundaries that still divide our ancient texts and material culture from their reception and interpretive communities Our contributors engage with these questions theoretically and or through the close examination of cultural artefacts They problematise the concept of a Western elitist canon and actively push the geographical boundaries of reception as both a local and a global phenomenon Individually and cumulatively they actively engage with the question of how to marshal the classical past in our efforts to respond to the challenges of our mutable contemporary world

The Hero and the Grave Alireza Vahdani, 2018-08-15 The theme of death is an essential component of film narrative particularly in how it affects the hero Filmmakers from different cultures and backgrounds have developed distinct yet archetypal perspectives on death and the protagonist's response Focusing on Western and Japanese period genre films the author examines the work of John Ford 1894 1973 Akira Kurosawa 1910 1998 and Sergio Leone 1929 1989 and finds similarities regarding death's impact on the hero's sense of morality

Marina Carr and Greek Tragedy Salomé Paul, 2024-03-26 Marina Carr and Greek Tragedy examines the feminist transposition of Greek

tragedy in the theatre of the contemporary Irish dramatist Marina Carr Through a comparison of the plays based on classical drama with their ancient models it investigates Carr's transformation not only of the narrative but also of the form of Greek tragedy As a religious and political institution of the 5th century Athenian democracy tragedy endorsed the sexist oppression of women Indeed the construction of female characters in Greek tragedy was entirely disconnected from the experience of womanhood lived by real women in order to embody the patriarchal values of Athenian democracy Whether praised for their passivity or demonized for showing unnatural agency and subjectivity women in Greek tragedy were conceived to reassert the supremacy of men Carr's theatre stands in stark opposition to such a purpose Focusing on women's struggle to achieve agency and subjectivity in a male dominated world her plays show the diversity of experiencing womanhood and sexist oppression in the Republic of Ireland and the Western societies more generally Yet Carr's enduring conversation with the classics in her theatre demonstrates the feminist willingness to alter the founding myths of Western civilisation to advocate for gender equality

Greek Tragedy Edith Hall, 2010-01-21 This is an invaluable introduction to ancient Greek tragedy which discusses every surviving play in detail and provides all the background information necessary for understanding the context and content of the plays Edith Hall argues that the essential feature of the genre is that it always depicts terrible human suffering and death but in a way that invites philosophical enquiry into their causes and effects This enquiry was played out in the bright sunlight of open air theatre which became a key marker of the boundary between living and dead The first half of the book is divided into four chapters which address the social and physical contexts in which the plays were performed the contribution of the poets actors funders and audiences the poetic composition of the texts their performance conventions main themes and focus on religion politics and the family The second half consists of individual essays on each of the surviving thirty three plays by the Greek tragedians and an account of the recent performance of Greek tragic theatre and tragic fragments An up to date Suggestions for further reading is included

Classical Antiquity and the Cinematic Imagination Martin M. Winkler, 2024-02-14 This book aims to enhance our appreciation of the modernity of the classical cultures and conversely of cinema's debt to ancient Greece and Rome It explores filmic perspectives on the ancient verbal and visual arts and applies what is often referred to as pre cinema and what Sergei Eisenstein called cinematism that paintings statues and literature anticipate modern visual technologies The motion of bodies depicted in static arts and the vividness of epic ecphrases point to modern features of storytelling while Plato's Cave Allegory and Zeno's Arrow Paradox have been related to film exhibition and projection since the early days of cinema The book additionally demonstrates the extensive influence of antiquity on an age dominated by moving image media as with stagings of Odysseus arrow shot through twelve axes or depictions of the Golden Fleece Chapters interpret numerous European and American silent and sound films and some television productions and digital videos

Class, Culture and Tragedy in the Plays of Jez Butterworth Sean McEvoy, 2020-12-29 Jez Butterworth is undoubtedly one of the most popular and commercially successful playwrights to

have emerged in Britain in the early twenty first century This book only the second so far to have been written on him argues that the power of his most acclaimed work comes from a reinvigoration of traditional forms of tragedy expressed in a theatricalized working class language Butterworth s most developed tragedies invoke myth and legend as a figurative resistance to the flat and crushing instrumentalism of contemporary British political and economic culture In doing so they summon older resonant narratives which are both popular and high cultural in order to address present cultural crises in a language and in a form which possess wide appeal Tracing the development of Butterworth s work chronologically from Mojo 1995 to The Ferryman 2017 each chapter offers detailed critical readings of a single play exploring how myth and legend become significant in a variety of ways to Butterworth s presentation of cultural and personal crisis
