Thomas King Eva Gruber, 2012 Thomas King is one of North America's foremost Native writers best known for his novels including *Green Grass Running Water* for the Dreadful Water mysteries and for collections of short stories such as *One Good Story That One* and *A Short History of Indians in Canada*. But King is also a poet, a literary and cultural critic and a noted filmmaker, photographer and scriptwriter and performer for radio. His career and oeuvre have been validated by literary awards and by the inclusion of his writing in college and university curricula. Critical responses to King's work have been abundant yet most of this criticism consists of journal articles and to date only one book-length study of his work exists. *Thomas King: Works and Impact* fills this gap by providing an up-to-date comprehensive overview of all major aspects of King's oeuvre as well as its reception and influence. It brings together expert scholars to discuss King's role in and impact on Native literature and its processes of canonization and to offer in-depth analyses of his multifaceted body of work. The volume will be of interest to students and scholars of literature, English and Native American studies and to King aficionados.

Canadian Literature Faye Hammill, 2007-09-13 An important critical study of Canadian literature placing internationally successful anglophone Canadian authors in the context of their national literary history. While the focus of the book is on twentieth century and contemporary writing it also charts the historical development of Canadian literature and discusses important eighteenth and nineteenth century authors. The chapters focus on four central topics in Canadian culture: Ethnicity, Race, Colonisation, Wildernesses, Cities, Regions, Desire and Histories and Stories. Each chapter combines case studies of five key texts with a broad discussion of concepts and approaches including postcolonial and postmodern reading strategies and theories of space, place and desire. Authors chosen for close analysis include Margaret Atwood, Michael Ondaatje, Alice Munro, Leonard Cohen, Thomas King and Carol Shields.

The Awakening in Plain and Simple English (Includes Study Guide, Complete Unabridged Book, Historical Context, Biography and Chat) Kate Chopin, 2012-10 Kate Chopin's *The Awakening* is considered her greatest work. It also can be difficult to understand; it is loaded with themes, imagery and symbols. If you need a little help understanding it, let BookCaps help with this study guide. Along with chapter-by-chapter summaries and analysis, this book features the full text of Chopin's classic novel. BookCap Study Guides are not meant to be purchased as alternatives to reading the book.

Thinking with Water Cecilia Chen, Janine MacLeod, Astrida Neimanis, 2013-10-01 Emphasizing the role that vivid personalities including engineers John Laing Weller and Alex Grant as well as contractors and labourers played in the construction of the canal, Roberta Styran and Robert Taylor use archival sources, government documents, newspapers, maps and original plans to describe a saga of technological, financial, geographical and social obstacles met and overcome in an accomplishment akin to the building of the Canadian

American Mythologies William Blazek, Michael K. Glenday, 2005-01-01 In its more than three decades of existence the discipline of American studies has been reliably unreliable its boundaries and assumptions forever shifting as it continuously repositions itself to better address the changing character of American life literature and culture American Mythologies is a challenging new look at the current reinvention of American studies a reinvention that has questioned the whole notion of what American let alone American studies means Essays in the collection range widely in considering these questions from the effect of Muhammad Ali on Norman Mailer's writings about boxing to the interactions of myth and memory in the fictions of Jayne Anne Phillips to the conflicted portrayal of the American West in Cormac McCarthy's novels Four essays in the collection focus on Native American authors including Leslie Marmon Silko and Gerald Vizenor while another considers Louise Erdrich's novels in the context of Ojibwa myth By bringing together perspectives on American studies from both Europe and America American Mythologies provides a clear picture of the current state of the discipline while pointing out fruitful directions for its future

The Post-Marked World Sumit

Chakrabarti, Krystyna Kujawińska Courtney, 2013-07-29 It is a cliché now to claim that we live in a postmarked world and indeed the postisms are some of the most used and abused expressions in the language. In a general sense the various kinds of postisms are regarded as a rejection of a prevailing number of cultural certainties on which our life in the so-called Western world has been structured since the eighteenth century. Engaging with the postisms can be regarded as both a philosophical and political endeavour which demonstrates among other things the instability of language, meaning, narrativity and generally any formal systems. In the wake of such theoretical aporia this volume represents an investigation in the rethinking of the implications of the term post in current theoretical parlance. Is there a politics always already embedded within the post? Do we need the post any more? Did we in the first place need it at all? Is it possible to counter essentialism with the post prefix? These are some of the questions the volume raises and explores by examining the postmarked terms in the theoretical market. The essays included in this volume address different and relevant issues related to the idea of the post and those that are representative of different parts of the globe. Thus a reader of the volume will not only have a bird's-eye view of the various disciplines where the concept of the post is used but also an eclectic range of contributions about issues that engage with different socio-political dynamics from various parts of the world.
