Toseland, Paul H. Ephross, 1987 Two leaders in the field of social work with groups address the need for more knowledge about the collective processes and practices centered around the task of work objectives In this important book the editors have assembled a rich collection of articles on work with administrative groups Contributors demonstrate how groups in the workplace particularly those in social welfare agencies can be facilitated in achieving objectives by the professional approach of the skilled group worker Concepts are presented for analyzing the group processes and group dynamics found in administrative groups The practical skills needed for serving as effective leaders and members of administrative groups are discussed as well as qualitative and quantitative approaches for examining the efficacy of administrative group meetings The Handbook for Working with Difficult Groups Sandy Schuman, 2010-03-18 WE VE ALL EXPERIENCED the challenges associated with working with groups but The Handbook for Working with Difficult Groups turns the idea of difficult groups on its head Rather than view groups as inherently difficult it looks at the factors that make working with groups difficult Individual chapters focus on challenges such as involving dissenters building external perspectives reducing complaining adapting to cultural differences

incorporating diversity facilitating inclusion working virtually resolving identity based conflict transforming unproductive behavior patterns preventing workplace harassment and strengthening accountability The book first provides a framework for thinking systemically about the many and varied ways in which working with a group can be difficult Building on that framework the contributors each address three basic issues How the group is difficult a description of a real group and the observable phenomena that reflect the group s difficulty Why the group is difficult an exploration of the underlying causes of the difficulty What you can do about it what you can do as a group facilitator leader or member to help the group

Decision-Making Groups and Teams Steven Silver, 2013-11-12 In recent years there has been increasing implementation of group and team decision making within organizations much of it managed electronically between members of what are virtual groups or teams Recent research into effective team implementation emphasizes trust as an intermediary process and trust must be a part of any account of team decision making This book provides an integrated framework that represents process in decision making by interactive groups and teams This framework furthers both our understanding of process and our capabilities in implementation based on an account of group decision making that differentiates the information types contributing to decision quality and relates them to process in interactive groups and teams Author Steve Silver emphasizes the social structure that is inherent in the interaction of decision makers as group or team members and effects on the information they exchange *The Wiley Blackwell Handbook of the Psychology of Team Working and Collaborative Processes* Eduardo Salas, Ramon Rico, Jonathan Passmore, 2020-04-06 A state of the art psychological perspective on team working and collaborative organizational processes This handbook makes a unique contribution to organizational psychology and HRM by providing comprehensive international coverage of the contemporary field of team working and collaborative organizational processes It provides critical reviews of key topics related to teams including design diversity leadership trust processes and performance measurement drawing on the work of leading thinkers including Linda Argote Neal Ashkanasy Robert Kraut Floor Rink and Daan van Knippenberg Team-Based Learning Larry K. Michaelsen, Arletta Bauman Knight, L. Dee Fink, 2002-12-30 Team learning is an especially powerful way of using small groups Different authors have used different terms when writing about small groups learning groups collaborative learning cooperative learning and team learning Despite the varying terminology all refer to the same idea putting individual students in a class into small groups for the purpose of promoting more active and more effective learning By creating a course structure that involves small groups in the initial acquisition of course content in learning how to apply that content and in the assessment of student learning the procedures of team learning offer teachers an extremely powerful tool for creating several kinds of higher level learning The key to using this tool successfully lies in understanding a few key principles of team dynamics and then learning how to apply those principles to specific subject matter and in a variety of teaching situations This book explains those principles and shows how team learning transforms the structure of the course transforms small groups into teams and transforms the quality of student learning
