

The background of the book cover is a photograph. On the left, Nicolas Sarkozy is shown in profile, wearing glasses and a dark suit. To his right, a line of French soldiers in camouflage uniforms is visible, with the French flag patch on their sleeves. The overall tone is serious and military.

Guerres Pr Sident David Revault Dallannes:

The Palgrave Handbook of Peacebuilding in Africa Tony Karbo, Kudrat Virk, 2018-01-30 This handbook offers a critical assessment of the African agenda for conflict prevention peacemaking peacekeeping and peacebuilding the challenges and opportunities facing Africa s regional organisations in their efforts towards building sustainable peace on the continent and the role of external actors including the United Nations Britain France and South Asian troop contributing countries In so doing it revisits the late Ali Mazrui s concept of Pax Africana calling on Africans to take responsibility for peace and security on their own continent The creation of the African Union in 2002 was an important step towards realising this ambition and has led to the development of a new continental architecture for more robust conflict management But as the volume s authors show the quest for Pax Africana faces challenges Combining thematic analyses and case studies this book will be of interest to both scholars and policymakers working on peace security and governance issues in Africa Africa and the World Dawn Nagar, Charles Mutasa, 2017-10-25 This book probes key issues pertaining to Africa s relations with global actors It provides a comprehensive trajectory of Africa s relations with key bilateral and major multilateral actors assessing how the Cold War affected the African state systems political policies its economies and its security Taken together the essays in this volume provide a collective understanding of Africa s drive to improve the capacity of its state of global affairs and assess whether it is in fact able to do so **Survival 59.6** The International Institute for Strategic Studies (IISS), 2023-04-21 Survival the bi monthly publication from The International Institute for Strategic Studies is a leading forum for analysis and debate of international and strategic affairs With a diverse range of authors thoughtful reviews and review essays Survival is scholarly in depth while vivid well written and policy relevant in approach Shaped by its editors to be both timely and forward thinking the publication encourages writers to challenge conventional wisdom and bring fresh often controversial perspectives to bear on the strategic issues of the moment The Ethics of War and Peace Revisited Daniel R. Brunstetter, Jean-Vincent Holeindre, 2018-01-10 How do we frame decisions to use or abstain from military force Who should do the killing Do we need new paradigms to guide the use of force And what does victory mean in contemporary conflict In many ways these are timeless questions But they should be revisited in light of changing circumstances in the twenty first century The post Cold War post 9 11 world is one of contested and fragmented sovereignty contested because the norm of territorial integrity has shed some of its absolute nature fragmented because some states do not control all of their territory and cannot defeat violent groups operating within their borders Humanitarian intervention preventive war and just war are all framing mechanisms aimed at convincing domestic and international audiences to go to war or not as well as to decide who is justified in legally and ethically killing The international group of scholars assembled in this book critically examine these frameworks to ask if they are flawed and if so how they can be improved Finally the volume contemplates what all the killing and dying is for if victory ultimately proves elusive *French Interventions in Africa* Stefano Recchia, Thierry

Tardy, 2020-12-17 This book explores France's African intervention policy and related legitimization strategies through the United Nations, the European Union and various ad hoc multilateral frameworks. France's enduring ability to project military power on the African continent and influence political events there has been central to its self-perception as a major power. However, since the end of the cold war, France's paternalistic interference has been increasingly questioned, not least by African audiences. This has produced a gradual and somewhat reluctant turn to multilateralism on the part of French leaders. Drawing on in-depth case studies of recent French intervention policy, this edited volume critically assesses France's efforts to reassure critics by securing multilateral endorsements, share burdens and liabilities through collective implementation and re-affirm its status as a major power by spearheading complex missions. The chapters in this book were originally published as a special issue of the Journal of Strategic Studies.

La transformation des armées Grégory Daho, 2017-02-20 Depuis la fin de la guerre froide, les organisations militaires ont connu de profondes transformations. Professionnelles et engagées dans des conflits asymétriques, elles se sont adaptées aux bouleversements d'un environnement stratégique qui n'est plus régi par l'équilibre entre superpuissances. Pourtant, le secteur militaire pour aussi discipliné et rationnel qu'il est, ne se reforme pas d'une façon plus autoritaire que n'importe quel autre. Face au déterminisme consistant à dire que cette métamorphose est la seule évolution du contexte international, cet ouvrage se propose de réincarner l'analyse du changement institutionnel en milieux militaires. Qui sont les officiers des armées modernes ? Comment voient-ils notre monde ? Pourquoi se sont-ils engagés et comment se mobilisent-ils ? Derrière des enjeux aussi cruciaux que la transformation des organisations, la fabrication des doctrines ou les réformes de la politique de défense, l'ouvrage soutient l'hypothèse d'une revanche des généraux, c'est-à-dire d'un réajustement des relations entre autorités politiques et hauts gradés dans un contexte marqué par une multiplication des interventions, une réintégration des officiers au cœur des circuits décisionnels et une désinhibition de leur prise de parole publique.

Erreurs fatales Vincent Nouzille, 2017-01-04 Que ce soit par aveuglement, naïveté ou passivité, nos présidents successifs ont depuis plus de trente ans commis des erreurs fatales face au terrorisme, avec des conséquences graves pour notre sécurité. Improvisations après les attentats réformés, retardés ou bâclés, gestion chaotique des prises d'otages, marginalisation des juges, déni de la montée du djihadisme, erreurs du renseignement, confusions diplomatiques, faux pas militaires comme en Libye ou en Syrie, dérapages en Afrique : la liste est longue. Longtemps, nos présidents ont cru que la France serait protégée par un dispositif judiciaire et policier qu'ils croyaient efficace. Mais le feu couvait : les alertes ont été nombreuses et nos gouvernants ne les ont pas entendues, y compris au lendemain des attaques meurtrières de 2015 dont certaines auraient pu être évitées. Alors que plusieurs vagues d'attentats ont mis en lumière les carences du pilotage de la lutte antiterroriste et du renseignement, ainsi que l'absence de coordination et de prévention, rien n'a été fait pour y remédier efficacement. Pendant deux ans, Vincent Nouzille a enquêté sur ces ratages en recueillant des témoignages inédits d'acteurs de premier plan et en collectant des centaines de documents confidentiels. Des rives de la cellule antiterroriste de Mitterrand

aux surenchères martiales de Hollande en passant par les rapports enterrés par Chirac et l'affaiblissement du renseignement de terrain par Sarkozy son récit apporte de nombreuses révélations sur la lutte antiterroriste vue de l'extérieur et dresse un bilan accablant de l'action ou de l'inaction de nos présidents face à une menace grandissante. Il démontre que le prochain lui devra avant tout faire preuve en la matière de lucidité et de courage. Vincent Nouzille, journaliste d'investigation indépendant, collabore régulièrement au Figaro Magazine et réalise des documentaires de télévision après avoir travaillé notamment pour L'Express, Marianne et France Inter. Il est l'auteur de nombreuses enquêtes de référence dont *Les Tueurs de la République* (Fayard, 2015) dans laquelle il révélait l'existence des assassinats ciblés de candidats par François Hollande. L'abdication Aquilino Morelle, 2017-01-11. Après moi, il n'y aura plus de grand Président. avait prophétisé François Mitterrand. Peut-être en effet la prose du réel devait-elle succéder à la poésie des lendemains qui chantent. Mais l'abandon du romantisme révolutionnaire ne nous condamnait pas inexorablement celui de la volonté politique. Comment en est-on arrivé là ? Pour la première fois, ce n'est pas François Hollande qui distille ses confidences ni un ministre ses missions, ses commentaires ou un journaliste ses observations, mais un conseiller de premier plan dont le bureau, la chambre d'Eugénie jouxtait celui du Président de la République qui nous fait voyager au cœur de la machine de l'État. Il ne se contente pas de raconter mille et une choses vues, écrites et dialogues vécus. Il analyse avec une profondeur historique éclairante les tendances lourdes, comme les traits de caractère qui ont conduit notre monarque républicain à l'abdication. Une abdication qu'il a annoncée aux Français le 1er décembre 2016, mais dont on découvrira ici qu'il y avait consenti dès le premier jour de son mandat. À travers ce témoignage prennent vie non seulement un Président demeuré pour beaucoup une énigme entourée d'un mystère caché dans un secret, mais aussi les figures qui veulent refonder une politique progressiste dans notre pays qu'ont dit et fait Manuel Valls, Arnaud Montebourg, Emmanuel Macron et les autres lors des grands rendez-vous du quinquennat qui s'achève. Un livre politique de haute tenue. *Où sont passés nos espions ?* Christophe Dubois, Eric Pelletier, 2017-01-11. La France a longtemps tergiversé sur son sol par les attentats. Ce n'est plus le cas. Nos services antiterroristes sont ils dépassés par les événements ? Comment tant de fanatiques ont-ils pu échapper à la traque des plus grandes agences de renseignement ? Plusieurs reprises, les services les ont manqués de peu. Ces échecs se sont doublés d'une erreur d'analyse. Pourquoi la montée en puissance de l'État islamique et de son Califat a-t-elle été sous-estimée ? Que va-t-il se passer lorsque les Français radicalisés rentreront de l'étranger ? Malgré des arrestations répétitives qui ont permis de déjouer des attentats, l'État peine à combattre une forme de guerre souterraine, discrètement enracinée dans des cités hors d'atteinte de la police et de l'armée. Nos espions ont-ils su s'adapter à ces nouvelles menaces ? Dès lors, quoi sert-il de surveiller 10 500 suspects si l'on ne parvient pas à exploiter les informations recueillies ? Comment l'État peut-il mieux nous protéger ? Un document qui nous concerne tous, fondé sur une remarquable enquête. The French Polity William Safran, 2015-10-05. Peace Operations in the Francophone World Bruno Charbonneau, Tony Chafer, 2014-05-09 This book critically examines peacebuilding humanitarian intervention and peace operation practices and experiences in francophone spaces Francophone Africa as a specific space is relatively little studied in the peace and security literature despite the fact that almost half of all peacekeepers are deployed or were deployed in this part of Africa during the last decade It is an arena for intervention that deserves more serious attention if only because it provides fertile ground for exploring the key questions raised in the peacekeeping and peacebuilding literature For instance in 2002 a French operation Licorne was launched and in 2003 a UN force was deployed in Côte d'Ivoire alongside the French force there Filling a gap in the current literature **Peace Operations in the Francophone World** critically examines peacekeeping and peacebuilding practices in the francophone world including but not limited to conflict prevention and resolution security sector reform SSR francophone politics and North South relations The book explores whether peace and security operations in francophone spaces have exceptional characteristics when compared with those carried out in other parts of the world and assesses whether an analysis of these operations in the francophone world can make a specific and original contribution to wider international debates about peacekeeping and peacebuilding This book will be of much interest to students of peacekeeping peacebuilding peace and conflict studies African politics security studies and IR in general

Liberté d'expression Anne-Sophie Chazaud, 2020-09-16 Que s'est-il passé Cinq ans après l'assassinat des membres de la rédaction de Charlie Hebdo où nous nous tions juré la main sur le cœur que plus rien ne saurait nous faire taire le constat est terrible conférences universitaires supprimées expositions censurées lois liberticides en tous genres surveillance d'internet procès lynchages médiatiques au point que ce sont tous les types d'expression qui sont désormais sous pression et parfois frappés interdits L'enjeu de ce livre

est de comprendre comment ces diverses formes de censures sociale judiciaire et politique s'articulent et se complètent pour former un véritable système dont il est devenu très difficile de s'extraire. Non pas seulement la censure de type institutionnel émanant de l'Etat et du pouvoir politique dont on montrera le regain de vigueur mais aussi la censure qui provient de la sociale même privatisée par le biais d'un déficit juridique spécifique qui sera ici discuté. En définitive il s'agit de montrer que nous sommes dans ce étrange paradoxe actuel pouvoir tout dire en apparence condition de ne rien exprimer condition de rester le plus inexpressif possible. Or refuser la conflictualité sans laquelle aucune vérité ne peut être mise au jour notre société risque beaucoup plus tragiquement.
