Elmore, 2025-02-15 Inside The Great Gatsby The Hidden Subtext is a revolutionary analysis of the famed novel that reveals its important previously unknown literary foundations drawn from classical and modern literature including the works of Dante Milton Conrad Spengler Frazer Weston Joyce Eliot and the King James Bible Other studies of the novel have focused primarily on its biographical cultural or social issues but none prior to Elmore s have systematically examined the unrecognized debts Gatsby owes to previous literary works The ultimate irony is that Gatsby lauded as one of the greatest novels in the English language earned its stature based solely on recognition of only a part of its whole the literal narrative or surface story without realization or acknowledgment of its foundational subtext the hidden layer that links it to the universal library of human experience most of which remained undetected until the centennial year of the novel s original publication **X-Kit Literature Series: FET Great Gatsby**, 2005 **Notes Plus**, 1983 **Literary analysis for English Literature for the IB Diploma** Carolyn P.
