Grace for All Clark H. Pinnock,John D. Wagner,2015-03-31 Did Christ atone for the sins of humanity on the cross Does God desire all people to be saved and direct his grace toward all people for that purpose There are some Christians following a deterministic paradigm who believe this is not true They believe God has predestined some people for heaven and many or even most for hell The rising tide of Calvinism and its TULIP theology needs to be respectfully answered Grace for All The Arminian Dynamics of Salvation features a distinguished international panel of scholars to examine this controversy These writers address issues such as election free will grace and assurance They make compelling scriptural arguments for the universality of God s grace contending that Christ atoned for the sins of all people and that God sincerely offers forgiveness for all through Christ This book strives to uncover the biblical position on salvation We hope the reader will enjoy this stimulating series of articles on the Arminian perspective and that it will spur further writing and discussion Grace for All The Arminian Dynamics of Salvation is an updated and revised version of Grace Unlimited a 1975 collection of scholarly articles assembled by the late Clark H Pinnock of McMaster Divinity College

The Grace of God, the Will of Man Clark H. Pinnock,1989 The Grace of God the Will of Man A Case for Arminianism was written by an impressive team of evangelical scholars from many traditions This work carries on the ancient debate about the scope of God s saving purposes and the

manner of his effecting salvation in human beings It defends the proposition that God is a dynamic personal Agent who respects the freedom he chose to delegate to his human creatures and relates sensitively to us in the outworking of his plans for the whole of history God is love and expresses his power by working salvation among us under conditions of genuine mutuality The contributors to this volume are Christian scholars who are eager to present this evangelical model as an alternative to deterministic theology They do not claim to have said the last word on the subject but want at least to keep the ball of theological discussion in play
