believers laity have not yet become part of interfaith dialogue activities Many are unaware of such activities because often they don't take place where ordinary people spend their daily lives Others shy away because interfaith dialogue activities are too specialized But Joseph's experience growing up in a multireligious context in India taught him that the participation of ordinary believers is necessary if interfaith dialogue is to achieve its intended results Christian Zen Dialogue focuses on narratives of faith in Christianity and Zen Can these sacred stories gospel stories of Jesus and Chan Zen stories K\_ans be a starting point for dialogue between the two faiths The book focuses on two aspects First what model of interfaith dialogue can help Catholics and Zen followers of all walks of life engage in faith dialogue while remaining in their own life situations Second how can they make use of the common elements found in their narratives of faith as the most appropriate starting point for dialogue between them To achieve the intended results Joseph applies the hermeneutic phenomenological approach of Paul Ricoeur
