

Happiness, true happiness, is an inner quality. It is a state of mind. If your mind is at peace, you are happy. If your mind is at peace, but you have nothing else, you can be happy. If you have everything the world can give pleasure, possessions, power - but lack peace of mind, you can never be happy.

Inner Peace Find Real Happiness In Life:

101 Mantras for Living with Really Happier Experiences in Life Ratan Budhani, 2018-09-24 These are some of the excerpts from the book Why are we born This question poses a great challenge for many of us The best answer to this would be The poor long for riches the rich long for heaven but the wise long for a peaceful mind In order to perform optimally you need to nurture your body You wouldn't fill your car with sludge leave it in the garage for five years and then expect it to win a race Every day you are impacting the world and every day you are creating your life through your thoughts Think whatever you like big or small rich or poor fair or unfair and those thoughts will strive to become the things and events of your life It's an immutable law Every human action is either driven by fear or by greed Beyond the shadow of a doubt both are negative vibrations One of the best ways you can MAKE yourself happier in all your attempts is begin to come from a positive vibration and that's love Your expectations can literally influence your real life experiences So be aware and consciously choose to create positive expectation with everything you do Do what you love and enjoyment will follow Do what you love and you will feel more fulfilled Do what you love and the money will seem less relevant Do what you love and you'll never work a day in your life Alongside love what you do and you come out a shining star Enjoy the process and be willing to accept what comes your way No matter how successful you are if you have not stopped to enjoy yourself along the way your success is half full Secret of happiness is not found in receiving more but in developing the capacity to enjoy more Mistakes come from acting in ignorance or in innocence or through carelessness or acting hastily or acting in fear or acting in worry or acting in doubt or acting under anxiety

Lead Us Not into Temptation Raymond Arroyo Jr., 2010-06-07 Lead Us Not Into Temptation is a spiritual book as given to me by God This book is different from other spiritual books in that it connects man with his sole link to God and that is through his own soul Regardless of one's religion or persuasion this book is for all people to find their way back to God For secularism religion and intellectualism have failed miserably in bringing true peace and love into this world be it in the past our present and probably in our future also Jesus once said truly truly you must be born again of the spirit For that which is of water is water the body and that which is of spirit is spirit For the Father is spirit and for us to worship Him we must worship in spirit and in truth

This is a universal law the same for all people all over the world regardless of their religious beliefs For we all worship the same one God and He must be worshipped in spirit and in truth The purpose of this book is to help people change from their secular life to a spiritual life and to develop a closer walk with God in their daily lives By which we then begin to worship God the Father in spirit and in truth This is the one pathway never chosen by man and is the pathway to peace on earth and good will towards all men It is the pathway to the salvation for all mankind Part One Lead Us Not Into Temptation explores the history of man back to the Garden of Eden and the first temptation where man falls from grace Man after that incident embarks on a journey of secularism worldliness and materiality which only separates him more and more from God Although man has had the opportunity to live in the time of the great prophets of God and with Jesus himself he has still maintained a steady course in his secular worldly lifestyle constantly refusing to follow the spiritual path of God This stubbornness of man has brought him to where we find our world today in the grips of a huge recession and probably a depression and world tensions and terrorism threatening the peace of the world Part Two Deliver Us From Evil teaches how one can develop a life of spirituality and redemption from both God and from oneself I begin with the prophecies of God as given to us in the Holy Bible and in the Bible codes I explain how these prophecies line up with our generation living on Earth right now and are 100% accurate and have all been fulfilled to date They are Gods warning to us that we cannot go on living worldly secularly lives for we are reaching the end of the road the End Times as predicted in the bible It is a warning meaning we can change the future from doom and gloom to eternal bliss but it is up to each of us That unless we are willing to make some very fundamental changes in our lives towards one another and to God we wont survive as a civilization That without faith hope and love in God we are doomed to repeat our mistakes I teach the power of prayer and how that through prayer with God one will find the answer and changes for their lives I show how a prayer life is the only link we have to God the Father Through daily prayer one will begin the process of recreating a life of spirituality I teach the principles of a spiritual life and the fruits of Gods Holy Spirit How God works the fruits into your life changing you from your former self imperfections and dislikes into the new person filled with the wonderful fruits of Gods Holy Spirit I explain that the key of life is love for without love there could be no God no universe no us This book is for all people of all races all religions to find the cure to life that has escaped them all through the years It will unite the reader to a one to one relation with God and a healing and rebirth for their souls

Buddha in our Daily Life Dr. K.P. Wasnik, 2021-12-16 There is sufficient material wealth in the world today, but there is no real peace and security. Something must be lacking. What is lacking is loving kindness and goodwill amongst mankind. Ignorance and delusion, according to Buddha, are at the root of the problem. Life is in a constant state of flux. Nothing stays the same. The four sufferings of birth, old age, sickness, and death are eternal aspects of life from which no one can escape. The Buddha sees existence as a series of pains, many of which are self-created. This book describes the vital teachings of the Buddha. By practicing some vital concepts taught by Buddha, we are able to manage the various challenges a chaotic world throws at us. One who studies and doesn't practice is like a spoon in a soup pot. It is in the pot every day, but it doesn't know the flavour of the soup. To enjoy a happy and peaceful life, we need to apply Buddha's teachings in our daily lives, which we will learn from this book.
