The Evolution of International Criminal Procedure Giovanni Chiarini, 2024-07-23 This book examines the evolution of international criminal procedure from the 1945 1946 Nuremberg and Tokyo trials to the present period It is largely based on a normative jurisprudential approach to the procedural rules comparing both norms and case law of the relevant courts and tribunals The book shows the possibility of classifying international criminal procedure as an autonomous concept and field of study which is constantly evolving due to the interaction of different legal cultures that characterizes this subject matter and is derived from the varied procedures as established in both statutory law and jurisprudence Far from being an autonomous entity international criminal procedure now represents a great compromise between the legal traditions of different ICC member States What emerges is the historical evolution of an international criminal procedure with a unique identity a very real third way between the traditional dichotomy of common law and civil law between the Anglo Saxon and the European Roman Law oriented legal traditions The book will be of interest to academics scholars and researchers working in the areas of international criminal law comparative law criminal procedure and legal history as well as judges and international legal professionals

essential reading for anyone approaching law for the first time or for anyone who is interested in an engaging introduction to the subject's bigger picture Law: The Basics Gary Slapper, David Kelly, 2012-09-10 An engaging introduction to one of the most complex areas of modern life The book introduces both the main components of the legal system including judges juries and law makers and key areas of law contract civil negligence and criminal law to provide the uninitiated with an ideal introduction to law Key questions to be considered include How are laws made How do judges decide cases What is the exact role of the EU in the legal system What are your rights and duties under contract law What is a crime and what are criminal defences Throughout the book a wide range of contemporary cases are examined to relate key legal concepts to familiar examples and real world situations Spectacles and Specters Başak Ertür, 2022-11-15 WINNER SLSA SOCIO LEGAL THEORY AND HISTORY PRIZE SHORTLISTED THE HART SLSA BOOK PRIZE Spectacles and Specters draws on theories of performativity to conceptualize the entanglements of law and political violence offering a radical departure from accounts that consider political trials as instrumental in exercising or containing political violence Legal scholar Başak Ertür argues instead that making sense of the often incalculable interpenetrations of law politics and violence in trials requires shifting the focus away from law's instrumentality to its performativity Ertür develops a theory of political trials by reconstructing and building on a legacy of critical thought on Nuremberg in close engagement with theories of performativity She then offers original case studies that introduce a new perspective by looking beyond the Holocaust trials to the Armenian genocide and its fragmentary legal aftermaths These cases include the 1921 trial of Soghomon Tehlirian the 2007 21 Hrant Dink Murder Trial and the 2015 case before the European Court of Human Rights concerning the denial of the Armenian genocide Enabling us to capture the various modalities in which the political emerges in through and in relation to legal forms on the stage of the trial this focus on law's performativity also allows us to account for how sovereign schemes can misfire and how trials can come to have unintended political lives and afterlives Further it reveals how law is entangled with and perpetuates certain histories of violence rather than simply ever mastering these histories or providing closure **Current Publications in Legal and Related Fields** ,2008 **Due Process and International Terrorism** Roza Pati, 2009-11-23 Acts of terror on a global scale are straining to the breaking point the due process guarantees of the legal systems of modern democracies In unequalled breadth and depth this book analyzes the rights of persons suspected of a crime in normal times and emergencies from the pre trial phase to the trial and the post trial period under all the universal and regional human rights treaty regimes pertinent customary international law general principles of law international humanitarian law as well as the hybrid procedures developed by international criminal tribunals The book then presents a detailed analysis of United States due process guarantees in peacetime and in war and the executive legislative and judicial responses to the attacks of September 11 2001 Professor Pati appraises the American actions in terms of international law's due process guarantees and proposes courses of action which can better defend a public order of human dignity *The British National Bibliography*

Arthur James Wells,2006 *American Nuremberg* Rebecca Gordon,2016-04-05 No subject is more hotly debated than the extreme measures that our government has taken after 9 11 in the name of national security Torture extraordinary rendition drone assassinations secret detention centers or black sites massive surveillance of citizens But while the press occasionally exposes the dark side of the war on terror and congressional investigators sometimes raise alarms about the abuses committed by U S intelligence agencies and armed forces no high U S official has been prosecuted for these violations which many legal observers around the world consider war crimes The United States helped establish the international principles guiding the prosecution of war crimes starting with the Nuremberg tribunal following World War II when Nazi officials were held accountable for their crimes against humanity But the American government and legal system have consistently refused to apply these same principles to our own officials Now Rebecca Gordon takes on the explosive task of indicting the officials who in a just society should be put on trial for war crimes Some might dismiss this as a symbolic exercise But what is at stake here is the very soul of the nation **Power and Pleasure** Dirk Baltzly,Dougal Blyth,Harold Tarrant,2001 *Congressional Record* United States.
