boundaries broadly to include allied sites of research such as professional and technical writing across the curriculum programs writing centers and writing program administration. Importantly they represent composition as a dynamic eclectic field influenced by factors both within the academy and without. The editors and their sixteen seasoned contributors have created a comprehensive and thoughtful exploration of composition studies as it stands in the early twenty-first century. Given the rapid growth of this field and the evolution of its research and pedagogical agendas over even the last ten years, this multi-vocal introduction is long overdue.
