Happiness is Free Hale Dwoskin,2020-04-01

That which every one of us is looking for in this world is exactly the same thing Every Being even the animal is looking for it And what is it that we are all looking for Happiness with no sorrow A continuous state of happiness with no taint whatsoever of sorrow Now if this be the Goal why is it the Goal The reason why it is the Goal is because imperturbable happiness is our very basic nature And what is imperturbable happiness Complete and total freedom and that is freedom to do or not to do anything and everything This is the real natural state before we encumber it with limitations

Technique III Lester Levenson, Yuri Spilny, 2018-07-09 Yuri You have captured the essence What I read is a beautiful testimony to the power of Love I think for each of us the path is the same yet different But people like you are beacons who simply by example embody the potential of living life from another higher perspective In the language of the Course of Miracles you are a miracle worker Miracles are their word for changes in perception path from fear to love I believe the Course of Miracles is a sacred text I also feel that your teaching might prove to make its message more accessible to the thousands of people who read it are captured by its power yet find it hard to actually practice It could be a world changing message yet it needs people like you who already live its principles to help spread the message of the transformational power of Love Jim Nowak In 1953 Lester Levenson made an incredible discovery For decades it was concealed behind the Releasing Technique It is called The Transformation Process a simple and powerful method that Lester discovered and employed to realize Love and Freedom in three months You can have be and do whatever you will or desire says Lester The only thing stopping you is the accumulation of negative thoughts and feelings which you are subconsciously holding Here Lester offers Transformation of the entire negative subconscious past into Love a Supreme Releasing process that brought him Love and Freedom

makes you ask yourself Can I learn to trust something more than my own mind Like Alice in Wonderland and her steps through the mirror am I really so close and still not seeing IT has been within me all the time Why do I insist on hanging on to my mind s guidance when it really knows so little about Life the Universe and all that it contains Can I quiet my mind long enough to give my heart the first say in the rest of my life s journey I have found this to be a priceless exercise And I am now embracing this journey that I have always been on but for the first time with an embracing of no limits to the volume of love I can contain I ve turned the mirror around and I see my inner self Jill Sloan Kernville CA For me the best thing about Freedom Technique was the discovery of certain very real concrete and key psychological methods the practice of which can only but lead to increased awareness love and to result in healing success and enlightenment These methods take a very balanced and gentle approach helping to calmly and work with feelings we would rather run away from In doing so one learns to become one s own full time psychologist an enormous growth step for almost everyone With proper practice it can lead to the emergence of the ideal inner parent who binds up the wounds and dresses the scars of our not so easy lives But the book has more than just psychotherapeutic value Much care and attention is devoted to placing the Freedom Technique method into the center of an entire religious world view This holistic approach leads the reader beyond just himself and his problems and beyond the questions hurts and limitations which mere psychology could never answer heal or transcend By offering a horizon of utter fulfillment Freedom Technique strengthens and gives courage to readers to start on the path of awareness and love critical to healing success and wholeness Thomas Finnell Ohio I want to tell you that Freedom Technique really works It takes some effort but it s worth it Things started happening to me things I wanted but was afraid of and thought impossible to happen It was something I wished for during the whole summer And it came without any work on my part It just came And I was able to take advantage of every moment without thinking of the past or future Really it was so exciting to see how things came together in a perfect manner It s like suddenly I was able to complete the hardest puzzle Polina Moscow Russia
