Nothing reflects on the centuries long debate in Christianity how do we reconcile the existence of evil in the world with the goodness of an omnipotent God and how does God's omnipotence relate to people's responsibility for their own salvation or damnation Leszek Kolakowski approaches this paradox as both an exercise in theology and in revisionist Christian history based on philosophical analysis Kolakowski's unorthodox interpretation of the history of modern Christianity provokes renewed discussion about the historical intellectual and cultural omnipotence of neo Augustinianism Several books a year wrestle with that hoary conundrum but few so dazzlingly as the Polish philosopher's latest Carlin Romano Washington Post Book World Kolakowski's fascinating book and its debatable thesis raise intriguing historical and theological questions well worth pursuing Stephen J Duffy Theological Studies Kolakowski's elegant meditation is a masterpiece of cultural and religious criticism Henry Carrigan Cleveland Plain Dealer

Metaphysical Horror Leszek Kolakowski, 2001-07 A modern philosopher who has never once suspected himself of being a charlatan writes Leszek Kolakowski at the start of this endlessly stimulating book must be such a shallow mind that his work is probably not worth reading For over a century philosophers have argued that philosophy is impossible or useless or both Although the basic agenda dates back to the days of Socrates there is still disagreement about the nature of truth reality knowledge good and God This may make little practical difference to our lives but it leaves us with a feeling of radical uncertainty described by Kolakowski as metaphysical horror Is there any way out of this cul de sac This trenchant analysis confronts these dilemmas head on Philosophy may not provide definitive answers to the fundamental questions yet the quest itself transforms our lives It may undermine most of our certainties yet it still leaves room for our spiritual yearnings and religious beliefs Kolakowski has forged a dazzling demonstration of philosophy in action It is up to readers to take up the challenge of his arguments
