**Soul'S Journey** Rev. Dr. Becky Rector MDiv,2017-09-11 Many people have asked themselves What is my hearts desire This question can be confusing Perhaps you arrived at a point when you felt confident in what your hearts desire looked like You may have even started making the choice to go after it whatever it is only to have something get in your way maybe more than once This barrier that always seems to pop up may have manifested as fear either your own or that of a loved one that pulled you away from your decision This fear of the unknown may have forced you to stay in your current situation No matter how this barrier manifested it seemed to get in your way every time Now some people may believe this interference is a sign from the utmost Or perhaps they believe that by staying in their current situation they will find a new happiness that will lead to contentment So which is the true hearts desire The answer is simple Its the one that when you see yourself obtaining it gives you the most joy and happiness Its the one that makes your heart race      **Divine Audacity** Linda

Martella-Whitsette,2025-09-12 Experience Oneness with the Divine and Light Up the World On the publication of her first book Larry Dossey MD author of Prayer Is Good Medicine wrote Martella Whitsett is a wise guide Her new book makes the audacious claim that each of us can be the light of the world Jesus instructed his followers to be Martella Whitsett offers a path for living a deep and authentic life outside of the strictures of traditional religious categories A refreshing approach in essence on how to be spiritual without being religious We need to jettison the idea of a God who is out there and above us God is not a super human who gives and takes punishes and rewards God does not require human suffering and repentance We truly find God when we go inside to connect with divine light realize our oneness with God and others and let our light shine in the world Martella Whittset looks at what divine light is and how it is both audacious and normal to claim it for ourselves Next she introduces us to 12 spiritual powers we can all develop and learn to use on a daily basis faith understanding will imagination zeal power love wisdom strength order release and life itself When we consciously shine our spiritual powers on ourselves not only are our lives improved but all of humanity can be enriched and transformed Let your

light shine     I Don't Know... the way of Knowing [Second Edition] D.E. Paulk,2021-09-01 I Don t Know is the required confession needed to be granted admission to the path of enlightenment and to The Way of Knowing I Know is conclusive ending finite and therefore devastating I Know is an enemy of immortality and nemesis to The Way of Knowing We are all infinite spirits and the offspring of the Infinite Creator When we discover the I Don t Know within we unleash our Infinite nature and unearth the Endless Us Are you ready to put on immortality     Shattering the Christian Looking Glass Philip Charleston,2009-07-07 Shattering the Christian Looking Glass dismembers the towering edifice of Catholic dogma Short highly readable but immensely powerful Shattering challenges the Church to defend its dogma and the Church s legitimacy

**To Heaven Through Hell: A Book About Challenging and Changing Destructive Religious Beliefs** Sue Wilson,2014-03-13 Whether we re talking about eternal Heaven and Hell in Western religions or Reincarnation and Karma in religions of the East Sue Wilson shares overwhelming evidence that what most religions teach about what happens when we die is totally wrong and fosters irrational fear and extreme codependency She asserts that contrary to these unsubstantiated teachings death is a positive experience for everyone Wilson is not an outsider looking in on this subject She s a former minister s wife and missionary to Africa a world traveler and a retired world history and geography teacher In To Heaven Through Hell she shares an incredible journey into the invisible realm beyond the physical world through a number of spontaneous paranormal or sixth sense experiences along with her extensive research from theologians psychologists psychiatrists doctors scientists and a host of others in the helping professions all of which refute religion s erroneous teachings concerning life after death Among her many sixth sense experiences are a powerful near death experience in which she cries out to the God she has learned to fear in fundamental Christianity and is assured that God s love is unconditional not only for herself but for all of us the appearance of her father s ghost who tells her that when he died he went to God immediately and was fully immersed in love and understanding as we ll all be when we die and an amazing regression experience which helps her understand that the purpose of reincarnation is opportunity not karma Wilson encourages readers to formulate healthy beliefs about God and the universe She shows how embracing positive beliefs about life after death especially removes the fear of dying and enables us to get on with the wonderful business of living She helps readers tap their own sixth sense and gives a problem solving model that incorporates all the senses the five traditional ones the controversial sixth and a seventh sense we often overlook in our desperate search for answers common sense And though she acknowledges that religious institutions have done much good in the world she challenges them to admit to the damage they have also done with destructive teachings about life and death and to replace them with better ones To acknowledge that all religions are resources not roadmaps including their own And to turn their buildings into lively classrooms where their members can find solutions to the real problems they face as human beings using good ideas from all disciplines in society and rejecting the rest     *7 Keys To Mental Health Freedom* Joshua Alexander,2022-08-07 Proven strategies for mental

**Spiritual Practicality** Rev. Douglas Fisichella, 2016-01-15 Energy follows thought. Creation on any level is the result of conscious choice facilitated by mind and brought into physical reality through action based on the desire to see the idea realized. The understanding of these concepts brings extraordinary power and responsibility into the life of the so-called average person. These are not impractical ideas ill-suited to modern life. Spiritual Practicality is the integration of your spiritual life in its totality to practical living. You live spiritually through every experience because your awareness is changed. When you truly live spiritually you will find that every aspect of your inner life has a practical application in the modern world. The so-called Success Principles of our age are the Spiritual Principles of the ages and the Ageless Wisdom teachings. Equipped with the Seven Keys to the mysteries we will reveal the beauty, unity, and yes, the practicality of the spiritual life. There is something irresistible about this book. It is an unusual and masterful blend of common sense, clear writing, and advanced metaphysics in a style that is both mature and accessible. Wonderful for seekers of all ages and stages. Jonathan Ellerby, PhD, bestselling author of *Return to the Sacred*. Take the 7 keys and open the door to a realm of knowledge and wisdom masterfully presented by Ageless Wisdom student of 30 years, Douglas Fisichella. Prepare to embark on a journey that will inspire your own greatness. Liz Sterling, Author, Radio Personality, Motivational Speaker. A wonderfully broad survey of the universal wisdom teachings which lie at the heart of both eastern and western traditions. Rev. Fisichella displays an unusual knack for bringing the teachings alive, making them easily accessible and absorbing to both beginning and seasoned students. Kathryn Gann, Director, Theosophical Society in America.

**Keys to the Kingdom II** Rev. Dr. Gary Alexander Byrd, 2023-10-29 *Keys to the Kingdom II* reveals the hidden prophecies in the Bible by reimagining the scriptures. *Keys II* challenges the traditional view or interpretation of both Genesis and Revelation by engaging ancient astrology and the Bible Numerics. What emerges is a new truth in which Adam is not the first man God created. This assertion only confirms the overwhelming evidence of the earliest humanoids' existence on Earth as there is a long fossil record which predates Adam by a million years or more. Evolutionist vs. Creationist argument has raged for over a hundred years with either side satisfied with the other's explanation. There is nothing wrong with the Bible; what is problematic is man's interpretation of the text which early church fathers and theologians never consider Earth's long anthropological, archeological, and astrological past. By revealing the ancient astrology which is hidden in plain sight, Revelation's apocalyptic code is finally cracked. What is revealed is seventy to eighty percent of the Book of Revelation has already happened. Biblical prophecy is real and trustworthy as this terminal generation will continue to experience a number of unprecedented hardships and disasters as the fulfillment of End of Days prophecies are now upon the world.

was wholly hidden prior to the quantum discoveries Ervin L. Szilard author of Science and the Akashic Field Intuition the extraordinary ability to access information from the quantum realms is fast becoming humanity's most advanced form of knowledge acquisition The Illumination Code presents seven keys to unlock your inner dimension so you can access expanded states of awareness that exist beyond the limits of the rational mind Kim Chestney reveals the deeply personal nature of the universe while offering a new way to know the unknowable and experience the seemingly impossible As you venture inward on this step by step journey you will gain profound insights and discover the true power of your own inner wisdom

Seven Pleasures Willard Spiegelman, 2009-04-27 What does it mean to be happy Americans have had an obsession with the pursuit of happiness ever since the Founding Fathers enshrined it along with life and liberty as our national birthright Whether it means the accumulation of wealth or a more vaguely understood notion of self fulfillment or self actualization happiness has been an inevitable though elusive goal But it is hard to separate real happiness from the banal self help version that embraces mindless positive thinking And though we have two booming happiness industries religion with its promise of salvation and psychopharmacology with its promise of better living through chemistry each comes with its own problems and complications In Seven Pleasures Willard Spiegelman takes a look at the possibilities for achieving ordinary secular happiness without recourse to either religion or drugs In this erudite and frequently hilarious book of essays he discusses seven activities that lead naturally and easily to a sense of well being One of these dancing requires a partner and therefore provides a lesson in civility or good citizenship as one of its benefits The other six reading walking looking listening swimming and writing are things one performs alone Seven Pleasures is a marvelously engaging guide to the pursuit of happiness and all its accompanying delights
