The Writings of Mao Zedong, 1949-1976: January 1956-December 1957 Zedong Mao, 1986      **Let a Hundred Flowers Bloom** Zedong Mao, 1957      **A Hundred Flowers** Gail Tsukiyama, 2012-08-07 Novel about an ordinary family facing extraordinary times at the start of the Chinese Cultural Revolution      **36 Dirty Tricks From Ancient China** Chan Joon Yee, 2020-02-17 often translated as 36 Strategems have always been marketed as a guide for businessmen to give them an edge over their competitors But make no mistake these are just 36 dirty tricks used in China over thousands of years in war and swindle Most of these tricks cannot be ethically applied Some can be downright criminal In this book Singaporean author Chan Joon Yee nakedly illustrates the 36 dirty tricks in their original context with examples from both ancient and modern times He makes no attempt to market it as a business guide and sincerely hopes that his readers will read it purely for entertainment      **Troublemakers** Dieter Thomä, 2019-07-12 The political crises and upheavals of our age often originate from the periphery rather than the center of power Figures like Edward Snowden Julian Assange and Chelsea Manning acted in ways that disrupted power revealing truths that those in power wanted to keep hidden They are thorns in the side of power troublemakers in the eyes of the powerful though their actions may be valuable and lead to positive changes In this important new book Dieter Thom examines the crucial but often overlooked function of these figures on the margins of society developing a philosophy of troublemakers from the seventeenth century to the present day Thom takes as his starting point Hobbes s idea of the puer robustus literally stout boy meaning a figure who rebels against order and authority While Hobbes saw the puer robustus as a threat he also recognized the potential in the right conditions for figures to rise up and become agents of positive change Building on this notion Thom provides a rich survey of intellectuals who have been inspired by this idea over the past 300 years from Rousseau Diderot Schiller Victor Hugo Marx and Freud to Carl Schmitt Leo Strauss and Horkheimer right up to the recent work of Badiou and Agamben In doing so he develops a typology of the puer robustus and a means by which we can evaluate and assess the troublemakers of our own times Thom shows that troublemakers are an inescapable part of modernity for as soon as social and political boundaries are defined there will always be figures challenging them from the margins This book will be of great interest not only to students and scholars in the humanities and social sciences but to anyone seeking to understand the crucial impact of these liminal figures on our world today      **China Since 1919** Alan Lawrance, 2004 A sourcebook that tells the momentous history of China since 1919 mainly from the viewpoints of participants including extracts from telegrams speeches memoirs political statements and letters and poems      The Writings: v. 2: January 1956-December 1957 Zedong Mao, M.Y.M. Kau, Laifong Leung, 2019-07-23 This collection of the correspondence of Mao Zedong during the period 1956 to 1957 explores the question of legitimatizing the leadership of the CCP the pace of the socialist transformation of China s economy and the issue of the divergence of ideological opinion over the strategy of revolution      *SELECTED SHORT STORIES OF CHANDRASEKHAR RATH* Durga Prasad

in this book utilize a 3 level analysis to review the policy issue areas present analytic tools and frameworks and provide cases exercises for practice in applying the methods and frameworks International Public Policy Analysis is an essential upper level undergraduate and graduate textbook for courses on comparative public policy policy process political economy and international policy analysis and may also be used as required reading in introductory public affairs and policy courses at the graduate level
