**Stalin on Lenin** Joseph Stalin, 1946      **The Russian Revolution by V.I. Lenin and Joseph Stalin** Vladimir Il'ich Lenin, Josef Stalin, 1938      Lenin Wolfgang Ruge, 2010      *Lenin and Stalin on the State* Vladimir Il'ich Lenin, Joseph Stalin, 1941      **Lenin, Stalin, 1917** Vladimir Il'ich Lenin, 1938      *V.I. Lenin and J.V. Stalin on the State* Vladimir Il'ich Lenin, Joseph Stalin, 1978      *The Fathers of the Soviet Union* Charles River Editors, 2025-05-15

Among the leaders of the 20th century arguably none shaped the course of history as much as Vladimir Lenin 1870 1942 the Communist revolutionary and political theorist who led the Bolshevik Revolution that established the Soviet Union In addition to shaping the Marxist Leninist political thought that steered Soviet ideology he was the first Soviet premier until his death and set the Soviet Union on its way to becoming one of the world's two superpowers for most of the century in addition to being the West's Cold War adversary Given the Red Scare and the nature of the Cold War Lenin has always been a divisive and controversial figure in Western society especially among those who equate the Soviets with brutal repression and human rights abuses Lenin also has his champions who point to the fact that he got Russia out of World War I was the first to successfully implement a modern socialist state and worked tirelessly to elevate the working classes As it turned out the creation of the Soviet Union came near the end of Lenin's life as he worked so hard that he had burned himself out by his 50s dying in 1924 after a series of strokes had completely debilitated him Since his life before the Soviet Union naturally gets less focus Lenin remains a bit of an unknown among many and he is likely a lesser known or notorious figure than his successor Joseph Stalin If Adolf Hitler had not inflicted the devastation of World War II upon Europe it's quite likely that the West would consider Joseph Stalin 1878 1953 the 20th century's greatest tyrant A Bolshevik revolutionary who played a crucial role in the Russian Revolution of 1917 and the establishment of the Soviet Union Stalin was one of the Communist regime's earliest leaders and went about consolidating power after the death of Vladimir Lenin whose final wishes were that Stalin be removed from his post as General Secretary of the Communist Party and not be given the ability to take power Of course Stalin managed to do just that modernizing the Soviet Union at a breakneck pace on the backs of millions of poor laborers and prisoners Before World War II Stalin consolidated his position by frequently purging party leaders most famously Leon Trotsky and Red Army leaders executing hundreds of thousands of people at the least In one of history's greatest textbook examples of the idea that the enemy of my enemy is my friend Stalin's Soviet Union allied with Britain and the United States to defeat Hitler in Europe with the worst of the war's carnage coming on the eastern front during Germany's invasion of Russia Nevertheless the victory in World War II established the Soviet Union as one of the world's two superpowers for nearly 50 years in addition to being the West's Cold War adversary By the time Stalin died in 1953 it was written that he had found Russia working with wooden ploughs and is leaving it equipped with atomic piles Of course he was reviled in the West where it was written The names of Lenin Stalin and Hitler will forever be linked to the tragic course of European history in the first half of the

twentieth century      **Workers of the World, Unite** Vladimir Il'ich Lenin, 1938      **Vladimir Lenin, Joseph Stalin & Leon Trotsky** Charles River Charles River Editors, 2017-11-10 Includes pictures of Lenin Stalin Trotsky and important people places and events in their lives Explains each man's role in the Revolution and its aftermath Discusses the conspiracy theories surrounding Stalin's death and how Stalin came to power against Lenin's wishes Includes a bibliography for further reading Among the leaders of the 20th century arguably none shaped the course of history as much as Vladimir Lenin 1870-1924 the Communist revolutionary and political theorist who led the Bolshevik Revolution that established the Soviet Union In addition to shaping the Marxist Leninist political thought that steered Soviet ideology he was the first Soviet premier until his death and set the Soviet Union on its way to becoming one of the world's two superpowers for most of the century in addition to being the West's Cold War adversary As it turned out the creation of the Soviet Union came near the end of Lenin's life as he worked so hard that he had burned himself out by his 50s dying in 1924 after a series of strokes had completely debilitated him Near the end of his life he expressly stated that the regime's power should not be put in the hands of the current General Secretary of the Communist Party Joseph Stalin Of course Stalin managed to do just that modernizing the Soviet Union at a breakneck pace on the backs of millions of poor laborers and prisoners If Adolf Hitler had not inflicted the devastation of World War II upon Europe it's quite likely that the West would consider Joseph Stalin 1878-1953 the 20th century's greatest tyrant Before World War II Stalin consolidated his position by frequently purging party leaders most famously Leon Trotsky and Red Army leaders executing hundreds of thousands of people at the least In one of history's greatest textbook examples of the idea that the enemy of my enemy is my friend Stalin's Soviet Union allied with Britain and the United States to defeat Hitler in Europe with the worst of the war's carnage coming on the eastern front during Germany's invasion of Russia Nevertheless the victory in World War II established the Soviet Union as one of the world's two superpowers for nearly 50 years in addition to being the West's Cold War adversary Along with Vladimir Lenin Trotsky led the October Bolshevik Revolution of 1917 and held crucial posts in the early Soviet governments but after Lenin's death Trotsky was exiled persecuted and finally murdered at the behest of his arch rival Joseph Stalin For the final decade of his life Trotsky was a man trapped in between two worlds A communist seeking refuge in the capitalist West Trotsky was deemed a secret agent of the capitalist powers by Stalin's propaganda but the Soviet Union's enemies also viewed him with suspicion In the initial aftermath of Lenin's death Trotsky had been his ally's heir apparent and for those inclined to believe the Soviet experiment had started promisingly but gone astray Trotsky became the embodiment of the betrayed promise of the early Bolshevik revolution There were certain ironies in this widespread sympathetic interpretation of Trotsky's legacy For the Marxists and Marxist sympathizers appalled by Stalin's paranoid police state Gulag concentration camps and strict suppression of dissent Trotsky was viewed as a humane and cosmopolitan opposite to Stalin But Trotsky himself had overseen and spearheaded campaigns of persecution against Russians suspected of counterrevolutionary leanings and he had

written a long tract defending these terroristic measures as necessary safeguards of the revolution The Soviet Union s Big Three explores the lives and legacies of Lenin Trotsky and Stalin before the Bolshevik Revolution as well as the crucial roles they played in establishing the Soviet Union and turning it into a modern superpower     **Lenin in Action.
