Equitable and Inclusive School Education Bharti Kaushik, 2024-12-31. This book highlights the strategies and approaches to the practice of equitable and inclusive school education, elaborating the role of various stakeholders such as teachers, special educators, parents, peers, teacher educators, educational administrators, and Ed tech firms. The aim of this book is to create an understanding of equitable and inclusive school education, which is not restricted to children with disabilities but also includes children with different learning needs, as well as those from socially and economically disadvantaged sections of society. The focus is on presenting practical strategies that are grounded in theory and supported with research. The significance of screening at the classroom level, development of need-based accessible learning teaching materials, customizing the pedagogy practices for inclusive classrooms, need-based examination accommodations, leveraging the potential of Information and Communication Technology (ICT) to elicit the participation of all, and collaborative efforts toward realizing the optimum potential of each learner are a few basic ideas illustrated in the book with examples. The volume also discusses recent national and international policies for equitable and inclusive education, recommending courses of action for effective implementation of the existing provisions by teachers and educators. The book will be useful to students, researchers, teacher educators, special educators, special education teacher educators, pre-service teachers, and parents. It will also be an invaluable companion to in-service teachers, policymakers, and educational administrators, curriculum developers, and NGOs.
