Let's Talk Politics Adolf G. Gundersen, Ph.d., Suzanne Goodney Lea, Ph.d., 2013-03-14 It has become fashionable these days to decry the decline of public discourse and civility Let s Talk Politics explores why there is so much incivility plaguing our social discourse from the town hall meeting to the extended family s holiday gathering and why this should matter to all of us Rather than just describing the problem this book outlines how any and all of us can be a part of the solution by creating more productive dialogues one conversation at a time If you want to help create a better world buy this book and start talking The first chapter of the book reviews some of the evidence for the decline in civility but then quickly shifts gears to explain in depth why declining civility should concern us all A follow up chapter counters a series of common excuses for sitting on the political sidelines Part II presents a hands on and time tested approach for reversing the trend toward incivility one citizen or group of citizens at a time It presents an overview of the Interactivity Foundation discussion process an explanation of why it is likely to promote civility and evidence that it actually has The book s last set of chapters amount to a how to manual They offer easy to follow instructions for organizing conducting and following up on discussions that can encourage civility

**The Civility Book** Nolan Finley, Stephen Henderson, 2025-06-10 A guide to maintaining respectful relationships across America s political cultural and racial divide Once pitted as adversarial counterparts as the opinion editors of Detroit s right and left leaning newspapers veteran journalists Nolan Finley and Stephen Henderson join forces in this groundbreaking work to champion a novel approach to political discourse Finley a resolute conservative and Henderson a committed progressive defy expectations by demonstrating that civil conversation is not only possible but also richly rewarding even across colossal ideological divides In 2020 they launched the Civility Project with journalist and author Lynne Golodner beginning their journey to teach Americans how to engage in respectful dialogue and maintain relationships despite political differences The Civility Book is an extension of that mission offering practical tools and strategies for fostering civility in everyday interactions At the core of this work the authors position their four pillars of civility to explain what civility is why it matters and how individuals can use it to overcome the antagonistic rhetoric that threatens our society today one conversation at a time This conversational no nonsense guide provides valuable lessons a detailed curriculum probing questions for consideration and an extensive appendix of resources outlining ongoing efforts to curb unproductive contention and advance a more harmonious society

Poems on Civility S T Kimbrough, 2025-06-24 Although civility may sometimes have been viewed as formal politeness and courtesy in one s speech and behavior its meaning has become more complex in contemporary society It certainly still has to do with how we speak and act but these are overlaid with political and partisan meanings and a variety of media and social media options Poems on Civility says nothing new about diverse types of civility or lack of them however it accentuates many emphases related to civility with words phrases images metaphors and similes that may help readers to think more vividly and act more intentionally to create a more civil society

The four sections follow a progression Civility Starts with You Civility Depends on You Civility Must Be Discussed and Civility Must Be Done Civility requires creative thinking and creative action Above all civility expects a just and equal regard of all human beings Recognition of wrong directed activities of leaders is one thing but civility must be thought through discussed and acted upon There is always the tendency of autocrats and anarchists to take away the rights of free speech and discussion If the art of listening carefully to one another is lost civility vanishes *Creating Space for Democracy* Timothy J. Shaffer, Nicholas V. Longo, 2023-07-03 We live in divisive and polarizing times often remaining in comfortable social bubbles and experiencing few genuine interactions with people who are different or with whom we disagree Stepping out and turning to one another is difficult but necessary For our democracy to thrive at a time when we face wicked problems that involve tough trade offs it is vital that all citizens participate fully in the process We need to learn to listen think and act with others to solve public problems This collaborative task begins with creating space for democracy This book provides a guide for doing so on campus through deliberation and dialogue At the most basic level this book describes collaborative and relational work to engage with others and co create meaning Specifically dialogue and deliberation are processes in which a diverse group of people moves toward making a collective decision on a difficult public issue This primer offers a blueprint for achieving the civic mission of higher education by incorporating dialogue and deliberation into learning at colleges and universities It opens by providing a conceptual framework with leading voices in the dialogue and deliberation field providing insights on issues pertinent to college campuses from free speech and academic freedom to neutrality and the role of deliberation in civic engagement Subsequent sections describe a diverse range of methods and approaches used by several organizations that pioneered and sustained deliberative practices outline some of the many ways in which educators and institutions are using dialogue and deliberation in curricular co curricular and community spaces including venues such as student centers academic libraries and residence halls All of the chapters including a Resource Section provide readers with a starting point for conceptualizing and implementing their own deliberation and dialogue initiatives This book intended for all educators who are concerned about democracy imparts the power and impact of public talk offers the insights and experiences of leading practitioners and provides the grounding to adopt or adapt the models in their own settings to create educative spaces and experiences that are humanizing authentic and productive It is an important resource for campus leaders student affairs practitioners librarians and centers of institutional diversity community engagement teaching excellence and service learning as well as faculty particularly those in the fields of communication studies education and political science A Co Publication with AAC U and Campus Compact **The Ethics of Personal Data Collection in International Relations** Colette Mazzucelli, James Felton Keith, C. Ann Hollifield, 2022-04-05 This volume s relevance may be explained first and foremost during a time of unprecedented loss of life around the world each day The data which is oftentimes incomplete and misleading nonetheless reveals the state as deficient as well as negligent in its response to social

healthcare needs This volume attests to the fact that pressing global public health concerns are ever present as subjects of societal discourse and debate in developed and developing states Moreover the COVID 19 pandemic makes the omission of the ethics of personal data collection analysis in the international relations literature even more salient given the rise of contact tracing and increased uses of mobile phone Apps to track citizens by states and firms across the globe as this volume's chapters analyzing the responses to COVID 19 in Iran and Taiwan explain Geographies of Gender-Based Violence

Settle,2022 It s December 4th nearly a month after a contentious election and Joe is just beginning a typical Thursday Living in a big city means he can take public transit to work and that s what he s doing at 8 37 this morning Climbing into the bus he quickly scans the open seats and chooses to sit next to a woman holding a backpack in her lap that appears to be blissfully free of

political buttons and patches As he settles in for the 12 minute ride he pulls out his copy of the local newspaper but before he even cracks it open his seatmate pipes up with a snarky comment about the legitimacy of the election results Joe feels trapped his heart is racing and his palms feel sweaty He instantly regrets his decision to read the paper instead of listening to a podcast where his headphones could shield him from the unwanted political commentary of others He thinks it would be rude to get up and move away but the last thing he wants to do before his first cup of coffee is have a debate about the election He attempts a throwaway comment to derail the conversation and buries his nose in the paper hoping his seatmate will take the hint
