Historical Dictionary Of The 1960s:

Historical Dictionary of the 1960s James S. Olson, 1999-12-30 Few eras in U S history have begun with more optimistic promise and ended in more pessimistic despair than the 1960s When JFK became president in 1960 the U S was the hope of the world Ten years later American power abroad seemed wasted in the jungles of Indochina and critics at home cast doubt on whether the U S was really the land of the free and the home of the brave This book takes an encyclopedic look at the decade at the individuals who shaped the era the civil rights movement the antiwar movement the women s movement and the youth rebellion It covers the political military social cultural religious economic and diplomatic topics that made the 1960s a unique decade in U S history Historical Dictionary of the 1950s Bloomsbury Publishing, 2000-07-30 Today Americans look back nostalgically at the 1950s an era when television and rock and roll revolutionized popular culture and Vietnam race riots drug abuse and protest movements were still in the future With homes in the suburbs new automobiles and the latest electrical gadgets many Americans believed they were the most prosperous people on earth Yet the era was tainted by the fear of thermonuclear war with the Soviet Union deepening racial tensions and discontent with rigid roles for women and the demands of corporate conformity A sense of rebellion had begun to brew behind the facade It manifested itself in rock and roll the budding civil rights movement and the appearance of a youth culture eventually exploding in the 1960s Providing a comprehensive overview this book includes entries on the prominent people major events issues scandals ideas popular culture and court cases of the decade that gave rise to the tensions of the 1960s *Historical Dictionary of Nepal* Nanda R. Shrestha, Keshav Bhattarai, 2017-02-08 Nepal is a living example of contrasts and contradictions It is a country that was born in medieval times grew up in the 16th century and now finds itself engulfed in the high tech gadgets and material marvels of the 21st century Nepal has its share of problem which include inadequate economic development and social infrastructure poverty and corruption plus worsening pollution but now it finally has relative peace and quiet after a hasty Maoist uprising Indeed it has passed through several democratic elections and finally seems to be getting on the right track This second edition of *Historical Dictionary of Nepal* contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Nepal **Reference Sources in History** Ronald H. Historical Dictionary of the Great Depression,

1929-1940 James S. Olson, 2001-09-30 Today when most Americans think of the Great Depression they imagine desperate hoboes riding the rails in search of work unemployed men selling pencils to indifferent crowds bootleggers hustling illegal booze to secrecy shrouded speakeasies FDR smiling or Judy Garland skipping along the yellow brick road Hard times have become an abstraction But there was a time when economic suffering was real when hunger stalked the land and Americans tried to forget their troubles in movie theaters or in front of a radio From the stock market crash of October 1929 to Germany's invasion of Norway France and the Low Countries in 1940 the Great Depression blanketed the world economy Its impact was particularly deep and direct in the United States This was the era when the federal government became a major player in the national economy and Americans bestowed the responsibility for maintaining full employment and stable prices on Congress and the White House making the Depression years a major watershed in U S history In more than 500 essays this book provides a ready reference to those hard times covering the diplomacy popular culture intellectual life economic problems public policy issues and prominent individuals of the era

Mass Mobilization in the Democratic Republic of Vietnam, 1945-1960 Alec Holcombe,2020-08-31 Immediately after its founding by H Ch Minh in September 1945 the Democratic Republic of Vietnam DRV faced challenges from rival Vietnamese political organizations and from a France determined to rebuild her empire after the humiliations of WWII H with strategic genius courageous maneuver and good fortune was able to delay full scale war with France for sixteen months in the northern half of the country This was enough time for his Communist Party under the cover of its Vietminh front organization to neutralize domestic rivals and install the rough framework of an independent state That fledgling state became a weapon of war when the DRV and France finally came to blows in Hanoi during December of 1946 marking the

official beginning of the First Indochina War With few economic resources at their disposal H and his comrades needed to mobilize an enormous and free contribution in manpower and rice from DRV controlled regions Extracting that contribution during the war s early days was primarily a matter of patriotic exhortation By the early 1950s however the infusion of weapons from the United States the Soviet Union and China had turned the Indochina conflict into a total war Hunger exhaustion and violence along with the conflict s growing political complexity challenged the DRV leaders mobilization efforts forcing patriotic appeals to be supplemented with coercion and terror This trend reached its revolutionary climax in late 1952 when H under strong pressure from Stalin and Mao agreed to carry out radical land reform in DRV controlled areas of northern Vietnam The regime s 1954 victory over the French at i n Bi n Ph the return of peace and the division of the country into North and South did not slow this process of socialist transformation Over the next six years 1954 1960 the DRV s Communist leaders raced through land reform and agricultural collectivization with a relentless sense of urgency Mass Mobilization in the Democratic Republic of Vietnam 1945 1960 explores the way the exigencies of war the dreams of Marxist Leninist ideology and the pressures of the Cold War environment combined with pride and patriotism to drive totalitarian state formation in northern Vietnam

The Global Cold War on Campus Kyara Anne Klausmann, 2023-11-06 How and why did students

at Kabul University engage in political activism or refrained from it between 1964 and 1992 Based on oral history interviews with former students this book reveals how they as many others around the world at the same time were galvanized by and disappointed with promises of progress dominating local and international politics During the 1960s the international influences on campus encouraged students engagement with competing political ideologies Collective student protest against the monarchy turned into hostilities between opposing political groups within the student body claiming to lead Afghanistan towards independence and prosperity After the coup d tat by the People s Democratic Party of Afghanistan PDPA in 1978 none of the ideologies which had previously incited students provided hope for a better future anymore Many students who had fought for the PDPA earlier were repelled by the government s violence and those who stood up against the regime were persecuted and fled the country Overall the dynamics of political activism at Kabul University reflect the deep intertwinement of the Global Cold War and local struggles for inclusion and independence

Decolonisation and Regional Geopolitics Lazlo Passemiers, 2019-03-11 Decolonisation and Regional Geopolitics argues that as much as the Congo crisis 1960 1965 was a Cold War battleground so too was it a battleground for Southern Africa s decolonisation This book provides a transnational history of African decolonisation apartheid diplomacy and Southern African nationalist movements It answers three central questions First what was the nature of South African involvement in the Congo crisis Second what was the rationale for this involvement Third how did South Africans perceive the crisis Innovatively the book shifts the focus on the Congo crisis away from Cold War intervention and centres it around African decolonisation and regional geopolitics African States and Rulers, 3d ed.
