Historicising Gender and Sexuality Kevin P. Murphy, Jennifer M. Spear, 2011-09-07 *Historicising Gender and Sexuality* features a diverse collection of essays that shed new light on the historical intersections between gender and sexuality across time and space. Demonstrates both the particularities of specific formulations of gender and sexuality and the nature of the relationship between the categories themselves. Presents evidence that careful and contextualised analysis of the shifting relationship of gender and sexuality illuminates broader historical processes.

Historicising the Women's Liberation Movement in the Western World Laurel Forster, Sue Bruley, 2019-07-09 The Women's Liberation Movement (WLM) of the late 1960s, 1970s and 1980s emerged out of a particular set of economic and social circumstances in which women were unequally treated in the home, the workplace and in culture and wider society. As part of the WLM, women collected together in disparate groups and contexts to express their dissatisfaction with their role and position in society, making their concerns apparent through consciousness raising and activism. This important time in women's history is revisited in this collection, which looks afresh at the diversity of the movement and the ways in which feminism of the time might be reconsidered and historicised. The contributions here cover a range of important issues including feminist art, local activism, class distinction, racial politics, perceptions of motherhood, girls' education, feminist print cultures, the recovery of feminist histories and feminist heritage, and they span personal and political concerns in Britain, Canada and the United States. Each contributor considers the impact of the WLM in a different context, reflecting the variety of issues faced by women and helping us to understand the problems of the second wave. This book broadens our understanding of the impact and the implication of the WLM, explores the dynamism of women's activism and radicalism and acknowledges the significance of this movement to ongoing contemporary feminisms. The chapters in this book were originally published as a special issue of *Women's History Review*.

Sexuality in China Howard Chiang, 2018-06-15 What was sex like in China from imperial times through the post-Mao era? The answer depends of course on who was having sex, where they were located in time and place and what kind of familial, social and political structures they participated in. This collection offers a variety of perspectives by addressing diverse topics such as polygamy, pornography, free love, eugenics, sexology, crimes of passion, homosexuality, intersexuality, transsexuality, masculine anxiety, sex work and HIV/AIDS. Following a loose chronological sequence, the chapters examine revealing historical moments in which human desire and power dynamics came into play. Collectively, the contributors undertake a necessary historiographic intervention by reconsidering Western categorizations and exploring Chinese understandings of sexuality and erotic orientation.

How to Do the History of Homosexuality David M. Halperin, 2002 In this work David Halperin revisits and re examines the argument he set forth in One hundred years of homosexuality the idea that both hetero and homo sexuality are not biologically determined but instead socially constructed

Warped: Gay Normality and Queer Anti-Capitalism Peter Drucker, 2015-02-04 Recent victories for LGBT rights especially the spread of same sex marriage have gone faster than most

people imagined possible Yet the accompanying rise of gay normality has been disconcerting for activists with radical sympathies Global in scope and drawing on a wide range of feminist anti racist and queer scholarship and analysis Warped Gay Normality and Queer Anti Capitalism shows how the successive same sex formations of the past century and a half corresponding to different phases of capitalist development have led both to the emergence of today s homonormativity and homonationalism and to ongoing queer resistance The book s second half summarises different sexual rebellions and the queer dimension of multifarious movements for social justice and transformation seeing in them harbingers of a unified and powerful queer anti capitalism

Historicizing Lifestyle David Bell, 2016-04-22 Lifestyles have a history and lifestyle media is fundamentally implicated in this history This original volume examines issues of taste media and lifestyle from the 1900s to 1970s providing a wealth of empirical evidence and debate from varied international perspectives Including examples as diverse as Good Housekeeping and Playboy it explores the continuities and discontinuities between the past and present to provide a better understanding of the representation of lifestyle and its relationship to the self The volume demonstrates how ideas about gender nation and race problematize taken for granted assumptions about lifestyle with particular emphasis on the new middle classes in the US The book also examines the role of advertising and marketing in mediating ideas about lifestyle the role of material culture in the construction of cultural hierarchies and the positioning of social groups within wider cartographies of taste The volume makes a significant contribution to this growing field and will interest academics and students in media and cultural studies communication studies cultural history and sociology

Scarlet and Black Beatrice J. Adams, 2016-12-20 The 250th anniversary of the founding of Rutgers University is a perfect moment for the Rutgers community to reconcile its past and acknowledge its role in the enslavement and debasement of African Americans and the disfranchisement and elimination of

Native American people and culture Scarlet and Black documents the history of Rutgers's connection to slavery which was neither casual nor accidental nor unusual Like most early American colleges Rutgers depended on slaves to build its campuses and serve its students and faculty it depended on the sale of black people to fund its very existence Men like John Henry Livingston Rutgers president from 1810 1824 the Reverend Philip Milledoler president of Rutgers from 1824 1840 Henry Rutgers trustee after whom the college is named and Theodore Frelinghuysen Rutgers's seventh president were among the most ardent anti abolitionists in the mid Atlantic Scarlet and black are the colors Rutgers University uses to represent itself to the nation and world They are the colors the athletes compete in the graduates and administrators wear on celebratory occasions and the colors that distinguish Rutgers from every other university in the United States This book however uses these colors to signify something else the blood that was spilled on the banks of the Raritan River by those dispossessed of their land and the bodies that labored unpaid and in bondage so that Rutgers could be built and sustained The contributors to this volume offer this history as a usable one not to tear down or weaken this very renowned robust and growing institution but to strengthen it and help direct its course for the future The work of the Committee on Enslaved and Disenfranchised Population in Rutgers History Visit the project's website at <http://scarletandblack.rutgers.edu>

Historicizing Post-Discourses Tanya Ann Kennedy, 2017-02-02 Examines how postfeminism and postracialism intersect to perpetuate systemic injustice in the United States *Historicizing Post Discourses* explores how postfeminism and postracialism intersect in dominant narratives of triumphalism white male crisis neoliberal and colonial feminism and multiculturalism to perpetuate systemic injustice in America By examining various locations within popular culture including television shows such as *Mad Men* and *The Wire* books such as *The Help* and *Lean In* as well as Hollywood films fan forums political blogs and presidential speeches Tanya Ann Kennedy demonstrates the dominance of postfeminism and postracialism in US culture In addition she shows how post discourses create affective communities through their engineering of the history of both race and gender justice This book makes a welcome contribution to both feminist media studies and critical race studies by addressing a crucial and often overlooked discursive intersection of contemporary cultural life where postfeminism meets postracial discourse The scholarship is conceptually sophisticated critically informed and intellectually robust Hannah Hamad author of *Postfeminism and Paternity in Contemporary U S Film Framing Fatherhood* *The Liberal Arts and Management Education* Stefano Harney, Howard Thomas, 2020-01-30 Advocates for integrating liberal arts with management in a new undergraduate curriculum blending technical and analytic acumen with creativity critical thinking and ethical intelligence *Imperial Gallows* Stacey Hynd, 2023-11-02 Not just a method of crime control or individual punishment in Britain's African territories the death penalty was an integral aspect of colonial networks of power and violence *Imperial Gallows* analyses capital trials from Kenya Nyasaland and the Gold Coast to explore the social tensions that fueled murder among colonised populations and how colonial legal cultures and landscapes of political authority shaped sentencing and

mercy It demonstrates how ideas of race ethnicity gender and civilization could both spare and condemn Africans convicted of murder in colonial courts and also how Africans could either appropriate or resist such colonial legal discourses in their trials and petitions In this book Stacey Hynd follows the whole process of capital punishment from the identification of a murder victim to trial and conviction through the process of mercy and sentencing onto death row and execution The scandals that erupted over the death penalty from botched executions and moral panics over ritual murder to the hanging of anti colonial rebels for terrorist and emergency offences provide significant insights into the shifting moral and political economies of colonial violence This monograph contextualises the death penalty within the wider penal systems and coercive networks of British colonial Africa to highlight the shifting targets of the imperial gallows against rebels robbers or domestic murderers Imperial Gallows demonstrates that while hangings were key elements of colonial iconography in British Africa symbolically loaded events that demonstrated imperial power and authority they also reveal the limits of that power

Historicizing Modernists Matthew Feldman, Anna Svendsen, Erik Tønning, 2021-06-17 Focussing upon both canonical figures such as Woolf Eliot Pound and Stein and emergent themes such as Christian modernism intermedial modernism queer Harlem Renaissance this volume brings together previously unseen materials from various archives to bear upon cutting edge interpretation of modernism It provides an overview of approaches to modernism via the employment of various types of primary source material correspondence manuscripts and drafts memoirs and production notes reading notes and marginalia and all manner of useful contextualising sources like news reports or judicial records While having much to say to literary criticism more broadly this volume is closely focused upon key modernist figures and emergent themes in light of the discipline's archival turn termed in a unifying introduction archivalism An essential ingredient separating the above recent tendency from a much older and better established new historicism in modernist studies at least is that the literary canon remains an important starting point Whereas new historicism is interested in history as represented and recorded in written documents and tends toward a parallel study of literature and non literary texts archival criticism tends toward recognised oftentimes canonical or critically lauded writers presented in Part 1 Sidestepping the vicissitudes of canon formation manuscript scholars tend to gravitate toward leading modernist authors James Joyce Ezra Pound Virginia Woolf Gertrude Stein T S Eliot and Samuel Beckett Part of the reason is obvious known authors frequently leave behind sizeable literary estates which are then acquired by research centres A second section then applies the same empirical methodology to key or emergent themes in the study of modernism including queer modernism spatial modernism little magazines and online finding aids structuring them and the role of faith and or emotions in the construction of modernism as we know it

Playing Cleopatra Holly Grout, 2024-02-07 Questions about the meaning of womanhood and femininity loomed large in late nineteenth and early twentieth century French culture In *Playing Cleopatra* Holly Grout uses the theater specifically Parisian stage performances of the Egyptian queen Cleopatra by Sarah Bernhardt Colette and Josephine Baker to explore

these cultural and political debates How and why did portrayals of Cleopatra influence French attitudes regarding race sexuality and gender To what extent did Bernhardt Colette and Baker manipulate the image of Cleopatra to challenge social norms and to generate new models of womanhood Why was Cleopatra an ancient mythologized queen the chosen vehicle for these spectacular expressions of modern womanhood In the context of late nineteenth century Egyptomania Cleopatra s eroticized image as well as her controversial legacy of female empowerment resonated in new ways with a French public engaged in reassessing feminine sexuality racialized beauty and national identity By playing Cleopatra Bernhardt Colette and Baker did more than personify a character they embodied the myriad ways in which celebrity was racialized gendered and commoditized and they generated a model of female stardom that set the stage for twentieth century celebrity long before the Hollywood machine s mass manufacture of stars At the same time these women engaged with broader debates regarding the meaning of womanhood celebrity and Frenchness in the tumultuous decades before World War II Drawing on plays periodicals autobiographies personal letters memoirs novels works of art and legislation Playing Cleopatra contributes to a growing body of literature that examines how individuals subverted the prevailing gender norms that governed relations between the sexes in liberal democratic regimes By offering employment visibility and notoriety the theater provided an especially empowering world for women in which the roles they played both reflected and challenged contemporary cultural currents Through the various iterations in which Bernhardt Colette and Baker played Cleopatra they not only resurrected an ancient queen but also appropriated her mystique to construct new narratives of womanhood

Phenomenal Gender Ephraim Das Janssen, 2017-09-11 A philosophical examination of gender through the scope of phenomenology Just what is gender and what can be expected of it when dealing with identity justice and equality Ephraim Das Janssen uses a phenomenological approach to challenge and dismantle the way gender is currently understood Janssen questions ideas that have formerly been taken for granted as individuals did during the Civil Rights movement the women s movement and the LGBT rights movement In so doing he recasts the moral debate about gender and grounds his analysis in observable aspects such as clothing and social roles and how these can imply transgression and questioning Janssen shakes the very core of gender through a deep engagement with Being and the structures that confine our contemporary notions Original in its reach and ambitious in scope this book is poised to make an important contribution to Heidegger studies to phenomenologies of the body and to transgender studies Gayle Salamon author of *Assuming a Body*

Historicizing the Enlightenment, Volume 1 Michael McKeon, 2023-07-14 This book historicizes the British Enlightenment 1650 1800 as the beginning of the modern world by reconstructing what it was like to live through the emergence of concepts and practices that have come to define the character of daily existence

Postcolonial Denmark Lars Jensen, 2018-06-28 This book adopts a global approach to analysing Danish nationhood in the current context of a Europe paralysed by crises Focusing on the global strands which have produced understandings of national selfhood as a consequence of a series of historical and contemporary global

encounters it calls for the production of narratives which better capture how European nations including Denmark are shaped by narratives that cannot be understood in national isolation but are contingent on ideas about the nation's globality. In historical terms this entails examining how colonialism shaped national self-perceptions in a contemporary context; it requires looking at colonialism's unfinished business. The first chapters revisit colonialism throughout the Danish empire. In the second section the book revisits Danish post-1945 attempts to restage global interventions and military intervention since 2000 and considers how migration since 1965 has led to a profound questioning of relationships with the non-European world and increasingly with Europe itself. Postcolonial Denmark situates Denmark at the centre of a number of current and ever more urgent challenges facing Europe. As such it will appeal to scholars of sociology, political science and cultural studies with interests in Europe, the Nordic region through a postcolonial, a whiteness and a decolonial inspired approach.

Cultural Diversity in the British Middle Ages J. Cohen, 2008-08-04 Through close readings of both familiar and obscure medieval texts the contributors to this volume attempt to read England as a singularly powerful entity within a vast geopolitical network. This capacious world can be glimpsed in the cultural flows connecting the Normans of Sicily with the rulers of England or Chaucer with legends arriving from Bohemia. It can also be seen in surprising places in literature as when green children are discovered in twelfth-century Yorkshire or when Welsh animals begin to speak of the long history of their land's colonization. The contributors to this volume seek moments of cultural admixture and heterogeneity within texts that have often been assumed to belong to a single national canon, discovering moments when familiar and bounded space erupt into unexpected diversity and infinite realms.
