The Church of Scotland Pearson M'Adam Muir, 2015-07-12 Excerpt from The Church of Scotland A Sketch of Its History This Sketch of the History of the Church of Scotland is the first of a series which with the sanction of the General Assembly the Committee on Christian Life and Work propose to issue in the hope that they will be used in Guilds and Bible Classes Mr M Adam Muir has done his work with care and we believe with success The Committee are much indebted to him for the promptness with which he has responded to their call He has brought great pains to his difficult task and with firm though light hand has striven to assign to men and things their true place in the chequered history of the Scottish Church The Manual gives to young people an amount of information which they can find nowhere else It does not come into competition with any others A H Charteris Convener of the Committee on Christian Life and Work Oct 20 1890 Preface To Second Edition The favourable notices by reviewers of the First Edition and the rapid sale of 5000 copies have already justified the high expectations with which the Committee issued this book The present reissue will doubtless meet with an equally favourable reception Mr Muir's ungrudging work and high ability have well deserved the success which in name of the Committee I gladly acknowledge About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *History of the Scottish Church, Vol. 2 (Classic Reprint)* W. Stephen, 2016-09-15 Excerpt from History of the Scottish Church Vol 2 The author has much reason to be gratified with the criticisms of the press on the first volume of his history His statement in the preface that he did not profess to be colourless in his opinions was interpreted by some critics as an admission that he had written in the spirit and with the design of a partisan He submits that the words were susceptible of a different interpretation The writer of Church history who is aware of his own bias in things ecclesiastical is the more likely to be on his guard against it and to steer an even course between divergent lines of historical representation This has been his honest endeavour in the second volume as in the first But as the modern period now brought under review bristles with controversial matter over which historians have disputed from the Reformation downwards he has no very sanguine expectation that his treatment of it will escape the charge of partisanship from extreme men of any school To succeed in satisfying such as are themselves partisans would assuredly be the clearest proof of partisanship The author desires to express his obligations to the Rev George Sutherland Portsoy the Rev J C Barry About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally

(Classic Reprint) Herbert Mortimer Luckock,2015-07-04 Excerpt from The Church in Scotland The history of the Scottish Church at least of particular periods has been often written and with much detail it has been more often written indirectly in histories of the nation for in few countries has the life of the people been so closely interwoven with that of the Church One fact alone will express the extent of the connection before the Reformation it was calculated that almost half of the wealth of Scotland was in the hands of ecclesiastics As far as we know there are only two popular histories of the Church embracing the whole length of its existence in use and favour at the present time one by an Episcopalian Professor Grub in four volumes the other in two by a Presbyterian Dr John Cunningham When asked to write the history in one volume I came to the conclusion that it would be more useful as it has certainly been more interesting to write at greater length upon the most salient points and eventful epochs than to give the bare outlines of a continuous history About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **History of**

MacLauchlan,2015-07-11 Excerpt from The Early Scottish Church The Ecclesiastical History of Scotland From the First to the Twelfth Century This volume is the result of an effort to fill up a blank in the Ecclesiastical History of Scotland Monographs exist on periods and persons introduced throughout it and also brief sketches of the period in works on Scottish Church History preparatory to the history of more recent and more prominent events but no work exists whose sole object is to present the reader with a consecutive and connected view of the period embraced This was to be regretted considering the importance of the events recorded and their influence upon the future state of the Church in Scotland Inferences not borne out by historical facts were drawn from assumptions regarding the early Church by parties of various and even of contending views and antiquity was cited in support of conclusions which in reality derived no aid from its testimony The author has endeavoured to collect his facts from the most trustworthy sources linking them in a continuous narrative Although these sources are few yet when the straggling rays are gathered together it is wonderful how much light they afford Impartiality has been earnestly studied throughout the writer having but one object in view the discovery of truth in questions of national interest About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **The Faith of a Quaker (Classic Reprint)** John William

A History of the Church in Scotland, Vol. 1 (Classic Reprint) Alex; R. Macewen,2016-06-16 Excerpt from A History of the Church in Scotland Vol 1 This volume records the history of the Church in Scotland from its beginnings to the stage marked by the assassination of Cardinal Beaton on the eve of the Reformation With regard to a considerable part of the ground covered the indulgence due to pioneer work may reasonably be claimed During the past fifty years so much light has been cast on the Celtic period by scholarly research and upon the Medieval period by the publication of documents that the history of the Church in these periods has been written with little assistance from existing Church Histories Grubs Ecclesiastical History of Scotland was published in 1861 Cunningham s Church History of Scotland appeared in 1859 and the second edition issued in 1882 was in the main a reproduction of the first All students will acknowledge that narratives written at those dates require to be rewritten and that estimates which then seemed adequate must be reconsidered The compensation for such work lies in the hope that some events and changes which half a century ago were obscure and almost unintelligible may be brought for the reader as they have been for the writer within the region of clear history The need of presenting facts now ascertained with sufficient detail makes it impossible to discuss fully topics of which some readers may expect special treatment topics such as Church architecture Church music and Canon law In Scotland Church life and national life have been so closely connected that reference must frequently be made to Political Histories About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Church of Scotland, Past and Present Robert Herbert Story,2018-05-05 Excerpt from The Church of Scotland Past and Present Its History Its Relation to the Law and the State Its Doctrine Ritual Discipline and Patrimony A brighter day had at length dawned upon

Cunningham,2018-01-30 Excerpt from The Church History of Scotland From the Commencement of the Christian Era to the Present Century Vol 1 of 2 Our best Scottish Ecclesiastical Histories are confined to particular periods Indeed so far as I know there is not one which will conduct the student from the epoch of Christianity to the day in which he lives This is the task I have undertaken but in traversing this long tract of time I have naturally lingered longest on those periods which are either most interesting or most instructive About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Cunningham,2016-10-16 Excerpt from The Secret of Progress Buckle¹ regarded it as clear that militarism and high intellectual development were not compatible till recently many people were prepared to believe that warfare was alien to the interest of civilised peoples and could only occur among half civilised or backward races But this war has shown that these hopes were vain and that the last result of civilisation was not to render war impossible but to give the means of carrying it out on a vastly extended scale The increase of knowledge and of power over nature and the sense of the benefits of intercourse and inter communication have not sufficed to give us any immunity from war About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **History of the Catholic Church of Scotland, Vol. 1 of 4** Alphons Bellesheim,2017-04-13 Excerpt from History of the Catholic Church of Scotland Vol 1 of 4 From the Introduction of Christianity to the Present Day The volumes now offered to the public have no pretensions to challenge competition with those masters of literary style Their claim to favour rests upon the fact that they profess to lay before the reader a faithful picture of the progress and development of the Catholic religion in Scotland About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *The History of the Church of Scotland, Vol. 1* Thomas Stephen,2018-02-02 Excerpt from The History of the Church of Scotland Vol 1 From the Reformation to the Present Time IN submitting to the public a new history of the ecclesiastical affairs of Scotland it will perhaps displease some readers to find in the contents of this volume so much that is Opposed to the opinions and representations of other historians of the period

embraced therein but facts have been honestly detailed as they have been vouched for by the contemporary authors on both sides of politics The episcopalian Spottis wood and the presbyterian Calderwood correspond exactly in their accounts of the most material facts although they differ most essentially in their opinions and in their deductions from the same premises Facts however are stubborn things and cannot without detriment to truth be turned and moulded to suit peculiar or sectarian views The truth or history has been strictly adhered to without respect of persons quotations have not been garbled nor have either friends or adversaries been designedly misrepresented Such disingenuousness was foreign to the principles on which this work was written for if an account shall be demanded at the day of judgment for every idle word that we speak how much stricter will the scrutiny be into those falsehoods or wilful misrepresentations which we may commit to writing About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Epistles from Perpetua Catherine Halsall,2025-08-08 Who doesn't sometimes encounter problems in their prayer life Who doesn't find it difficult to set aside time to pray regularly Who has difficulty finding the right words to express their needs How can our God answer so many prayers from Christians all over the world reaching out continuously over time Epistles from Perpetua attempts to answer some of these queries using examples of people throughout history who have wrestled with their close communication with a heavenly Father Praise and gratitude will bring all to the foot of the Cross to seek and find the healing gifts of comfort consolation and compassion

The History of the Church of Scotland, Vol. 3 Thomas Stephen,2018-01-21 Excerpt from The History of the Church of Scotland Vol 3 From the Reformation to the Present Time MY lord I have not been able to write to your grace since I received your letter but I hope the despatches which the king sent down by my brother will please you better than any thing that I could have written seeing you will see that notwithstanding of all the lies with which the faction was entertained in Scotland his majesty has made it appear to all the kingdom that he will not countenance such who did so openly attempt against his authority and against the Articles 1 which is one of the bestowers in his crown of Scotland You will also have seen how that after the settling of the new commission of council his first commands were to suppress those scandalous and seditious conventicles which were I am sure too much countenanced by some whose duty should have obliged them to suppress them And I hope the privy council as now it is constituted will vigorously obey the king's commands and not make remonstrances against them nor neglect the king's orders which are so much in pursuance of the law and so necessary for the peace and honour of the kingdom Great endeavours have been used of late to alarm all England with the fears of a present rebellion in Scotland but I hope when those in authority

shall do their duty those seditious practices will quickly vanish and whoever will be slack in that duty the king will let him know how much he re sents it About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
