History Papaer 1 Exemplar 2014 Memo:

Cache Valley Aquifer Storage and Recovery Paul Inkenbrandt, 2015-01-01 The City of Millville located in a prime location for aquifer storage and recovery ASR is having issues with elevated nitrate in the Glenridge well a public water supply sourced from the Cache Valley principal aquifer To alleviate high nitrate the city performed an initial injection and pumping test using the Glenridge well Millville injected water from Garr Spring another public water supply source of which they own water rights into the Glenridge well for one week at a rate of 500 gallons per minute They then pumped the well while monitoring geochemistry to determine the effects on the Cache Valley principal aquifer system The pre injection nitrate concentration in the Glenridge well was 7 65 mg l nitrate as nitrogen and the nitrate concentration after pumping more than 172% of the volume of water injected was 6 52 mg l nitrate as nitrogen There is likely some dispersion of the injected spring water via advection in the aquifer

Contesting Zion Adrian Ciani, 2025-08-17 The modern relationship between the Vatican and the State of Israel is rooted in a long history of hostility between Judaism and Roman Catholicism Through the centuries popes and theologians marginalized the Jewish people assigning them collective guilt for the death of Jesus Christ and claiming that the sacred territory of Palestine was the true patrimony of the Roman Catholic Church With the advent of political Zionism in the nineteenth century Catholic fears of a Jewish dominated Palestine were renewed Contesting Zion examines the relationship between the Vatican and the Zionist movement from the Balfour Declaration in 1917 to the first decade of Israeli statehood Adrian Ciani considers the transnational nature of Catholic responses to Zionism and the creation of Israel with a focus on the Catholic Church in the United States From the 1920s through the 1950s American Catholic leaders became crucial intermediaries between Washington and the Vatican Speaking as both loyal American citizens and devout Catholics they were uniquely positioned to articulate the Vatican's policy objectives to the American government including on the future of Palestine American Catholics were also instrumental in advocating the church's Palestine policy at the United Nations playing a central role in the Holy See's attempts to shape the twentieth century international order From the 1920s through the 1960s Contesting Zion argues convincingly American Catholics were at the forefront of the Vatican's efforts to sway the fate of Palestine and to influence the future of the wider region
