History Without The Boring Bits:

History Without the Boring Bits Ian Crofton, 2013-09-03 Conventional chronologies of world history concentrate on the reigns of kings and queens the dates of battles and treaties the publication dates of great books the completion of famous buildings the deaths of iconic figures and the years of major discoveries But there are other more interesting stories to tell stories that don't usually get into the history books but which can nevertheless bring the past vividly and excitingly to life Imagine a history lesson that spares you the details of such seminal events as the 11th century papal imperial conflict that fails to say much at all about the 1815 Congress of Vienna and that neglects entirely to mention the world changing moment that was the 1521 Diet of Worms Imagine instead a book that tells you the date of the ancient Roman law that made it legal to break wind at banquets the name of the defunct medieval pope whose putrefying corpse was subjected to the humiliation of a trial before a court of law the identity of the priapic monarch who sired more bastards than any other king of England and last but not least the date of the demise in London of the first goat to have circumnavigated the globe twice Imagine a book crammed with such deliciously disposable information and you have History without the Boring Bits By turns bizarre surprising trivial and enlightening History without the Boring Bits offers rich pickings for the browser and entertainment and inspiration aplenty for those who have grown weary of more conventional works of history **History Without The Boring**

Bits Packages, 2000-05-24 **Scottish History Without the Boring Bits** Ian Crofton, 2015-05-14 This is the story of Scotland as it's never been told before From the 4th millennium BC when the first Scot was expelled from Eden right up to the 21st century when US intelligence identified a distillery on Islay as a possible threat to world peace Ian Crofton presents a host of little known tales that you won't find in conventional history books Packed with fascinating facts and extraordinary events Scottish History Without the Boring Bits also includes some remarkable personalities such as the duke who ate his own fingers the poet who sought inspiration from a tooth the vampire hunting children of the Gorbals and the MP accused of stealing his ex mistress's knickers **Legendary Locals of the Pine Barrens of New Jersey** Karen F. Riley and Andrew Gioulis, Foreword by Peter H. Stemmer, 2013 Our country's first national reserve the Pine Barrens harbors a wonderful secret unknown to most outsiders This 1.1 million acre treasure trove of pitch pine and sugar sand is home to many rare species and almost 17 trillion gallons of the purest water on earth It was in this forest that men like Leland Champion logged trees and built sawmills It was along these waterways that craftsmen like Gary Giberson made prized decoys And it was in these woods that Stanley Switlik built a tower from which Amelia Earhart jumped testing his parachute so it could be used in World War II These woods yielded inventors whose products we enjoy today cultivated blueberries cranberry sauce and Welch's grape juice It was here that Bob Buchanan reached for the mooring lines as the Hindenburg ended its final fated voyage And it was here in Buzby's General Store that John McPhee penned his classic book The Pine Barrens setting into
