Contemporary Italian Narrative and 1970s Terrorism David Ward,2017-02-13 This book is about literary representations of the both left and right wing Italian terrorism of the 1970s by contemporary Italian authors In offering detailed analyses of the many contemporary novels that have terrorism in either their foreground or background it offers a take on postmodern narrative practices that is alternative to and more positive than the highly critical assessment of Italian

postmodernism that has characterized some sectors of current Italian literary criticism It explores how contemporary Italian writers have developed narrative strategies that enable them to represent the fraught experience of Italian terrorism in the 1970s In its conclusions the book suggests that to meet the challenge of representation posed by terrorism fiction rather than fact is the writer s best friend and most effective tool
