of the book's innovations is to brand Los Angeles as the alchemical city. Earth became real estate when the Yankees took control in the nineteenth century. Fire fueled the city's early explosive growth as the Southland's oil fields supplied the inexhaustible demands of drivers and their cars. Air defined the area from WWII to the end of the Cold War with aeronautics and aerospace dominating the region's industries. Water is now the key element and Southern California's ports are the largest in the western hemisphere. What alchemists identify as the ethereal fifth element or quintessence, this book positions as the glamour of Hollywood, a spell that sustains the city but also needs to be broken in order to understand Los Angeles now. Lunenfeld weaves together the city's art, architecture, and design, juxtaposes its entertainment and literary histories, and moves from restaurant kitchens to recording studios to ultra-secret research and development labs. In the process, he reimagines Los Angeles as simultaneously an exemplar and cautionary tale for the 21st century.

Eat What You Love--Everyday! Marlene Koch, 2014-04-22 QVC regular and best-selling author of *Eat What You Love* presents 200 light and tasty recipes that are low in fat, calories, and sugar, and offers restaurant menu item makeovers, dishes for special occasions, and gluten-free options.
