Woldendorp, 2020-10-30 This book analyses the role of the national state as organiser of its territory and governor of its infrastructure since it emerged in the 19th Century It presents a cross time analysis of eight emerging democratic states during the transport revolution focussing on railway systems The book explores how the intervention state regulated society in Europe and Australia since the Industrial Revolution The authors conclude that these state capacities are still governing the public domain also at the level of the EU

The New Volumes of the Encyclopaedia Britannica, 1902 **The New Volumes of the Encyclopaedia Britannica**, 1902 **A history of surgery** D. de Moulin, 2012-12-06 Surgery as a medical discipline has from its beginnings appealed to the imagination of many It is therefore not surprising to find that its colourful past has induced quite a few authors to take up their pens The truth of this in the Netherlands is witnessed by a number of dissertations and monographs and especially by the numerous articles related to the history of surgery which have appeared in the medical weekly *Nederlands Tijdschrift voor Geneeskunde* particularly during the two decades preceding the Second World War The memorial volume published in 1977 by the Nederlandse Vereniging voor Heelkunde Association of Surgeons of the Netherlands has thoroughly covered the history of Dutch surgery since the turn of the century but a chronological survey of the earlier events which led to these modern achievements is still wanting This book has been written with a view to meeting this need In it Dutch surgery has by no means been taken as an isolated phenomenon but considered in its context with European surgery as a whole Foreign influences on the on surgery abroad are discussed Netherlands and conversely Dutch influences whilst contemporary medical

thinking is set against a cultural and political back ground It is hoped that this approach will allow the book to exceed the narrow boundaries of campanilismo and make it of interest to non Dutch readers as well **Wetenschappelijke bladen**,1860 **Johan Rudolf Thorbecke** Karsien Hendrik Boersema,2024-11-04 Nieuwsblad Voor Den Boekhandel ,1891
