*Healthy Eating and Lifestyle Plan for Vegetarians*

Kayla Itsines,2017 I believe that healthy eating is essential for everyone I also believe that people have the right to choice when it comes to the food they eat While I myself am not a vegetarian it is my mission to help girls obtain adequate amounts of macronutrients and micronutrients while being able to fit in within their chosen dietary choices This is why I have created this Nutrition Healthy Eating and Lifestyle Plan H E L P for Vegetarians Within this eBook I have made reference to and

based my recommendations on three of the more common types of vegetarianism Both myself and the Accredited Practising Dietitians of NPA Pty Ltd Nutrition Professionals Australia acknowledge that there are certain nutrients that are more difficult to obtain when following a vegetarian diet For this reason I have highlighted these and provided recommendations as to how to meet the required daily intake I will begin by saying that being vegetarian means different things to different people It is difficult to define Because of this I will highlight that there is not one meal plan or set of recommendations that will fit all individuals who have adopted this lifestyle For this reason I have provided you with four example menus to suit those following a pescatarian diet four example menus to suit those following a lacto ovo vegetarian diet and six example menus for those following a vegan diet As following a vegetarian diet restricts or removes foods from one or more food groups it is important that you liaise regularly with your doctor for regular check ups to ensure that you are in good health
