Kdd Overcoming Massive Data Streams For Intelligence Tasks:

KDD - Overcoming Massive Data Streams for Intelligence Tasks, 2006 Actually very interesting IT systems promise to reveal connections between apparently harmless and unrelated information pieces An article from the New York Times in February 2006 makes clear that common data mining techniques were not successful in general Despite huge investments correlating data from different sources did not yield satisfactory results Transforming low level data by aggregation to meaningful events is nevertheless the key to building the basis for succeeding decisions in the context of situation reports More realistic and manageable is an approach that includes interactions with the user along with domain specific knowledge Gaining security relevant messages should be based on an iterative multi level process This process represents the core element of intelligence analysis systems which play an important role for supporting decisions in management information systems The following example illustrates the principal automated process for discovering communication structures in the context of radio reconnaissance A crucial part of this process is the analysis and visualisation of communication structures or more generally of network information This should be embedded in spatio temporal data analysis with geo oriented data access and the integration of domain specific analysis functions The intelligent analysis of radio emission data is based on data mining techniques cluster visualisations to validate the results a model based communication detection including domain specific knowledge and the visualisation of communications The following use case of a simple simplex communication clarifies the problems and the applied methods Module coupling is realised by a distributed architecture Given are a huge amount of radio emissions which are arbitrarily distributed Each emission is described by the attributes ID frequency modulation type starting time end time latitude and longitude

Artificial Intelligence, Machine Learning and User Interface Design Abhijit Banubakode, Sunita Dhotre, Chhaya S. Gosavi, G. S. Mate, Nuzhat Faiz Shaikh, Sandhya Arora, 2024-05-10 Artificial Intelligence Machine Learning and User Interface Design is a forward thinking compilation of reviews that explores the intersection of Artificial Intelligence AI Machine Learning ML and User Interface UI design The book showcases recent advancements emerging trends and the transformative impact of these technologies on digital experiences and technologies The editors have compiled 14 multidisciplinary topics contributed by over 40 experts covering foundational concepts of AI and ML and progressing through intricate discussions on recent algorithms and models Case studies and practical applications illuminate theoretical concepts providing readers with actionable insights From neural network architectures to intuitive interface prototypes the book covers the entire spectrum ensuring a holistic understanding of the interplay between these domains Use cases of AI and ML highlighted in the book include categorization and management of waste taste perception of tea bird species identification content based image retrieval natural language processing code clone detection knowledge representation tourism recommendation systems and solid waste management Advances in Artificial Intelligence Machine Learning and User Interface Design aims to inform a diverse readership including

computer science students AI and ML software engineers UI UX designers researchers and tech enthusiasts **Artificial Intelligence Paradigms for Smart Cyber-Physical Systems** Luhach, Ashish Kumar, Elçi, Atilla, 2020-11-13 Cyber physical systems CPS have emerged as a unifying name for systems where cyber parts i e the computing and communication parts and physical parts are tightly integrated both in design and during operation Such systems use computations and communication deeply embedded in and interacting with human physical processes as well as augmenting existing and adding new capabilities As such CPS is an integration of computation networking and physical processes Embedded computers and networks monitor and control the physical processes with feedback loops where physical processes affect computations and vice versa The economic and societal potential of such systems is vastly greater than what has been realized and major investments are being made worldwide to develop the technology Artificial Intelligence Paradigms for Smart Cyber Physical Systems focuses on the recent advances in Artificial intelligence based approaches towards affecting secure cyber physical systems This book presents investigations on state of the art research issues applications and achievements in the field of computational intelligence paradigms for CPS Covering topics that include autonomous systems access control machine learning and intrusion detection and prevention systems this book is ideally designed for engineers industry professionals practitioners scientists managers students academicians and researchers seeking current research on artificial intelligence and cyber physical systems **Proceedings of International Conference on Advanced Communications and Machine Intelligence** Rajkumar Buyya, Sudip Misra, Yiu-Wing Leung, Ayan Mondal, 2023-07-25 This book presents high quality peer reviewed papers from International Conference on Advanced Communications and Machine Intelligence MICA 2022 organised by M Kumarasamy College of Engineering Chennai Tamil Nadu India during 9 11 December 2022 The book includes all areas of advanced communications and machine intelligence The topics covered are network performance analysis data mining and warehousing parallel and distributed networks computational intelligence smart city applications big data analytics Internet of Things networks information management and wireless sensor networks The book is useful for academicians scientists researchers from industry research scholars and students working in these areas *Transparency in Social Media* Sorin Adam Matei, Martha G.
