

# OPERATION

## KNOW YOUR EDGER

READ THE OWNER'S MANUAL AND ALL SAFETY RULES BEFORE YOU OPERATE the Edger. To familiarize yourself with the location of the controls, compare the illustrations with your Edger. **Save this manual for future reference.**

**Throttle Control** – Controls the engine speed.

**Primer Button** – Injects fuel directly into the carburetor for faster starts.

**Clutch Lever** – Use to start and stop the blade and control the depth of cut.

**Adjustable Rear Wheel** – Right rear wheel is adjustable to level the Edger when edging along a curb (curb-hopping).

**Adjustable Front Wheel** – Front wheel is adjustable from side-to-side for balance.

The front wheel can also be adjusted down for curb-hopping.

**Recoil Starter Handle** – The engine is equipped with an easy pull recoil starter.

**Blade Guard** – Use to prevent stones or other material from being thrown at the operator.

**Index Lever** – Permits adjustment from the edging (vertical) position to the trimming (horizontal) position. To change position, pull the index lever and rotate the quill assembly to the desired angle or position.

## EYE PROTECTION

Always wear safety glasses. If you wear eye glasses, put a Wide Vision Safety Mask over your eye glasses.

**WARNING:** Debris thrown from the Edger can result in foreign objects being thrown into the eyes, which can cause severe eye damage. Always wear safety glasses or eye shields when operating the Edger.
