Human Development Report 2009 Overcoming Barriers Human Mobility And Development:

Human Development Report 2009 United Nations Development Programme (UNDP),2009-10-05 Migration both behind and beyond borders has become an increasingly prominent issue in domestic and international debates The HDR09 proposes to address this theme exploring how the movement of people can expand human capabilities and entitlements and how to address the underlying inequalities and distortions which limit the potential gains Human Development Report 2009 United Nations,2009-10-31 For many people around the world moving away from their home town or village can be the best sometimes the only option open to improve their life chances The report explores how better policies towards mobility can enhance human development It traces the contours of human movement who moves where when and why and argues for practical measures that can improve prospects on arrival which in turn will have large benefits both for destination communities and for places of origin The report fixes human development firmly on the agenda of policy makers who seek the best outcomes from increasingly complex patterns of human movement worldwide *Summary,2009 Globalization and Its Impact on Violence Against Vulnerable Groups* Boskovic, Milica S.,2019-08-16 Violence is most common when there is a power disparity between two groups of people and those with less power are far more likely to become the victim in a violent situation Environment has as much influence on whether or not violence will occur as the person or people involved and this relationship has drawn the attention of researchers worldwide *Globalization and Its Impact on Violence Against Vulnerable Groups* is an essential source that provides research that delves deeply into occurrences of violence and the environmental and personal influences that lead to violence in order to better understand and prevent it from happening Featuring a wide range of topics such as e blackmail human displacement and psychology this book is ideal for criminologists law enforcement psychologists therapists academicians sociologists anthropologists government officials researchers and students **Advancing the Human Right to Health** José M. Zuniga,Stephen P. Marks,Lawrence O. Gostin,2013-07-04 *Advancing the Human Right to Health* offers a prospective on the global response to one of the greatest moral legal and public health challenges of the 21st century achieving the human right to health as enshrined in the Universal Declaration of Human Rights UDHR and other legal instruments Featuring writings by global thought leaders in the world of health human rights the book brings clarity to many of the complex clinical ethical economic legal and socio cultural questions raised by injury disease and deeper determinants of health such as poverty Much more than a primer on the right to health this book features an examination of profound inequalities in health which have resulted in millions of people condemned to unnecessary suffering and hastened deaths In so doing it provides a thoughtful account of the right to health s parameters strategies on ways in which to achieve it and discussion of why it is so essential in a 21st century context Country specific case studies provide context for analysing the right to health and assessing whether and to what extent this right has influenced critical decision making that makes a difference in people s lives Thematic chapters also look at the specific

challenges involved in translating the right to health into action Advancing the Human Right to Health highlights the urgency to build upon the progress made in securing the right to health for all offering a timely reminder that all stakeholders must redouble their efforts to advance the human right to health **Resisting Economic Globalization D.**

Schneiderman,2013-05-15 There is at present much disenchantment with the rules governing international investment Conceived as a set of disciplines establishing thresholds of tolerable state behaviour dissatisfaction has precipitated acts of resistance in various parts of the world Resisting Economic Globalization explores the magnitude of the legal constraints imposed by these rules and institutions associated with the worldwide spread of neoliberalism Much contemporary theorizing has given up on national states as a locus for countering the harmful effects of economic globalization Though states provide critical supports to the construction and ongoing maintenance of transnational legal constraints David Schneiderman argues that states remain crucial sites for resisting even rolling back investment law disciplines Structured as a series of encounters with selected critical theorists the book contrasts theoretical diagnoses with recent episodes of resistance impeding investment law edicts This novel approach tests contemporary hypotheses offered by leading political and legal theorists about the nature of power and the role of states and social movements in facilitating and undoing neoliberalism s legal edifices As a consequence the foundations of transnational legality become more apparent and the mechanisms for change more transparent *Strengthening Governance Globally* Barry B. Hughes,Devin K. Joshi,Jonathan D. Moyer,Timothy D.

Sisk,Jose Roberto Solorzano,2015-11-17 Strengthening Governance Globally is the fifth volume in the series Patterns of Potential Human Progress Each volume considers one key aspect of how development unfolds globally and how better to move it in desired directions This volume identifies the provision of security the building of government capacity and the broadening of inclusion of governance on which high income countries have traditionally made long historical transitions In contrast many developing countries today struggle with all three governance transition dimensions simultaneously Strengthening Governance Globally uses the growing empirical database on governance variables to understand historical change *Citizenship, Belonging and Intergenerational Relations in African Migration* C. Attias-Donfut,J. Cook,J. Hoffman,L.

Waite,2012-05-15 This book explores migration experiences of African families across two generations in Britain France and South Africa Global processes of African migration are investigated and the lived experiences of African migrants are explored in areas such as citizenship belonging intergenerational transmission work and social mobility Emigration and Political Development Jonathon W. Moses,2011-09-26 While policy makers international organizations and academics are increasingly aware of the economic effects of emigration the potential political effects remain understudied This book maps the nature of the relationship that links emigration and political development Jonathon W Moses explores the nature of political development arguing that emigration influences political development In particular he introduces a new cross national database of annual emigration rates and analyzes specific cases of international emigration and out migration within

countries under varying political and economic contexts

Ethiopian Labour Migration to the Gulf and South Africa

Kefale, Asnake,Mohammed, Zerihun,2016-05-11 The major objective of the research is to produce evidence based knowledge on the social and economic impacts of labour migration by looking at the challenges and opportunities of Ethiopian labour migration to the Gulf and South Africa On the one hand international migration from Ethiopia could be considered as an aspect of development problem The major push factors that forces Ethiopian migrants to the Gulf and South Africa are economic developmental problems ranging from lack of employment opportunities to wage differentials On the other hand international migration could be considered as an important resource that could be tapped for accelerating socio economic development At the general level this research aims to examine the successes and failures of policies and institutions in realising the potentials of international migration for socio economic development of the country and minimizing its adverse impacts At the same time the growing problem of illegal migration will be examined

South America and Peace Operations Kai Michael Kenkel,2013-07-18

This volume is the first English language work to focus specifically on South America in the context of peace operations The region of South America has been undergoing significant changes recently with regard to its attitudes towards participation in peace operations Leaving behind a strong reluctance with regard to intervention the states have recently taken on a much stronger presence among UN peacekeepers The foremost showcase of this more robust and responsible stance has been MINUSTAH the current UN mission in Haiti

South American contributors provide over half the operation s troops and the Force Commander is provided by Brazil This book is intended as an introduction for researchers to the nexus of issues surrounding South America s increasing influence as a contributor to peace operations The authors provide the reader with a historically and theoretically grounded understanding of what motivates defence policy and decisions on intervention in the region Featuring contributions from prominent thinkers in the field and a broad range of case studies this volume successfully combines practical applicability with diversity of analysis This book will be of much interest to students of peacekeeping South American politics peace and conflict studies security studies and International Relations in general

Albania on the Move Julie Vullnetari,2012 This academic and personal journey into Albania s post communist society examines the links between internal and international migration in one of Europe s poorest countries The author follows rural migrants to urban destination both within Albania and in neighboring Greece Their lives and experiences are captured in 150 interviews alongside group discussions and the ethnographic observations This rich empirical material is analysed with reference to an extensive body of literature The author s own experience as migrant and reflections as a researcher studying her own communities of origin add valuable insights The result is a demonstration of the complexity of the links between internal and international migration especially from a development perspective back cover

Education and the Requirements of GCC Labor Market The Emirates Center for Strategic Studies and Research,2010-09-28 The GCC countries today face a gap between educational output and labor market requirements These countries enjoy substantial incomes and therefore spend generously on education resulting in impressive levels of educational penetration among their populations within only a few decades and have also achieved admirable levels of gender equality across the various stages of the education system Yet returns on investment in education in the GCC countries are low The proposed solution has been to re create the experiences of other countries in developing their education systems and to encourage foreign universities and institutions to become established in the region measures which have thus far proven inadequate in addressing the GCC s educational deficiencies To discuss the relationship between

education and the labor market in the Arabian Gulf the Emirates Center for Strategic Studies and Research ECSSR convened its 15th Annual Conference under the title Education and the Requirements of the GCC Labor Market on February 13 2010 in Abu Dhabi UAE hosting a group of distinguished experts from various academic and professional backgrounds This book comprises a collection of the papers presented at the conference and as such provides a scholarly examination of the scale of the current dilemma methods with which to monitor its indicators such as population growth rates the spread of education foreign labor force concerns and unemployment variables of education labor market dynamics in an international context and case studies of the relationship between education and the labor market in selected GCC countries including a review of the various related strategies and policies adopted by these countries particularly those concerned with labor force nationalization and encouraging greater integration of citizens into the private sector

Corruption as an Empty Signifier Lucy Koechlin, 2013-05-23 Corruption as an Empty Signifier critically explores the ways in which corruption in Africa has been equated with African politics and political order and offers a novel approach to understanding corruption as a potentially emancipatory discourse of political transformation

Politics in Africa Nana Poku, Anna Mdee, 2014-08-14 Democracy prosperity and self rule this was the vision of African independence Across the continent however the optimism that characterized the immediate post independence period has largely faded Meanwhile ordinary Africans lurch between undemocratic unaccountable and unresponsive governments and a decaying traditional African past How did things go so wrong Why has the continent lagged behind others in economic development despite its potential natural resources Why are so many African states prone to conflict And why has democracy been slow to take root in a majority of the countries Covering everything from African economies to the role of the state rural livelihoods to issues of gender Politics in Africa offers a fresh perspective in answering these questions making the continent's problems more understandable less wretched and even intensely hopeful Up to date concise and provocative this is indispensable reading for anyone interested in African politics

Handbook on the Governance and Politics of Migration Emma Carmel, Katharina Lenner, Regine Paul, 2021-04-30 This innovative Handbook sets out a conceptual and analytical framework for the critical appraisal of migration governance Global and interdisciplinary in scope the chapters are organised across six key themes conceptual debates categorisations of migration governance regimes processes spaces of migration governance and mobilisations around it
